

TRANSITS AND ASPECTS *“I Study Myself”*

Astrologers study the relationships of the planets and their cycles in time. These relationships are determined by the measure of the geometric angles in one's natal chart and secondary progressed chart.

During this intermediate level class, students will learn how to identify and track the various transits and aspects which bring life to the numerous cycles within one's lifetime. These dynamic cycles, when studied provide a depth and richness to one's journey of SELF DISCOVERY.
