AAGA Refund Policy

Effective 3/2019

Full refund of tuition will be given for canceled registration prior to the first day of a new session. Once a session has begun, refunds will only be given to those gymnasts that cannot finish a session for medical reasons, and only with a doctor's note. In this instance a pro-rated refund will be given based on the number of classes remaining in the session. If you are given a refund for medical reasons, AAGA reserves the right to fill your spot in class with a gymnast from our waiting list.
