Visual Artist

SHAHRAZAD'S STORIES

How do migrants artists in Scandinavia, see their home land, through their artistic works? And, is the impact of the brutal conflicts, which they been through, are still entrenched in their minds ? and what about the rich culture of each of them in their homeland? The Iraqi memory has precious culture, that made it great references for the Iraqi Artist. However, three Iraqi Artists who are belong to the same culture and who lived the same difficult circumstances, are together again in Scandinavia, presenting an aesthetically visual arts in diferent techniques, to come up with many questions and answers, at the same time they explane the difficulties of being an immigrant, and how the Iraqi Artists deal in a country who have different envirenments and different culture
