

This will be your unique event experience. A customized proposal will be made for you.

You tell us your vision and we build your event. Event pricing follows the desires of your day. We offer all ranges from unlimited full service to budgeted cost conscious and options in the middle. See some packages on our page as a guideline for where pricing begins.

We specialize in catering events. You will enjoy quality, locally sourced, handcrafted foods and our attendance to details. We create the event you desire that you and all of your guests enjoy!

Our meats are sourced locally from our family meat shop at Whiting Family Foods. For example, we make our Stuffed Pork Loins and Stuffed Chicken Breasts; they do not come from a box!

We use real potatoes and make homemade gravy and au jus!

We serve unique and delicious items, such as our signature bacon lollipops using award winning bacon direct from the meat shoppe smokehouse and fresh local cheese!

Enjoy delicious menu items suited to your appetite. We offer so much more than the average and can accommodate several food sensitivities.

Experience our wide selection of display ware and food artistry creating the atmosphere you crave. From elegant glassware and silver in an assortment of styles, to rustic wood, baskets & metal-ware, your food will be not just delicious but also artistically displayed.
