

Nutritional Guarantee

Because we believe so strongly that nutrition plays a very big part in the health of an animal, we are offering a *Eight Year Replacement Puppy Guarantee. Should you choose this, the guarantee stipulates that the puppy must be fed "Life Abundance Nutritional System" which includes food and supplements for their entire lifetime. The reason we have chosen to offer this option to our guarantee, is because so many dogs and cats are acquiring serious life threatening health risks through poor diet and vitamin deficiency. We believe that these products provide the optimum nutritional benefits ensuring good health and longevity for the dog, which is why we are willing to stand behind this guarantee. If your Miniature American Shepherd does not reach at least eight (8) years of age, due to nutritional deficiencies, you will be eligible to get a free replacement puppy of equal value. Please note, this stands as long as Blue Moon Mini Shepherds is actively breeding MAS dogs.

In regards to hereditary defects, there are never any guarantees that a dog would be free of a genetic disorder from past generations. But since we may not know if there are any potential weaknesses in a dog, we believe that the diet and lack of vitamins can exasperate these conditions if found. Therefore by providing the dog with quality food and supplements, we are hoping to reduce the chance of these potential weaknesses from hindering their quality of life, should this ever occur.

*Eight Year Replacement Puppy Information: - this guarantee does not include the vet check, CERF exam, shots, worming, transportation, carrier, vet fees or any other fees incurred by the BUYER.
