

Doggie Dome Swim Spa, LLC

81 Tash Rd, New Durham NH 03855 603-859-7827

Rules

1. All dogs must remain on leash at all times except when the swim specialist removes it. He must be leashed again as soon as he comes out of the pool.
2. There will be no interacting with other dogs on the property. Please be respectful of other clients and their dogs. Some dogs have just had surgery and need to remain calm and under control.
3. Please make sure all dogs go potty before entering the pool area. Please clean up after your dog. A metal receptacle and bags are provided by the door. *** If your dog has a problem with incontinence of bowel or bladder, please stimulate him before entering the pool. To avoid accidents in the pool, if your dog is experiencing a temporary GI issue, please reschedule.

We strive to maintain a clean and healthy environment for our clients, their dogs, and the swim specialists in the water with them. Each time there is an obvious accident in the pool it is necessary to empty water from the pool and start all over again. This is expensive and the water takes quite a long time to come back to temperature. Please help us by being responsible for your dog.

4. Please be prompt. Being late only makes your time shorter. I cannot make up time. You will be charged the full amount.
5. Please do not open the door to the pool until I greet you there. There may be another dog in the pool and he deserves uninterrupted swim time. The client leaving will need to exit with their dog and allow them to potty before getting in their car. Please respect other clients by waiting in your car and leaving the way clear for them to exit.
6. Regular grooming of your dog will help decrease hair and dirt entering the pool. Please brush and bathe them and keep nails trimmed.
7. Please exit the dome as soon as your session has ended in case your dog needs to go potty.
8. Owners are not allowed in the pool. You may be asked to assist the dog onto the stairs, but not into the water.
9. Children are not allowed in the pool building. This facility is a dog only facility.
10. Please use courtesy and compassion in your interaction with other beings on this property. We strive to make this a safe and relaxing experience for all.
