---

## TEN COMMANDMENTS OF MUZZLELOADING

1. Always treat every gun as if it is loaded.
2. Use only black powder or replica black powder.
3. Be sure of your target before firing.
4. Be sure the ball is firmly seated on the powder charge before you pull the Trigger.
5. Treat a misfire or failure to fire with extreme care; keep muzzle pointed down range
6. Make sure your gun is unloaded before you store it.
7. Always store the gun, powder and caps in separate places.
8. Never climb or jump fences or other obstructions with a loaded gun in your hand.
9. Protect your eyes and ears while shooting.
10. Never drink alcoholic beverages prior to or during shooting and never smoke while loading, shooting or handling black powder propellants
