

Packages Shipped using FedEx and UPS are guaranteed to arrive on time or the customer is owed a 100% shipping refund.

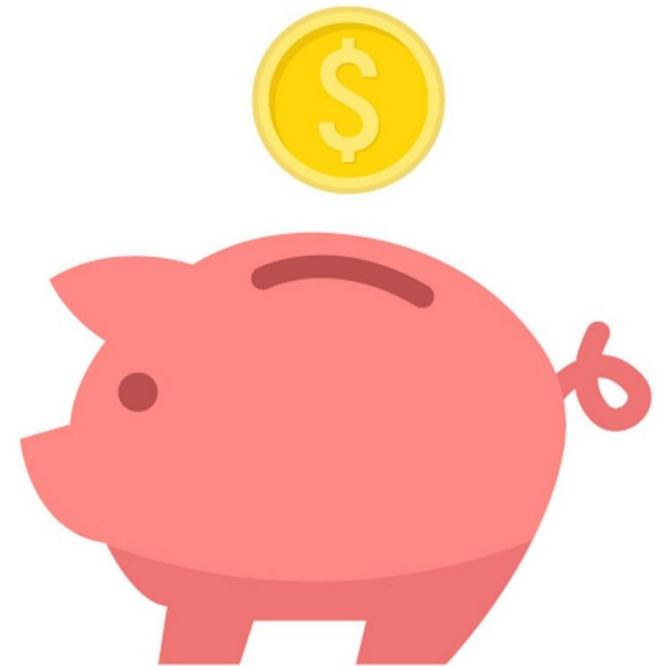

- Since 2005 RCS has offered an automated cloud-based refund recovery solution that credits your carrier accounts for late shipments.
- We manage the entire process, up-date weekly and credit your accounts directly.
- 100% hands off for the client, no resources needed and no software or hardware to install.

Our Process

- Sign up in 2-minutes
- No Risk, no commitment, no contracts, cancel anytime
- No up-front costs, fees or investment
- RCS is only paid after your carrier accounts are credited
- RCS is the simplest, most cost-effective method for decreasing shipping costs
- Average savings up to 7%

Cost Savings

- Fully managed dedicated servers running RAID-5 file systems with SSL encryption
