# **Friends for Fun, Safety and Knowledge**

## Chapter Director's Spiel

Hey, sure hope you've been able to keep comfortable in this unseasonably HOT weather ... what happened to Spring? Did we somehow miss it? Anyway, if you're out riding in it, please be careful and be safe, make sure you keep hydrated, and STILL, even though it is hot, wear your safety gear, hopefully you have a nice mesh jacket, and if so, you already know they help keep you cool, even though that sounds contradictory.

Well, after attending the May dinner ride Tuesday night, the 28<sup>th</sup> ... ON THE BIKE ... we are ready for some riding. We have some fun chapter rides ahead, plus some of our own rides planned to some GWRRA rallies around (Ohio, the Canadian Central and the Canadian Atlantic Districts, and the combined VT/NH, to mention a few), so we are ready to rumble! Hope you've been looking at the chapter Ride Calendar and picking out some of the planned rides for yourselves, the more the merrier, it is so much fun to go see some fun places and things with a bunch of your friends. If you have questions about any of the rides, please feel free to contact us, AND if you have any ideas about one of the ride, like you know just the PERFECT roads to use to get there, please share that info with us.

We had a fun time at the TN Spring Fling, lots of fun, played some games, visited the vendors, did some seminars (I even presented one), and we received some awards, during the rally I was presented with the 2019 1<sup>st</sup> Quarter Newsletter award, which I was thrilled to get, and as great as that was, it was eclipsed during the closing ceremonies when I was presented with the first "TN Newsletter of the Year" award, for 2018, what an honor.

Spring Fling was also a time of the "Changing of the Guard". At opening ceremonies, Gary & Patti Hamilton were presented with their "Senior" District Directors patch by Bob Shrader, Presidential Assistant, then at closing it was announced that they were stepping away and Dennis & Jan Peterson were sworn in as the new TN District Directors, our congratulations to them and we're looking forward to working with them and their Team. Gary & Patti did not stay as JAM-RAMs very long (Just A Member – Riding A Motorcycle), when Dennis announced his new District Team, Gary was announced as the new District Rider Education Coordinator, and Patti as the new District Newsletter Editor. There are many other changes in the Team members, and when the new District Website is developed, uploaded and announced, we will get the final information out to everyone.

Be safe, hope to see you at some chapter activity soon. Take care,

**Brian & Loretta Richards, TN-M Chapter Directors**

## Assistant Chapter Director

Hi, hope you're getting ready for a new year for fun with your fellow chapter friends.

Don't forget, weather changes quickly this time of year, so if you go on a ride, be prepared with the right clothes, for whatever weather you might encounter.

If you're planning on going for a ride, make sure you, your gear, and especially your ride, are all at their peak performance level and ready to get out there and have fun.

Ride Safe!

**James Whitener, TN-M Assistant Chapter Director**

## Acting Chapter Ride Coordinator

Well, I want to give credit and thanks to Mickey Turner, Chapter Ride Coordinator for TN-Q, Clarksville, who gave me permission to reprint his article from the TN-Q June newsletter, I thought it was a very good article, and if you are doing any work on your bike, possibly very timely and beneficial. Here is his article:

**ELECTRICAL SYSTEMS:** Sooner or later, you will need to find a failing component, a broken wire, or a short. Or, you will add a new device to your motorcycle and have to do some wiring. Consider the following:

- Just because the motorcycle uses a 12-volt battery does not mean that lethal voltages don't exist. Spark plug leads carry many thousands of volts. Stay away from them.
- The vast majority of "failures" can be fixed with the simple replacement of a fuse. If the failing fuse is not visibly burnt, it is often just fractured as a result of age.

- Crimp connectors are a NO-NO on motorcycles. Vibration and weathering will eventually make them fail. Solder all wire joints and use a piece of shrink-wrap tubing to finish the job.
  - Solid wires are a NO-NO on motorcycles. Vibration tends to fracture them. Use stranded wire. (It is a good idea to carry a length of stranded wire with you).
  - Many circuits contain solid state devices (transistors). These can be damaged if you use a test light on them. Instead, use a high impedance (10-meg or greater) digital multimeter to test voltage in these circuits.
  - Any connector that you can pull apart should be packed with dielectric grease when you put it back together. Dielectric grease is non-conductive. It is used to keep contacts within the connectors clean and protect them from corrosion. Connectors in a motorcycle’s charging system will melt and fail easily if those contacts are not perfectly maintained because the slightest increase in resistance will cause a huge amount of heat based on their large current loads.
  - Even with the master fuse pulled, there is one great danger that continues to exist in a motorcycle’s electric system—the starter solenoid. Since the current load necessary to turn the starter motor is so great, that circuit is not fused. If you happen to short the solenoid, your bike’s starter motor will engage.
  - Whenever adding something to your bike, use a separate fuse and circuit for it. Do not simply piggy-back on an existing circuit.
  - Whenever removing a battery, always disconnect the Negative terminal first. This ensures that there will not be a disaster should your screwdriver slip while disconnecting the positive terminal and hits bare metal.
  - If you smell gasoline, DO NOT work on electrical system.
- When working on your bike, a lot is learned by experience. Don’t make it a bad one.

As always, Ride Safe!

**Brian Richards, Acting TN-M Chapter Ride Coordinator**

### Chapter 2019 Couple of the Year

We haven’t done a lot of “COY” activities lately, due to Loretta’s surgery, but she is recovering fairly well, and we’ve even tried a short ride on the bike, which went well, so we will hopefully be able to get out-and-about soon. We want to try to visit some of the other chapters, attend some of their events, etc., and we hope that some of you might like to join us. The first one is Saturday, June 1<sup>st</sup>, to the TN-B Grill-Out and Poker Run.

Thinking about the Couple of the Year, and the TN Spring Fling, we attended the TN District Couple of the Year Selection at Spring Fling, unfortunately there was only one couple that elected to enter the process, but they still had to go through the expected, normal procedure, so we were able to see them “do their stuff”, and we are pleased to let you know that our friends Tom & Merrilee Peck, Senior Chapter Directors of TN-B, Knoxville, are the 2019-2020 TN District Couple of the Year, congratulations, and we hope you have a whole lot of fun in your upcoming year.

**Brian & Loretta Richards, TN-M 2019 Couple of the Year**

### Chapter Clothing/Flags & Hats

### “Thoughts and Prayers”

A speedy recovery for Loretta Richards from her arterial bypass surgery. And Loretta wants to send out her thanks for all the calls, cards and well wishes from the members, this is one of the great things about GWRRA, we really ARE one big family.

A speedy recovery to Tom Peck, TN-B's CD, he just had triple-bypass surgery and is still in the hospital.

## GWRRA News

Reprinted from the GWRRA “Insight” newsletter:

### Anita & JR Alkire President

#### Life Member, Gold Member, New Life Member, are you confused?

There is buzz going around about GWRRA's Life Member program and some of it is confusing and incorrect. That isn't surprising as sometimes we use terms and don't fully explain them. I'll give you an overview of the programs, so you are informed when a Member asks you about them.

Life Member is our original program. It started way back and it offered membership for free after you completed 20 years of consecutive, paid membership in GWRRA. Anyone who is referred to on the ARL (Area Membership Lists) as Life, or what we might call original Life, are Members who have accomplished this. This program ended in 2001.

The letter changing the delivery of services was recently sent to those in the Life Member category. The letter explained they will always be Life Members, but their magazine and future Gold Books will come to them electronically. Should they choose or want to get both in print, a \$30/year contribution was requested. If they only want the Gold Book in print, it's \$5/book requested. Some felt that the contribution was to maintain their Life Membership and that is incorrect. They will always be Life Members of GWRRA.

After a bit of a lapse, the Gold Member program was introduced. It allowed those with 10 years of membership already to buy the remaining years so they would become Gold Members. Gold Members had very similar benefits as the Life Member program. This program was run from about 2002/03 to 2007.

In 2007 the New Life Member Program was introduced that continues today. It contains similarities to the original Life Member program with a major exception, this group of New Life Members pay reduced dues. They still pay dues annually (or multi-years payments are accepted). Again, this program is in effect today. All Members who complete 20 consecutive years of paid membership in GWRRA since the original program ended, except those who took advantage of the Gold Program, are eligible to become New Life Members. It

happens right after you pay for the 20<sup>th</sup> year (yes it feels like you've paid for 21, but GWRRA works on anniversary years so you don't become 1 until you've completed your first year). That next day, we process a New Life Membership card and send you the patches and pins associated with Life Membership.

All these programs included reduced registration at Wing Ding and discounts at the GWRRA store and other opportunities.

I believe this helps in understanding our Life Member programs and gives you the tools you need to answer any questions. If you still have questions, email me.

## **Jere & Sherry Goodman** **Directors of GWRRA**

Sherry and I are looking forward to serving you, our Members, as we take on the role of Directors of GWRRA.

We live in Jackson, Missouri, and both ride GL1800 Trikes. I have been a Member for 26 years, and Sherry has been a Member for over 13 years. Together we have over 30 years of volunteer experience in this Association.

We look forward to meeting many of you as we attend rallies and especially at Wing Ding this year in Nashville, TN.

If we can be of assistance in helping to make your experience better, or if you would just like to

share your thoughts, please do not hesitate to contact us at [director@gwrro.org](mailto:director@gwrro.org).

## **Chapter Awards & Winners** **from the May Chapter Gathering**

### **STAR AWARD:**

Brian Richards, for winning the TN District "Newsletter of the Year" award for 2018, and also for winning the "2019 1<sup>st</sup> Quarter Newsletter" award.

### **WHOOPS AWARD:**

We were not able to find the actual award that we had been using, so it was decided to cancel those efforts and we are going to set up a new "Whoops Award", and Ken Gray has volunteered to donate one of his trophies and we will get a new plate made for it calling it the "Whoops Award", so we will once again have fun finding those members that make that "Whoops" action. So be watching for those Whoops events!

### **I'm proud to wear my TN-M Shirt!**

Bill Harnishfeger, not in attendance, money floats on to next month.

### **50 / 25-25**

## Chapter M "Out Having FUN!"

### May 28<sup>th</sup>, Dinner Ride

**Brian Richards**

Our May dinner ride was selected by Brian Richards, who had traded with Marlene Kinney as he was originally slated for August and he and Loretta will be at Wing Ding in Nashville. Thanks Marlene for helping out.

Brian arranged for our dinner to be at RJ's Courtyard in Alcoa. Although it was pretty warm (!?!?!), up around 93 degrees, several members met him and Loretta at the Walmart (and yes, we were on our motorcycle, Loretta decided to try it out to see if she could get on and off the bike okay with her leg still recovering from her surgery, which obvious she was), and we all rode, mostly back/secondary roads, except for a 4 mile stretch on I-140. Other members met us there at RJ's, in total we had a good-sized group, 15 of us, and I think we had a good time, based on comments I heard. We played "Quarters", and Burl was the lucky winner - something about the waitress forgetting to input his order (or did he bribe her??? HmMMMMM).

## Some "Fun" stuff to brighten your day

ONLY IN MERRY OLDE ENGLAND (actual trial)

A young woman who was several months pregnant boarded a bus. When she noticed a young man smiling at her she began feeling humiliated on account of her condition. She changed her seat and he seemed more amused. She moved again and then on her fourth move he burst out laughing.

She had him arrested and when the case came before the court, this was the man's reply when asked why he acted in such a manner: "When the lady boarded the bus I couldn't help noticing she was pregnant. She sat under an advertisement which read "Coming Soon The Gold Dust Twins"; then she moved under one that read "Sloan's Liniments remove Swelling". I was even more amused when she sat under a shaving advertisement which read "William Stick Did The Trick". Then I could not control myself any longer when on the fourth move she sat under an advertisement which read "Dunlop Rubber would have prevented this accident".

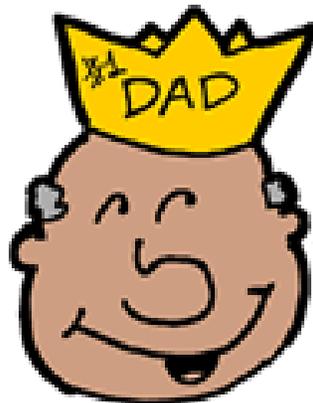

He won the case.
