Friends for Fun, Safety and Knowledge

Chapter Director's Spiel

Okay, are you keeping cool and dry? It's a little difficult with the way the weather has been. If you ARE getting out for some riding, we sincerely hope you are taking all the proper precautions, that your motorcycle has been checked out and is ready for the roads (especially, is the tread on those tires okay, if you get into some rain and wet roads), and you are dressed properly for whatever the weather dishes out.

Yes, you ARE receiving this newsletter a bit earlier than usual. My normal intention is to get it to you right before the month of the newsletter, so that any upcoming information for the month ahead is in your hands in time for you to plan accordingly.

Since we are about to leave for our extended trip to two Canadian and one New England rally in the next three weeks, I won't be home to work on the newsletter and get it sent out. Unfortunately, I do not have all the necessary email addresses stored in my cellphone to use while on the road (I might fill up the phone's storage area). So you get to enjoy what's going to be going on, a little early! ☺

One of the biggest things about the upcoming month is ... WING DING 41, in Nashville, TN. Are you registered yet? We hope we get a really good turnout, from all around the TN District as well as our own Lenoir City chapter. If you are planning on being there on Tuesday, Aug 27th, consider volunteering to help the TN District Team at the Pre-Registration area. If you want to help out, since we won't be home to consolidate the volunteers from TN-M to provide to Dennis & Jan Peterson, the TN District Directors, please send him an email to gwrattn.dd@gmail.com and let him know, and he will let you know if he still needs you, and where and when.

We've had some fun times this past month, see the articles below about some of the things the chapter has done. And we hope the participation continues, and we'd love to have you join us. If you have any ideas for something to do, and notice a time on the chapter Ride Calendar that is empty, why not contact us with your idea and we can see what we might be able to work out, other members might also enjoy your idea.

Be safe out there, and we hope to see you at something in the near future.

Brian & Loretta Richards, TN-M Chapter Directors

Assistant Chapter Director

Hi, hope you're getting ready for a new year for fun with your fellow chapter friends.

Don't forget, weather changes quickly this time of year, so if you go on a ride, be prepared with the right clothes, for whatever weather you might encounter.

If you're planning on going for a ride, make sure you, your gear, and especially your ride, are all at their peak performance level and ready to get out there and have fun.

Ride Safe!

James Whitener, TN-M Assistant Chapter Director

Chapter 2019 Couple of the Year

We are looking forward to attending three rallies in the next 3 weeks, The Canadian Central District Rally in Niagara-On-The-lake, The New England "Get Away Weekend" Rally in Rutland, Vermont, and the Canadian Atlantic District Rally in Yarmouth, Nova Scotia, and we intend to get involved with their Couples of the Year, do some promotion of our own, and have a whole bunch of fun.

Being our Chapter's Couple of the Year gives us the opportunity to talk about our chapter, and we get asked questions, what types of things does the chapter do, etc., so it is an opportunity to showcase our chapter, which is always nice.

We will report back on what we end up doing, once we get back home.

Brian & Loretta Richards, TN-M 2019 Couple of the Year

Chapter M "Out Having FUN!"

**July 06th "Mystery" Ride
Brian Richards**

We had a nice group for the "Mystery Ride" set up by Randy Kinney. We had 7 bikes, with 12 members, and it was a good group. We were led by Randy & Marlene Kinney, Mel McInerney and Burl McCammon came by themselves, Dennis & Tracy Worley joined us, Russ Wools and his friend Giselle (sp?) visiting from Maine, and our brand new members, Tim & Terry Rogers.

As we all knew, this was a mystery ride in that we had no idea where we were going. As we were all together at the Walmart parking lot talking, the potential weather was discussed. Randy said that he had been a little worried, his original plan was for some routes north of I-40, but he had seen reports that hinted it might be bad, but standing there and looking at the current radar, and reviewing the latest weather reports, it looked like we would be fine, so he went back to “Plan A”. He took us on some really enjoyable roads, all secondary roads, some with nice, flowing gentle curves to make it interesting.

At our first stop, a quick potty break, Dennis went up to the new members, and exclaimed “that’s our old bike”. It seems that the bike he traded in to Chattanooga for their new 2018 Gold Wing Tour DCT, was now in the possession of Tim & Terry. So they shared some background information. Wow, what a small world.

We ended up in Crossville for lunch at a place called “Spankies”, and the food was pretty good, from the comments I heard. It was a place Randy & Marlene had found when they did their research for this ride. After lunch, discussion was held about the obligatory stop for ice cream, and it was decided to ride to a DQ at the east end of Crossville.

Before we got to the DQ, Tim & Terry peeled off to head home, she had to be home earlier than they would have if they stuck with us, but the rest of us went on. After enjoying our ice cream, we hit 70 and headed towards home, with members peeling off as they got to a point that was convenient for them.

I don’t know about anyone else, but for us, including the ride from our home in Corryton, to the Walmart in Lenoir City, then back home, it was 268 miles, but it was a very enjoyable ride. And strangely enough, at least for us, it didn’t get uncomfortably hot until that last section of the ride, from Lenoir City onto I-40 and back to Corryton.

Randy & Marlene did a fantastic job planning, and leading, this ride, and I want to give them a really big “Thanks”, I know how much effort can be involved, and their work was greatly appreciated.

July 13th Riverboat Cruise
Brian Richards

We had a fun group for the riverboat cruise. There were 10 of us that got our reservations for taking the “Star of Knoxville – Riverboat Cruises”.

Five of us met up at the Walmart parking lot to ride together to the cruise’s parking lot, where the other 5 met us. Once we were all gathered together, we went in to the office, and got our tickets.

After waiting in line on the dock for the call to board, we just talked amongst ourselves. Once they started boarding, and the line started moving, you could feel the excitement in the air. We were on the upper deck, and when we got up there, we were told that other than a few other passengers, we just about had the whole upper deck to ourselves.

The day was slightly overcast, which actually worked in our favor, unlike the lower deck, which was enclosed and climate-controlled, the upper deck had an overhead awning but was open on the sides. That actually made it more enjoyable, as it was easier to enjoy the views, without walls and columns in the way, and with the overcast, and the slight breeze, it was actually fairly comfortable, not hot and uncomfortable like many of us were concerned about.

The food served was buffet style, and I was surprised as I thought it was really pretty good, and there was plenty. After everyone had had their fill of the entrée, they brought out a couple of bowls of dessert, a nice chocolate pudding with cookie crumbles on the top, and what I thought was supposed to be banana pudding, at least it was yellow in color and had Vanilla Wafers on the top. I heard comments that it wasn’t that good, but the chocolate was.

In the background, from the lower deck, was a lady singing with musical accompaniment, and she did a lot of good songs, 60’s and 70’s for the most part. It added a nice ambiance to the cruise.

There was quite a mix of views along the river, some typical river-side things, but other areas had some REALLY nice homes, definitely screaming of money. Some had such steep banks from the back of the house down to the river bank that I would not want to try to walk down or climb back up, but I guess I won’t have to worry about that! 😊

After cruising down the river for some distance, the paddle-wheel turned around and brought us back to the dock. Thinking we didn’t want to be stuck in the crowd, we lolly-gagged upstairs for a while, letting the majority of the other passengers disembark and “get out of our way” (especially their vehicles out of the parking lot, for those of us on our motorcycles). As we finally got off the boat and started walking to the parking lot, the threatened rain started to drip on us. Oh well, at least it wasn’t a downpour, just some sprinkles.

All-in-all, it was a nice day, and when I asked the question, all the replies I received was we all had a good time. We wished more of you would have had the opportunity to have joined us, it was a fun adventure.
