Chapter Z Senior Chapter Directors

August happenings,

Some of us visited Chapter E on the 9th. Troy finished some Spring Fling business by presenting Randy and Deloris Galloway their plaque for Chapter Directors of the Year. Congratulations Randy and Deloris !!

Our chapter gathering was on the same day. We had 2 plaques to give away, the Couple of the Year plaque and the Middle/West Tennessee Traveling plaque. We had a good crowd with members of Chapters A, E, H, N, and Y joining us. Visitation seems to be making a comeback. It's good to visit and fellowship with other chapters. We have made so many friends from across the country through our membership in GWRRA. That's what it's all about!

Chapter N's Couple of the Year captured the COY Plaque and Chapter E made their way back to Smyrna with the Middle /West Tennessee plaque in tow. Congratulations to both chapters.

We had a dinner ride to the Beacon Light Restaurant on the 16th. Charlie and Judy, James and Jerlene, Joe and Debra, Charlie and Pam, Herschel and Sherrie, Bill and Debbie had a nice ride and a good meal. Their claim to fame is their tea biscuits which are served with peach and strawberry preserves. The main meal was excellent as well. The evening was great for the bikes to be out.

On the 24th, we had a bike show as part of our fundraiser selling Belk Charity Day tickets. We tried to get all of the bang for our bucks that we could and made it a motor awareness and recruitment event as well. We have been partnering with Belk to sell tickets to their Charity Sale for 2 years now. Thanks to all who helped with the event. If you have ever put on a bike show or fundraiser, you know that there is a lot of work to it. Thanks to Charlie and Judy, Sherrie and Herschel, Tommy, James and Jerlene, Bill and Debbie, Larry, Chuck and Cindy, Steve, Bruce and Lynn for all of your help. You guys are the best !!!!

Herschel and Sherrie, Bill and Debbie, Charlie and Judy and Pam went to McAlister's Deli for a light lunch after we finished at Belk and then they all followed me home to help unload our equipment. Charlie Huffman was in Murfreesboro putting on a Medic First Aid/ CPR class for Chapter Y so he missed out on all of the fun. Sometimes there's just not enough Saturdays in the month for everything so we divide and conquer.

On the 26th, Bill and Debbie and I went to the Gaylord in Nashville to help with the preregistration for Wing Ding. We joined about 25 or 30 other Tennessee Goldwings to distribute packets to folks from around the world. I pulled packets from Australia, Canada, Denmark and all over the USA. We hope you all had a good time visiting Nashville. There were a lot of good guided rides across the area.

CHAPTER

Now that Wing Ding 41 is in the books, we can start planning for number 42 next year in Springfield MO on June 30 thru July 4 .

Ride, safe, ride often, ride!!!!

Charlie and Pam Huffman

Assistant Chapter

Directors

Hello Everyone,

Really not much to tell this month.

Tommy did attend the Bike show at Belk in Columbia. This was also Belk's charity event.

We've not done much due to health issues that occurred this month. We hope that we are on the mend. Hope to see everyone in September.

So all of us let's have fun, be safe and knowledgeable.

RIDE COORDINATORS

We have lots of opportunities this coming couple of months. Check out our calendar for specific dates and events. Be sure to plan for next week's ride to Rattlesnake Saloon (Sept 21st) for the all chapter ride. Charlie will lead and it always proves to be a great time and great food to boot. You will probably see some faces you haven't seen in a while. Pinewood Store and Kitchen and Miller's Grocery are always unique places

Friday the 13th

December has 3 Sundays,
3 Mondays
3 Tuesdays

According to the Farmers Almanac

It reports that this will be the first **full moon** visible across the U.S. on **Friday the 13th** since Oct. 13, 2000. The next one isn't expected to happen again for another 30 years---on August 13, 2049.

MONTHLY NOTES

September 2019- THE OLD FARMER'S ALMANAC

30 Days have September, April, June and November. All other months have 31 days, except February. It alone has 28 days, and 29, one year in four.

SEPTEMBER is our ninth month in the year. It was named from the Latin word "septem" because this had been the seventh month of the early Roman calendar.

The flowers for September: are the Aster, and Morning Glory.

The Birthstones: are the Sapphire, Agate, Moonstone, Lapis Lazuli, Diamond, and Chrsolite.

Colors for September s are: brown and deep blue.

Thoughts for September: shrewdness, love, and clear thinking.

September 2, Labor Day in the United States of America is a public holiday celebrated on the first Monday of September. It honors the American Labor Movement and the power of collective action by laborers, who are essential for the workings of society.

On September 5, 1882, 10,000 workers marched for labor rights down the streets of Manhattan, New York. Before that time the average American worked 12 hours a day, six days a week.

It wasn't until the Adamson Act passed on September 3, 1916 that our modern eight hour work day was established.

Fall - Autumn begins on September 23.

The weather in the month of September here in the Middle TN area is usually still hot for the most part. Especially in this year of 2019, September weather has been averaging in the 90's.

Fall is the major time of year for leaves changing color. What causes the leaves to change color? First of all, not all leaves turn vivid colors in the fall. Only a few of our many species of deciduous trees-notably maple, aspen, oak, and gum – produce stellar performances for our annual autumn spectacular in North America.

Several factors contribute to fall color, temperature, precipitation, and soil moisture. However, the main agent is light, or actually the lack of it. The amount of daylight relates to the timing of the autumnal equinox.

As the days grow shorter, the reduced light triggers chemical changes in deciduous plants. I guess you have noticed how much shorter the days have become in just the last few weeks.

The combination of reduced light, lack of nutrients, and no water add up to the death of the pigment

Once the green is gone, two other pigments show their bright faces. These pigments, carotene (yellow) and anthocyanin (red), exist in the leaf all summer but are masked by the chlorophyll. (the browns in autumn leaves are the result of tannin, a

chemical that exists in many leaves, especially oaks.)

Sugar trapped in autumn leaves is largely responsible for the vivid color. Some additional anthocyanins are also manufactured by sunlight acting on the trapped sugar. This is why the foliage is so sparkling after several bright fall days and more pastel during rainy spells.

THE COOKS CORNER

Sock it to me Cake

From Judy Morton

Mix Together: Box of Yellow Butter Cake Mix

4 Eggs

1 C. Sour Cream

1/3 C. oil

1/4 C. water

1/4 C. sugar

Mix together:

2 T. brown sugar

2 T. cinnamon

1 C. pecans

Mix these together. Pour 1/2 of your cake mix in bundt pan then sprinkle the brown sugar, cinnamon mixture on top. Then pour the other 1/2 of cake mix on top.

((If you prefer you can mix the pecans in the cake mix instead of the mixture that goes in the middle))

Bake on 350 for 33 to 43 minutes....Enjoy
