Directors Message for October

Here it is the first day of fall; at least that's what they say. You sure can't tell by the weather, it could be the first day of summer. I think if we just hold on for a little while we will find the cooler weather we need for good riding. I hope everyone has attended some rallies this summer. I know Jan and I have and we enjoyed every one of them. Jan and I have spent a lot of time traveling this summer visiting GWRRA rallies, Family, friends and chapters. We are going to try to get around to more chapters from now on. We did have plans before we started this job so we had to finish them, we have just a couple more then we can dedicate more time to visiting our chapters. We have met a lot of new friends this summer and we have learned a lot from most of them. I think we are better equipped to serve the district now. We have done a lot of talking about what we would like to accomplish for the district in the next year. I think right now what is most important is to try to grow our district. In the past couple years the Tennessee District has pretty much held its own as far as membership. That is a good thing not all districts have been able to accomplish that. In the next year I would like to see if we can increase our membership by at least ten percent. That would be around sixty five new members. I don't think that will be too difficult of a task. One thing we need is some good ideas on how to go about this, so what I would like is if you have an idea send it to me. That does not mean you will be tasked with that project we are just looking for ideas. A lot of folks think the reason we are pushing recruiting is to make more money for the association. That is not my goal. My goal is survival of a great motorcycle association, one that is fully invested in training, safety and family. I know one thing we have to do is get out in the local communities and let people know who we are and what we do. Some ways we can do this are set up a booth at community gatherings like fairs, and other festivals. If you have a couple motorcycles and a canopy with a table hand outs on you will get people to talk with, that's when you can tell them a little about what we do and how we ride. You may want your chapter scrap book on the table. I know there are

folks out there that are looking for people to ride with (I was one of them for a long time) then I found GWR-RA. When you talk to people about a motorcycle group they seldom think of a family orientated group. When I was looking for some folks to ride with I didn't want to participate in some of the clubs because they were not about safety, they were all about doing their own thing in a group which can lead to disaster on a ride. We need to spread the word about the type association we are and what our principles are. Chapter Directors, you can call National and request posters handle bar hangers and other types of material for recruiting. When you get the materials put them out and make sure folks will know how to get ahold of you if they are interested in joining. You don't have to restrict yourself to putting up posters and material at the Honda Shops. All brands are welcome so include other motor cycle shops also. Let's make this a year to spread the word and go outside of our organization and make some new friends and riding partners. I bet some of you were thinking I would not mention Group Works this month. Wrong: we are still working to get everyone signed in so when you get that next invitation to sign in give it a try. Every week more chapters and districts are starting to use it. It is a great way to communicate. If you are not signed in you are missing some good information. If you need help give me a call I don't know everything about it but I can help some and will get the information you need.

Dennis & Jan Peterson

TN District Directors

931-302-5283

Assistant District Director East TN

Richard and Connie Pendleton

First of all, we want to thank everyone for their prayers, cards and calls.

Hopefully Fall will soon arrive with great riding weather. In East Tennessee, we are still experiencing hot weather with no rain. Just remember, when the leaves do begin to fall, they can cause some treacherous driving and riding.

We just returned from "Wings Over The Smokies" which was held in Maggie Valley, N.C. This was a great Rally and great fellowship and lots of great rides in the mountains of Western North Carolina.

Who can believe that October is just around the corner!! We hope that everyone has a lot of treats this month, and very few tricks!!

Fun, Safety and Knowledge that is GWRRA Way

Richard and Connie Pendleton
Assistant District Directors

Tom and Merrilee Peck

2019 TN District Couple of the Year

The fall riding season is in full swing and we are enjoying our Chapter riding group more than ever. Seems like there is a new resurgence of some of our membership. I remember hearing an old quote, the older you get the better it gets. There are so many places to see in the east Tennessee area, seems like many of our new folks are bringing some new life to our chapter; not only do they bring enthusiasm and excitement, but some of their ride suggestions have introduced many of us to some great areas where we have never been. Any excuse to explore new and different places make for quite an enjoyable afternoon. A few health issues may slow us down a bit but it's always fun to catch up with all you miss and that includes the most exciting event of all, "Riding the Goldwing". Wing Ding was fun this year even though we didn't win another Goldwing. We worked the registration table and boy was that fun. We got to meet Gold wingers from all over the country. So many people and all enjoying one theme "The Goldwing". The day went fast, and it set the pace for the rest of the Convention. As always, its fun seeing all the old faces from Wing Dings of the past, of course the more Wing Dings you have attended the more friends you met over the years you run into. Interesting as you go up and down the aisles it always takes several days by the time you visit with old friends. Already looking forward to the 2020 season starting with one of the first rallies of the season, The Tennessee District rally. The "Hill Billy Hoe Down" will be here before you know it and now is the time to get reservations in and your room booked, check out the TN District web site at <http://www.gwrratn.org/> for registration forms and hotel locations. Still lots of good riding season left this upcoming fall season so take the time to do research on some of your local chapter rides and join them, a great opportunity to meet and get to know other Gold wingers. Hope you all have an enjoyable fall riding season, ride safe, look forward to seeing you down the road.

Tom Peck

This year has been a zip line for us and I'm sure some of you feel the same. Our Chapter Ride Schedule is booked every weekend and we have been able to participate in almost every ride. Tom had to abstain from driving the bike for 2 months following his open heart surgery in May. In trying to persuade his surgeon for an "early out", the doctor humorously stated, "Well, you can set a fan in front of you, sit on the bike, close your eyes, and pretend!" Of course, that just didn't satisfy Tom's whim for the "wing". I am so happy to say we are now on the road again and hope you are too! What a perfect way to see our U.S.A. Please ride safe, have fun, and we look forward to seeing you soon.

Fall Falling Spring Flinging

Yes, Fall is here and soon some of the best riding all year with the leaves changing color, temperatures dropping and rallies finishing up. Of course, that also means that with the great riding coming up, winter is right around the corner. So, what do you do when you have just come out of some of the best riding of the year and into one of the slowest riding times of the year? You start getting ready for Spring. Spring Fling that is. How do you get ready for Spring Fling you ask? You get your heads together, come up with a great skit for the talent show and then spend time with other chapter participants practicing. Why practice you ask, because of how much fun you can have putting an act together, laughing at and with each other the whole time. Even if you are putting together a serious act, the fun and laughter is still at the practices. Then when you are not practicing your talent show act you can get together and practice some chapter challenges. You won't know what they will be, but you can make up your own and practice them. Then you might even tell me about some of the challenges you came up with and who knows, the one you practiced might be one that is like the challenges we have at Spring Fling. You can rest assured that the challenges you practice will be fun and might even put you a step ahead when you enter the chapter challenge at Spring Fling. What else can you do during the slow riding period known as winter? Get your bike clean for Spring, host some training at your chapter, get some couples together and go over the best dressed rules so you will be prepared to enter the best dressed competition. So, when someone asks what you can do motorcycle related when it's too cold to ride, or there is snow or ice on the ground, you tell them, it's time to get ready for Spring Fling. It's never too early to start planning for all the activities you can participate in at Spring Fling.

District Membership Enhancement Program Coordinators (MEPC)

Dennis and Anne Greer

Wow its October already. You wouldn't know it from the temperatures. I've seen many fall rides advertised already. Hope there are enough leaves left on the trees to look at.

The last few months I've talked about retention and recruiting. So this month let me talk about the Couple Of the Year (COY) program. First, I'm still waiting for pictures of several 2019 COYs so I can get them posted on the District web page. I will be sending all 2019 COYs a copy of the COY Handbook for you to read and start getting ready for the COY selection at Spring Fling in 2020.

The COY resume consists of 4 parts. **Part 1** is just general information about the couple like names, member numbers, address, phone numbers, and email addresses. **Part 2** is the certification that you are the 2019 COY. **Part 3** is your Chapter Directors (CD) recommendation. This is where he/she tells about all the great things you have done for the Chapter and why you would be a good GWRRA representative for the State of TN. **Part 4** has 6 sections to it and covers everything you have done in the last 5 years. It should be focused on GWRRA accomplishments but can also include outside things to make the world better like supporting a boys or girls program.

I would like to see every Chapter Couple compete but I know that is not going to happen. However, I do ask that all the Chapter COYs attend Spring Fling so you can be recognized and presented a special gift to commemorate your reign as the 2019 COY.

If you have any questions about the COY program please contact me.

Until next time,

Dennis and Anne Greer
TN District MEPCs

TENNESSEE DISTRICT MFA CPR COORDINATORS

Notes from the Medic First Aid/ CPR Coordinators

We haven't had a lot going on in the MFA/ CPR world for a little while. I think we have everyone caught up on their certification for this year. Now everyone's thoughts are turning toward fall colors, Thanksgiving and Christmas and just think, Halloween is still a month away.

Now would be a good time to take a look at your CPR cards and make sure that they are in good date. If this is the year that your certifications expire, now is a good time to start talking about getting a class scheduled for next year. The sooner you get your request in, the better chance you have to get the date of your choice. Let us know if you have a need and we will try to take care of it.

Be safe out there and enjoy the fall weather.

Ride safe, ride often, ride!!!

Charlie and Pam Huffman

TN District MFA/CPR Coordinators

Rider Educators

October message from your District Educator

Here it is fall riding season again. Usually great weather to ride. Some plan fall foliage viewing trips this time of year. Some things to think about.

- ⇒ Watch for leaves covering the roadway.
- ⇒ If wet watch those yellow lines on those curvy roads.
- ⇒ Be sure and bring some warm clothing, it may be warm to start but turn cold especially in the mountains.
- ⇒ Be on the lookout for animals, deer, bear, possum's etc. they are active this time of the year.

Just a reminder about the ARC and TRC rider courses set in Manchester for October 5. The Application is on the Group Works and also sent out to all the Chapter Directors. We have slots open. Give me a call or contact Dennis Greer. There is an application included in the newsletter.

Last month we announced a new position of Chapter Skill Enhancement Advisor (CSEA). So far I have only had one chapter contact me about putting someone in this position. The role of the CSEA is to proactively support Member/ participant by providing them with information they can consider on their way to becoming skilled, prepared and safer riders and co-riders.

Encourage Responsibilities

1. Serve as an example by actively engaged in levels program. I plan to work with them to keep up with training needed by each chapter member to keep their levels up to date.
2. Monthly, or as often as possible and weather permitting based on members interest, put on and on-bike skills day with skill practice, bike games for riders and co-riders.
3. Team with the Chapter Ride Coordinator to promote the importance of best riding practices at chapter gathering, rides and events.
4. Utilize the quarterly chapter levels reports provided by the District Educator to support the members and assist them in achieving milestones and earning recognition.
5. Communicate directly with the District Educator to advocate for classes and courses to serve any chapter participant with an interest in progressing in the levels program, becoming a more proficient rider and being better prepared to respond to emergency situation

Qualifications and Skills The Chapter Skill Enhancement Advisor:

Is not an officer, and the position is not mandatory. They must have a basic knowledge of the GWRRA Rider Education Program. Is appointed by the Chapter Director. In interviewed by the District Director. Completes a Confidentiality Agreement. Is current Level II rider or Co-rider. Receives guidance and support from the District Educator. Communicates with the District Educator directly, keeping the Chapter Director in the loop to assure the needs of the chapter participants are met. Remember, the Chapter Skill Enhancement Advisor is an active participant on the Chapter staff and primary directions comes from the Chapter Director. Does not have Access to the Rider Education data base and relies on the District Educator for information. Each member of the District Rider Education staff will help each chapter and member to get the training needed to keep up their levels and to become better and safer riders. Beside Patti and myself, we have Roger and Marie Crowe, also Charlie and Pam Huffman with Medic First Aid. Feel free to contact us.

Ride Safe and Have Fun

Gary & Patti Hamilton
Senior District Educators

Assistant Rider Educators

Roger and Marie Crow

ITEMS OF INTEREST

Marie and I have been in the process of working with TN 'B' over the past few months to add and update chapter members in the Rider Education Levels Program.

Congratulations to Chapter Directors Tom and Merrilee Peck upon obtaining their Life Grand Master and Level IV awards respectively.

***TOM PECK RECEIVING
LIFE GRAND MASTER***

***MERRILEE PECK RECEIVING
LEVEL IV***

There were fourteen (14) members added to the Levels Program.

This is a great accomplishment and we encourage other chapters to get all their members involved.

As a side note, there will be an ARC and TRC course to be held on October 5, 2019 in Manchester, TN. See District Web Page for additional information.

Autumn weather is beginning with nice riding to be done. Be safe and enjoy the cooler weather that should be coming.

***Roger & Marie Crow
Senior TN ADE's***

District Ride Coordinator

Bobby Cash

Hi Everyone

It has been a great time to ride lately, but working so much has limited my riding a lot. But I did get to go to Wing Ding a couple of days and it was a Joy to get out and visit with a lot of my friends. Congrats to Troy and Chapter A for doing the Guided Rides at Wing Ding. I didn't arrive till the day after those rides but I heard they had a great time and a great turn out. I talked to Troy and he said he had over 100 people go on the rides they guided and that is great !!!

I came over to Nashville on Thursday Night after work and got up Friday morning and went to the Vendors on a mission and spent way too much money, but that is what we have it for. They had some great vendors there and had everything I was looking for.

I am going to put together a Color ride for October so be watching on Group Works for it. I will be mapping out going across the Cherohala Skyway and through some of the Smoky Mountains. The only thing is to time it right and that is a science in it's self. I will be sending the date and all to the Chapter Directors and the Chapter Ride Coordinators so everyone can be informed. And Everyone is Welcome to come along.

I have seen a lot of great Pics of everyone's rides in emails, Newsletters and on Facebook. Looks like everyone has been riding and having fun, There is a bunch of people in Purple that I keep seeing pictures of on Facebook and they have been doing some riding and looks like they have soooo much fun it is unreal but I won't mention any names.

Planning is already started for District rides for next Year and if you have a Suggestion just let me know, but don't get surprised if I ask you to plan it and lead it. We will be doing more District rides next year and the Ride Coordinators will be in charge of doing the Guided Rides at Spring Fling 2020, so we will have a Great Time there, so be sure and get your Registration Spring Fling and where you are going to stay in Early so that will be done.

Ride Safe, But Ride !!!

Bobby Cash

G.W.R.R.A. Tennessee District.

Ride Coordinator

2019 Financial Register and Report

Chapter Directors and Treasurers, we are closing in on the end of the calendar year, so now is a good time to take stock of your financial situation to ensure everything is on track for the soon to come end of the year fiscal reports.

Chapter Treasurers are tasked with keeping up with chapter finances on a day-to-day basis. However, Chapter Directors, you are accountable for the maintenance of operating funds and must ensure that clear, accurate records are kept of income and disbursements, and that all receipts are retained. Yours is the primary responsibility to make sure everything is, and remains in, good order.

Chapter Directors, it is also incumbent upon you to ensure that your Treasurer is doing their job, and is up to the task. The Treasurer's job is not always easy, and it is human nature to need help but sometimes not ask for it. You need to find out how your Treasurer is doing with the maintenance of your financial records and get in there to help if needed. And you can only help by checking with your Treasurer regularly. You should, at a bare minimum, be reviewing your financial status on a monthly basis. Asking "how's it going" doesn't work – you need to get your hands on your records and take a look. And *not* on December 31st.

Ask your Treasurers if they are comfortable with how to complete the required reports. If not, again, now is the time to help them understand exactly what they need to do to stay up with the records.

Chapter Treasurers – do not be afraid to ask questions, of your Chapter Directors or myself. It is incumbent upon you to ensure your Chapter Director reviews chapter finances on a monthly basis. How you do that is up to you. Each month, you should be reconciling the chapter's monthly bank statement to the "2019 Transaction Record" worksheet of the GWRRA Financial Register and Report workbook. Upon reconciling each month, a copy of the workbook should be transmitted to your Chapter Director for review.

All transactions must be recorded on the GWRRA Financial Register and Report workbook for end of the year submission to the District Director. The workbook is available on the GWRRA National website page under "Officer Resources" (<http://gwrro.org/oconnect/officerresources.html>), then under the "Finance/Information Page" section. Just click on the "XLS" of the "2019 Financial Register and Report (XLS)" line.

Chapter Directors and Treasurers, I cannot emphasize strongly enough that should any of you have any questions at all about the 2019 Financial Register and Report workbook, or need help understanding what needs to be done, please never hesitate to contact me at thunderchief452@yahoo.com or call me at (865) 376-5090. I will help you in any way possible. Please leave me a message if I am unavailable at the time of your call and I will get back to you as soon as I can.

If you require immediate assistance and are unable to get in touch with me, please contact the Tennessee GWRRA District Director, Dennis Peterson, at (931) 302-5283.

Bob Mack
Treasurer
Tennessee District GWRRA

District University Coordinators

David & Karen Hill

In talking to members of GWRRA in our District and at rallies, we have heard it expressed in various ways that we need to strengthen the organization. To that end, **save the date(s)** of Saturday, November 23 and Saturday, November 30. Those are the dates we will be scheduling the new and improved Horizons workshop. The locations and times of the workshops have not yet been determined but we are looking for a location in the Maryville area for November 23 and in the Murfreesboro area for November 30. The classes will be the same in both locations; you will be able to attend either class. Just pick the location closest to you.

As soon as the location, times, and instructors have been finalized, the information will be posted on Groupworks, sent out by email, and posted on the district website.

The workshop consists of four modules which are listed below:

Module One: *Team Building*

Participant will gain an increased understanding of what makes a Team, how Team building and self-knowledge help create effective Teams and an understanding of “Core” Teams with GWRRA.

Module Two: *Hat Check!*

Participant will gain knowledge of the different roles and responsibilities a GWRRA Officer has and what the Officer agrees to when signing the MOU and taking the Oath of Office.

Module Three: *Let's Meet...*

Participant will gain an understanding of the purposes, types, and intent of GWRRA meetings and gatherings. In addition, the participant will gain practical experience in planning and conducting a GWRRA style gathering.

Module Four: *Communication: The Most Critical Skill*

Participant will learn helpful information about communicating effectively.

Please contact us if you have any questions or concerns.

Ride to the Race at Bristol Motor Speedway

Is your chapter looking for something a bit different in a fall ride? Why not ride to Bristol for the Bandit Big Rig Series Race on Saturday, October 12th? A lot of GWRRA members are truckers and/or enjoy racing. Combine that with a ride to a family friendly Big Rig Race and you have a great way to spend a fall day!

Two years ago we had a couple Rides to the Races at Highland Rim Speedway, and many have been asking when the truck races would be back in the area... well here it is.

This is the final race of the 2019 season for the Big Rig Series, so trophies will be awarded for the race winners and also for the season points champions. This means the trucks will be racing all out, nothing held back!

Bristol Motor Speedway is known for its extreme banking that allows for exceptionally fast speeds. (One race truck has already clocked 140 mph in a demo race. Yes, it was my son Mike Morgan in #88.)

The day-long event starts with the Fan Series Truck Show; if you drive a big rig shine it up and enter. The fan favorite serves as the pace truck.

The Bandit Meet & Greet at 1:30 allows all the fans onto the track to inspect the race trucks, meet the drivers, and collect autographs. Kids are often allowed to sit on the trucks for a photo with their favorite driver.

Racing begins at 3:30 with three 10-lap Heat Races. This is followed by the Bandit Shoot Out where two trucks race one lap; the winner races the next challenger; that winner races the next challenger, and so on until the last winner. Golden tickets are handed out to a selection of kids; each ticket has the number of a race truck. Whichever kid is holding the tick-

et for the Shoot Out winner receives a \$100 bill. All kids participating receive a Bandit t-shirt.

Two 15-lap Challenge Races are then run, and that is followed by the Main Race where all race trucks still drivable race for a \$10,000 check that is handed to the winner. Lots of bumpin', rubbin', spins and down-right crashes are typical. It makes for a wild race.

Visit <http://BanditSeries.com> for tickets (\$15 each, children 8 and under free with paying adult). For info and videos of past races go to www.Mackvader.com. Come join us at Bristol Motor Speedway.

Tennessee Gold Wing Road Riders Association is proud to be a part of the Gold Wing Road Riders Association (GWRRA). GWRRA is an international association for owners of Gold Wings and Valkyries, owners of other makes and models of motorcycles are welcome to join us as we continue to enjoy the pleasures of riding our motorcycles while sharing with our 'friends for fun, safety, and knowledge.' Join us!
