1. Product and Company Identification

**Product Name**
Spray Away™ Cleaner the Everything Cleaner & Stain Remover (Pourable), Cape Cod Naturally Clean Scent

**UPC Codes**
7 5838171937 9 Spray Away Cleaner & Stain Remover; Multi-Purpose, Multi-Surface cleaner. Kills 99.9% of Viruses & Bacteria

**Product Use**
Cleaner

**Distributed by**
Beth Enterprises LLC
5 Whistler Ln.
Dennis Port, MA. 02639

In Case of an Emergency: 1-800-222-1222

---

2. Hazards Identification

**Emergency Overview**
This product is regulated by the US EPA as a disinfectant.

PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.

CAUTION
causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. If you have sensitive skin wear rubber gloves.

KEEP OUT OF REACH OF CHILDREN.

**Potential short term health effects**

**Routes of exposure**
Eye, Skin contact Inhalation, Ingestion.

**Eyes**
Causes moderate eye irritation. Avoid eye contact.

**Skin**
May be irritating to sensitive skin or in the case or prolonged contact with the liquid. Not expected to be a skin sensitizer.

**Inhalation**
None expected during normal conditions of use.

**Ingestion**
Health injuries are not known or expected under normal use.

**Target Organs**
Skin. Eyes.

**Chronic effects**
The finished product is not expected to have chronic health effects.

**Signs and Symptoms**
Symptoms may include redness, edema, drying, defatting and cracking of the skin. Symptoms of overexposure may be headache, dizziness, tiredness, nausea and vomiting.

Emergency overview  This product is regulated by the US EPA as a disinfectant.
PRECAUTIONARY STATEMENTS: Hazards to humans and domestic animals.
DANGER
CORROSIVE. Do ingest or wear soaked clothing. Not get in eyes or on clothing. Wear protective eyewear (goggles, face shield or safety glasses). Wear protective clothing and rubber gloves. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse. Avoid prolonged breathing of vapor or mist. KEEP OUT OF REACH OF CHILDREN.

2. Hazards Identification

Routes of exposure
Potential short term health effects
Eye, Skin contact, Inhalation, Ingestion.
Eyes  May cause irritation.
Skin  May cause dry skin, irritation.
Not expected to be a skin sensitizer.
Inhalation  None expected during normal conditions of use. Do not breathe vapor or spray mist.

Ingestion  Harmful if swallowed. Drink plenty of water to dilute

Chronic effects  The finished product is not expected to have chronic health effects.

Signs and symptoms  The product causes burns of eyes, skin and mucous membranes.

CAS # Percent
120-32-1  2.5 - 10

Ingredient(s)
Dim ethyl Benzyl Ammonium Chlorides 50%
Calcium Hypochlorite 10%
Water

3. Composition / Information on Ingredients

Eye contact
First aid procedures
Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. If irritation continues call a poison control center or doctor for treatment advice.

4. First Aid Measures

Skin contact  Remove contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes.

Inhalation  Move to fresh air. If symptoms persist, call a physician.

Ingestion  Call a doctor or get medical attention immediately. Drink promptly 1 or 2 glasses of water to dilute product. Avoid alcohol. Get medical attention.

Notes to physician  Have bottle when speaking with physician.

General advice  Avoid contact with eyes and skin. Keep out of reach of children.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

Flammable properties  Non-combustible by OSHA

5. Fire Fighting Measures

Suitable extinguishing media
Extinguishing media

 Unsuitable extinguishing media  N/A

Specific hazards arising from the chemical
Protection of firefighters: protective clothing from soaking water and chemicals

Protective equipment for firefighters
Firefighters should wear full protective clothing including self contained breathing apparatus.

Hazardous combustion products  None.

Sensitivity to mechanical impact  Unknown

Explosion data
Not available

Sensitivity to static discharge  Not available

Personal precautions  : Use rubber gloves and protective eye wear. Not considered a problem when diluted.

6. Accidental Release Measures

Methods for containment  Stop leak if you can do so without risk. Prevent entry into waterways, sewers, basements or confined areas.

Methods for cleaning up  Use water and absorbent materials.

Handling  Avoid breathing vapors or mists of this product.

Do not ingest.

Do not get this material in your eyes, on your skin, or on your clothing.

Wear protective eyewear (goggles, face shield or safety glasses).

Rinse thoroughly with water after handling and before eating, drinking, chewing gum, using tobacco or using toilet.

Remove and wash contaminated clothing before reuse.
7. Handling and Storage

**Storage** Do not store at temperatures above 120°F (49°C). Store in original container in areas inaccessible to small children. Do not reuse container. Food contact surfaces must be rinsed with potable water. It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**Exposure limits**

**Ingredient(s)**

Dim ethyl benzyl ammonium chlorides
Not established

**ACGIH-TLV**

**OSHA-PEL**

Not established

**Calcium hypochlorite**

Not established

8. Exposure Controls / Personal Protection

**Engineering controls** General ventilation normally adequate.

**Eye / face protection**

**Personal protective equipment**

Avoid contact with eyes. If splashing is likely to occur or for occupational exposures wear appropriate eye protection. When handling in large quantities or responding to emergency situations, the use of appropriate eye protection is recommended. Emergency responders should wear full eye and face protection.

**Hand protection** Rubber gloves.

**Skin and body protection** As required by employer code. Emergency responders should wear impermeable clothing and footwear when responding to a situation where contact with the liquid is constant for extended periods of time.

**Respiratory protection** Not normally required under normal use conditions. Emergency responders should wear self-contained breathing apparatus (SCBA) to avoid inhalation of vapors generated by this product during a spill or other clean-up operations.

**General hygiene considerations** Use good industrial hygiene practices in handling this material. When using do not eat or drink. Rinsing with water after use is recommended as good hygienic practice to prevent possible eye irritation from hand contact.

**Appearance** Gold in Color

9. Physical and Chemical Properties

**Color** Gold

**Form** aqueous solution

**Odor** soapy

**Odor threshold** Not available

**Physical state** Liquid

**pH** 10.3 - 11.1

**Freezing point** Not available

**Boiling point** Not available

**Pour point** Not available

**Evaporation rate** Not available

**Flash point** Not available

**Auto-ignition temperature** Not available

**Flammability limits in air, lower, % by volume** Not available

**Flammability limits in air, upper, % by volume** Not available

**Vapor pressure** Not available

**Vapor density** > 1

**Specific gravity** 1.024 - 1.034

**Octanol/water coefficient** Not available

**Solubility** (H2O) Complete

**Chemical stability** Stable under recommended storage conditions.
10. Stability and Reactivity

**Conditions to avoid** Avoid high temperatures.
DO NOT MIX WITH BLEACH or use in conjunction with other household products.

**Incompatible materials** Unknown

**Hazardous decomposition products** None.

**Possibility of hazardous reactions** Hazardous polymerization does not occur.

**Component analysis** - LC50

**Ingredient(s)**

11. Toxicological Information

#20515 Page 4 of 9 Issue date 08-Jul-2010

**Component analysis - Oral LD20**

**Ingredient(s)**

Dim ethyl benzyl ammonium chlorides, Calcium hypochlorite, Water

Not available

**Eye**

**Effects of acute exposure**

Eye irritant

**Skin** Dries the skin.
Not expected to be a skin sensitizer.

**Inhalation** None expected during normal conditions of use.

Do not breathe vapor or spray mist.

**Ingestion** Harmful if swallowed.

**Sensitization** The finished product is not expected to have chronic health effects.

**Chronic effects** The finished product is not expected to have chronic health effects.

**ACGIH - Threshold Limit Values - Carcinogens**

Ingredients are Not Classifiable as a Human Carcinogen

**IARC - Group 3 (Not Classifiable)**

**Carcinogenicity** The finished product is not expected to have chronic health effects.

**Mutagenicity** The finished product is not expected to have chronic health effects.

**Reproductive effects** The finished product is not expected to have chronic health effects.

**Teratogenicity** The finished product is not expected to have chronic health effects.

**Synergistic Materials** Not available

**Ecotoxicity - Freshwater Algae Data** Not available

**Ecotoxicity** See below

12. Ecological Information

**Environmental effects** Not available

**Aquatic toxicity** Not available

**Persistence / degradability** Not available

**Bioaccumulation / accumulation** Not available

**Partition coefficient** Not available

**Mobility in environmental media** Not available

**Chemical fate information** Not available
