

LIVING SACRAMENTS

Being a Sign of What We Believe

How we celebrate says a lot
...about us
...about what we believe

THIS THEME CAN BE PRESENTED AS A THREE NIGHT SERIES OR A DAY OF RECOLLECTION

Story as Sacrament -- Our Sacraments are rooted in human experiences and generate the Divine Life in us by connecting those experiences to the Word of God. In that connection we find the foundation of our membership into the Body of Christ, the People of God, the Church.

Relationships as Sacrament -- The human experience is rooted in relationships which seek healing and peace. For us Catholic Christians, Reconciliation is the way to that peace and a Sacrament, which for Jesus was always a community affair.

Loving Service as Sacrament -- The daily lives of God's People are lived out in the memory of Christ's self-giving love for others. "Do this in memory of me" reveals a profound mystery that takes us beyond ritual to action, making the Eucharist a verb that does justice.
