

Bridgeway Counseling Center

Discounted Fee Application

Bridgeway Counseling Center does not discriminate in the provision of services to an individual because the individual is unable to pay. Bridgeway Counseling therefore offers discounted fees using a sliding fee scale for

those who may not have insurance coverage and/or cannot afford standard fees for services. Our discounted fees are based on current national poverty guidelines, which is a standard way of determining discounted fees. This does not mean that clients cannot receive discounted fees if they do not meet poverty guidelines, but poverty guidelines are used as a starting point in determining fees. These guidelines consider both total household income and the number of people in a given household. We ask that applications be completed to receive these discounted fees as way to show that discounted fees are offered as fairly as possible. The information you provide on this application is only used to help Bridgeway Counseling Center determine fair fees and will not be shared or used in any other way.
