

# Ravensdale Mini-3-Gun

## Mission

Ravensdale M3G strives to create a SAFE, friendly, instructive, and competitive environment for shooters looking to get into action-oriented shooting. Shooters will build an effective personal shooting platform by participating in basic courses of fire involving Pistol Caliber Rifle, Defensive Shotgun, and Modern Pistol. Participants will quickly identify and **improve** on deficiencies in their shooting mechanics, gear, and competitive mindset. The atmosphere is not intimidating, so everyone regardless of skill level, can up his or her game. Each M3G Match provides an opportunity to reach new levels of confidence and improve proficiency in their total shooting system.
