

USS ANNAPOLIS (AGMR-1)
MICHAEL R. ALLEN
RVN 1968 - 1970

"It is an inevitable fact, like death and taxes, that most Ships meet the demise of Declassification, Decommissioning, being Stricken from The Naval Registry, and as in the case of the USS Annapolis (AGMR1), Sold for Scrap, but she lives on the hearts and minds of all that served aboard her. In some way, I hope my model will help perpetuate her memory."
