Our most popular medium duty to heavy duty semi-pneumatic caster right now is our solid polyurethane foam wheel with precision ball bearings swivel and rigid casters. These casters have case hardened double ball raceways providing extra capacity and durability. Silver Zinc plated finish. Top plate and legs are 1/4" thick steel. These casters are best for manual push / pull applications.... Not motorized towing unless at very low speeds.

Applications Include: Carts, Industrial platform trucks, commercial carts and trucks, Sensitive material carts, Anti-vibration carts or buggies, Perfect for floor protection and quiet rolling, Great for carts or trucks for outdoor going over cement, pavement, dirt, gravel, and grass. Great for turf fields or rough terrain.
