

A photograph showing a person from behind, wearing a camouflage bucket hat and a black and white plaid shirt. They are lying on the ground in a grassy area, writing in a spiral-bound notebook. A rifle is visible in the background, and another rifle is partially visible in the foreground on the left.

D.O.P.E.

(DATA ON PREVIOUS ENGAGEMENT)

D.O.P.E. is the data you gain from shots previously fired at targets. This data is key in order to make proper future shots. Writing this information in your book is a great way to remember what you did previously. We will talk more about this in the data book section of this manual.
