

Heidi Miller, CVT, VTS (Surgery)

Heidi graduated with an Associate in Science Degree from St. Petersburg College in 2000. She spent twelve years in general practice in Clearwater, Florida prior to moving to Colorado. Once in Colorado she spent two years at an exotic and small animal practice while waiting for an opportunity to follow her passion for surgery. She currently works as a surgical nurse for two practices, Mountain View Veterinary Surgery and Colorado Canine Orthopedics and Rehab. She has worked in the specialty surgical field since 2011 and has a particular interest in orthopedics and minimally invasive surgery.

Heidi was accepted into the academy in 2018 and looks forward to her term as Secretary. She has been married to her husband for five years and has a teenage daughter and two teenage sons. She enjoys sports and being outside in her beautiful state of Colorado. She has five Labradors named Odin, Hank, Lily, Freya and Reginald James and two German Shepherds Ezra and Seti. She is active in her animal community by volunteering with Mile High Lab Mission and before that with Front Range German Shepherd Rescue.
