

The Offroad Project
PO BOX 50124
Myrtle Beach, SC 29578

Dear Future Sponsor:

We represent a conservation group which goes by "The Off-road Project". We are writing you to ask for any available assistance to help us with several organized publicly owned recreational land cleanup projects that we have scheduled for this year. Our group considers ourselves a small army of hard-working local individuals who share the same common goal of keeping Horry County and surrounding public lands free of litter and usable for generations to come. Your potential donation will go towards providing our volunteers with the necessary resources needed to ensure we reach our goal of 2,020lbs of litter cleaned up from local beach accesses, boat landings, and parks for the 2020 season. Below is an idea of several things that will assist us in reaching our goal.

Bottled water, Sports Drinks, Energy Bars, Coolers, Shovels, Rakes, Gloves (Latex and Leather), Broom handles, Garbage bags, Garbage cans, First aid supplies, Bug spray, Sun lotion, & Hardscapes.

We greatly appreciate anything you can provide to support your local community.

Respectfully,
The Offroad Project Team
