

**PRE-APPLICATION FORM FOR RURAL WATER SERVICE  
(EQUAL OPPORTUNITY PROVIDER)**

**NOTE: A non-refundable administrative fee of \$50 is due with this application.** The Southwest Regional Water District will consult with their engineering firm to determine the proper line size and connection point. A cost estimate will be completed once engineering reviews, field conditions, material cost quotes and contracted excavation bids are available. Most cost estimates are done within 4 to 6 weeks and results may indicate that the District cannot provide service to restricted areas located within its system. The Southwest Regional Water District will require all construction-service connection estimates to be pre-paid prior to the start of construction and for a **5-Year Water Service Agreement** to be completed-signed by the new applicant.
