

Let's Raise \$2 Million for Sozo Mountain Children's Home

\$1.2 Million for the Property Purchase

Our goal is to raise the funds during the last quarter of 2020 to purchase this property. The dollar is at an all time high to the Brazilian Real. Capitalizing on this is a huge cost savings. At the current exchange rate (as of 9/29/20), we need to fund \$1.2 million for the property. This represents a huge cost reduction of several million's of dollars from a short time ago when the rate was 3 times lower.

\$350K for the Property Renovations

The property has been vacant for 12+ years. Therefore, it will need repairs and maintenance. As well, it will require some upgrades to accommodate the use as a Children's Home. Some of these items include a new perimeter wall, upgrading the kitchen, child safe windows, outfitting of the medical clinic, laundry facilities, painting and misc. repairs.

\$250K One-Time Start Up Costs

There will be one-time start up costs involved in getting the property and functions of Sozo Mountain established. Such as: a passenger van & pickup truck, golf cart (ATV), maintenance equipment, office equipment, generator, children's toys/play equipment and various furnishings.

\$200K First Year Staffing Costs

Teachers, psychologist, social worker, nurse, administration, grounds, accountant, kitchen staff, security etc.

The Need is GREAT...

25% of Brazil's population lives below the poverty line and it is estimated that 3.7 million children are orphans. The consequences are potentially devastating. Subjecting them to violence, sex trafficking, gangs, hunger and homelessness. Our part of the solution is establishing the Sozo Mountain Children's Home. Through this effort we will be able to rescue these children, invest into their lives and impart Christ's identity and love.

Our Mission is: To seek-out, rescue, restore and bring healing to the children and youth of Brazil through Love, Identity, Faith and Education. L.I.F.E.

Our Efforts Focus on...

1. Establishing Sozo Mountain Children's Home to provide a haven for the children at risk
2. Reaching families within the Community
3. Bringing an awareness of the issues to faith communities, civic & business groups
4. Advocating to local, state & federal government for laws and programs that will bring solutions to the issues of the orphaned

PLEASE CONSIDER...

Making a lead gift or underwriting the cost of...

- The Property Purchase
- The Property Renovations
- The Start Up Costs
- The First Year Staffing Costs
