

# Four Reasons Operation Epic Fury Is Prophetic

T.W. Tramm – (04/17/26)

THE Strait of Hormuz is open, and a US-Iran peace deal may be imminent.

While it is impossible to know how things will unfold in the coming days, there are at least four major reasons to believe Operation Epic Fury is prophetic:

## 1. THE LAST TRUMP

Operation Epic Fury is being led by a president named “Trump” who is serving his last term, i.e., the “last trump” term. This is prophetic because the “last trump” announces the Rapture: “At the last trump ... the trumpet will sound, the dead will be raised imperishable, and we will be changed” (1 Cor. 15:52).

## 2. PEACE AND SECURITY

The goal of Operation Epic Fury is to degrade or eliminate the Iranian regime that, for a generation, has impeded peace in the Middle East. Additionally, a key outcome of Epic Fury is that it has served as a catalyst to accelerate the regional realignment necessary to expand the Abraham Accords into an integrated Israeli-Arab “security network.”

That Epic Fury is facilitating peace and security is prophetic because “peace and security” is the focus when Judgment Day arrives: “When they are saying, “Peace and security!” then sudden destruction comes upon them, as labor pains upon a pregnant woman. And they shall not escape” (1 Thess. 5:3).

## 3. CONVERGENCE

Operation Epic Fury occurs amid a slew of other eschatological signs: a bustling economy, spiraling inflation, extreme weather, earthquakes, pandemics, food shortages, and fearful signs in the heavens, such as a surge of large meteors exploding in the atmosphere (Luke 17:26–29; 21:11).

#### 4. YEAR OF REDEMPTION

Operation Epic Fury occurs during a calculated Jubilee, the “year of redemption” that foreshadows the Rapture. Assuming the Jubilee began at last year’s Tishrei/September, per Leviticus 25:9, spring–summer 2026 encompasses the Jubilee harvest season.

In summary, the soon-to-conclude Operation Epic Fury is prophetic because:

- It is led by the “last Trump” administration (1 Cor. 15:52).
- It is facilitating “peace and security” (1 Thess. 5:3).
- It coincides with a slew of other eschatological signs.
- It coincides with the harvest season of a calculated Jubilee.

Speaking of the end-times prophecies, Jesus said, “When these things begin to take place, look up and lift up your heads, because your redemption is near” (Luke 21:28).

It is time to look up!

#### NOTES:

1. Other clues that Trump’s presidency is prophetic: <https://tinyurl.com/3bmd58nc>

2. Commentary: ‘The Middle East Is Ready for the Abraham Accords 2.0’  
<https://www.hudson.org/foreign-policy/middle-east-ready-abraham-accords-2-zineb-riboua>

3. Important to note is that 1 Thessalonians 5:3 does not mention a peace deal, only that people will be “saying” peace and security. The Greek word translated “saying,” *legó*, may refer to an asking, bidding, or calling for something rather than its being realized. Some English translations render the Greek phrase “when they MIGHT say, ‘Peace and security,’” suggesting merely a sense of expectancy. So, while there could be a peace deal or declaration before the Rapture, it is not a precondition.

4. Since God uses numbers to convey meaning, it is noteworthy that the numbers associated with the “peace and security” verse (1 Thessalonians 5:3) are 1, 5, and 3, or “153.” This is significant because:

- 153 is the number of fish “caught up” and brought to the Lord—a picture of the Rapture (John 21).
- The square root of 153 is the exact number of full moons in a year (12.369), denoting the fullness of time related to the Church, which is symbolized by the moon.
- 153 is the 17<sup>th</sup> triangular number: <https://tinyurl.com/ycm5f6w6>. This is significant for two reasons. First, the triangle, the shape with three sides, is symbolically associated with divine completeness and resurrection: God consists of “three” persons (Father, Son, and Holy Spirit), and Jesus rose from the dead on the third day. Second, the number 17 is associated with resurrection and judgment: Jesus rose from the dead on the 17<sup>th</sup> day, and Noah’s Flood began on the 17<sup>th</sup> day.

Thus, the numbers associated with the rapture-judgment verse (1 Thessalonians 5:3) correspondingly evoke the Rapture and judgment.

5. Since Operation Epic Fury potentially marks a turning point, or new beginning, as regards Bible prophecy and “peace and security,” it is interesting to consider a rare calendar synchronization in 2026: the first day of the biblical year, Nisan 1, landed on the vernal equinox that marks the first day of spring, the season associated with new beginnings.
