

Summer's Supermoon: Look Up!

T.W. Tramm – (07/09/22)

LOOK UP!

On July 13, the first full moon of summer will grace the evening skies.

Besides being the biggest and brightest ‘supermoon’ of the year, July’s full moon is packed with prophetic significance:

- The full moon is when the “goodman” of the house, a picture of Jesus, returns to render rewards (Prov. 7:19, 20; Matt. 20:8).
- The full moon, white and radiant, symbolizes the Church–Bride prepared for the wedding.
- July’s full moon occurs in the constellation Sagittarius, the heavenly sign depicting the victory over death at the Rapture (1 Cor. 15:52, 54, 55).
- July’s full moon is called the Buck Moon, reminiscent of the “young stag” in Song of Solomon’s rapture-allegory: “Behold, he comes ... My beloved is like a young stag” (Song 2:8, 9).
- July’s full moon occurs as flowers are blooming, birds are singing, fig trees are forming their early fruit, and grapevines are blossoming (Song 2:12, 13).
- July’s full moon, also called the Hay Moon, occurs during the wheat harvest, pointing to the ‘harvest’ of believers at Jesus’ return (Matt. 13:30).

Furthermore, July or summer in general is when . . .

- The end of the age is near (Matt 24:32).
- The “wise son,” a type of Jesus, gathers the harvest, while the foolish sleep (Prov. 10:5)
- The godly people “vanish” from the earth (Mic. 7:1, 2 NLT).
- The Jews lament not being saved at the harvest (Jer. 8:20).
- Israel is deemed ripe for judgment (Amos 8:1, 2).

In addition to being in a prophetic season, we are in a prophetic year:

- 2022 is a year of “buying and selling,” as inflation spirals to a 40-year high (Luke 17:26–30).
- 2022 is a year of “eating and drinking,” as parties and festivals such as Pride Month break attendance records (Luke 17:26–30).
- 2022 is being called “the year of the wedding” as a record number of couples tie the knot (Luke 17:26–30).
- 2022 is a year of heavenly signs, such as a blood moon on Israel’s 74th birthday, and an ultra-rare planetary precession (Gen. 1:14; Joel 2:31; Luke 21:25).
- 2022 is a year of escalating war, pestilence, and food scarcity (Matt. 24:7).

Most significantly, 2022 is a year of converging timelines related to God’s seven-year Sabbatical cycle. This year marks:

- One Sabbatical cycle since an unprecedented show of heavenly signs in 2015.
- Seven Sabbatical cycles since the Jews returned to Jerusalem in 1967.
- Sixty-nine Sabbatical cycles since the rebuilding of Jerusalem’s wall by Suleiman circa 1536 AD.
- Ten Sabbatical cycles since Israel became a nation in 1948.
- 354 Sabbatical cycles since Daniel’s Weeks Prophecy began to be fulfilled in 457 BC.

For details on the above timelines, please see my article or video entitled, “Ten Reasons Nisan 1 Is a Pivotal Date in 2022”:

Finally, it is noteworthy that July 12, the day before the biggest and brightest full moon of the year, marks seven years since the Bethlehem Star reappeared on the biblical date Tammuz 13. This is significant as the Lord typically gives a seven-day or seven-year warning ahead of major events or judgments (Gen. 7:1–4; Josh. 6:1–5; Gen. 41).

To be clear, only God knows when Jesus will return like a thief in the night (1 Thess. 5:1, 2). However, if there was ever a time to be vigilant, it is now.

NOTES:

1. The sun symbolizes the Bridegroom, Jesus (Ps. 19:4, 5; 84:11). The moon, the sun's heavenly counterpart, represents the Bride, or Church. The moon is emblematic of the Church in that it has no light of its own, relying entirely upon the sun for its illumination (Ps. 19:4, 5; 84:11). Similarly, man has no light of his own. We were created in the image of God to reflect His brilliance and glory (Gen. 1:27). When we turn to face the majesty of God, when we surrender to Him and seek Him with all our hearts, we reflect His glory, just like the moon reflects the glory of the sun (Matt. 5:14).
2. The moon enters Scorpius, representing the deadly enemy who stings, on July 10. The next day, July 11, the moon enters Ophiuchus, the Serpent Holder. On July 12, as the moon reaches 100% illumination, it enters Sagittarius, the Conqueror. These three signs depict the victory over death at the Rapture: "When the perishable has been clothed with the imperishable, and the mortal with immortality, then the saying that is written will come true: 'Death has been swallowed up in victory.' 'Where, O death, is your victory? Where, O death, is your sting?' (1 Cor 15:54, 55).
3. The full moon of July is called the Buck Moon as this is when the antlers of male deer are in full-growth mode:
<https://www.almanac.com/content/full-moon-july>
4. Additionally, summer is when Jews mourn tragic events in Israel's history, including the destruction of both Temples (see "The Three Weeks," beginning at Tammuz 17/July 16.) Because it is a time of mourning, no Jewish marriages or other major celebrations are allowed during The Three Weeks.
https://www.chabad.org/library/article_cdo/aid/947558/jewish/What-Are-the-Three-Weeks.htm
5. Jesus says people will be "buying, selling, eating, drinking, and marrying" when He returns (Luke 17:26–30).
6. 2022 is being called "the year of the wedding": <https://www.cbs58.com/news/2022-is-being-called-the-year-of-the-wedding-as-a-record-number-of-couples-tie-the-knot>
<https://news.yahoo.com/2022-could-be-the-biggest-year-in-the-wedding-industry-211031020.html>
7. May 15 blood moon: <https://storage.googleapis.com/wzukusers/user-35306783/documents/b9ecd3ea43fc4741ac57c5f6ea07e8ac/Blood%20Moon%20-%20The%20Last%20Warning%20rev%20b.pdf>

8. June 2022 planetary parade and wedding sign: <https://storage.googleapis.com/wzukusers/user-35306783/documents/63d710e3f83a40f69180e191c38735cf/June%20Planetary%20Parade%20-%20More%20Than%20an%20Astronomical%20Alignment.pdf>

9. The current biblical year (Nisan 2022–23) marks the first year of a Sabbatical cycle. This is significant because events related to Daniel’s Weeks Prophecy have historically occurred in the first year of a Sabbatical cycle:

- The Jews returned to Jerusalem in 457 BC, the first year of a Sabbatical cycle.
- The Bethlehem Star announced Jesus’ birth in 2 BC, the first year of a Sabbatical cycle.
- Jesus began His Messianic ministry in 27 AD, the first year of a Sabbatical cycle.
- Jerusalem and the Temple were destroyed in 69/70 AD,* the first year of a Sabbatical cycle.
- Construction began on an “abomination that causes desolation” (Islamic Dome of the Rock) in 685 AD, the first year of a Sabbatical cycle. Construction was completed seven years later in 692 AD, the first year of a Sabbatical cycle.

*https://www.chabad.org/library/article_cdo/aid/2641925/jewish/Which-Year-Was-the-Second-Temple-Destroyed-69-CE-or-70-CE.htm

10. The Bethlehem-Star conjunction of 2015 occurred on the biblical date Tammuz 13, corresponding to July 12 in 2022.

11. Strong’s Concordance coincidences:

- 2022 marks 354 Sabbatical cycles since Daniel’s Weeks Prophecy began to be fulfilled in 457 BC (Dan. 9:25; Ezra 7:9). Strong’s #354 in the Hebrew concordance is the word *ayyal*, referring to a stag, or male deer. Strong’s #354 in the Greek concordance is the word *analémpsis*, referring to a “taking up” into heaven. That the Hebrew and Greek words related to Strong’s #354 refer to a stag and a taking up to heaven is striking because the rapture-allegory in Song of Solomon depicts Jesus as a young stag who comes suddenly to gather up His beloved: “Rise up, my love, my fair one, and come away!” (Song 2:8–10).
- 2022 marks 289 Sabbatical cycles since the original Bethlehem Star appeared in 2BC. Strong’s #289 is the Greek word *ampelourgos*, translated “vinedresser.” The Greek word for vinedresser occurs only once in the New Testament where it refers to Jesus as the caretaker charged with cutting down the barren fig tree (Luke 13:6–8).
