

Flood Month: A Turning Point for America?

T.W. Tramm – (11/03/24)

CHESHVAN, the month of Noah's Flood, begins November 3.

Here are nine reasons Cheshvan could be pivotal for America and the world:

1. EIGHTH MONTH

Cheshvan is the eighth biblical month. The number eight is associated with birth, new beginnings, and resurrection in Scripture (Gen. 17:12; Matt. 28).

2. AUTUMN RAINS

Cheshvan marks the beginning of the autumn rains that portend Jesus' return: "His coming is as certain as the dawn. He will come to us like the rain, like the autumn and spring rains come on the earth" (Hos. 6:2, 3).

3. TEMPLE DEDICATION

Since Cheshvan is the only month with no festivals or special observances, the rabbis teach that it is reserved for the time of Messiah, who will inaugurate the ultimate Temple in this month.

4. JUBILEE FISH

In Jewish mysticism, Cheshvan is linked to the letter Nun. The numeric value of the letter Nun is 50, the number of Jubilee or redemption (Lev. 25). Moreover, in Aramaic the word nun means "fish," a symbol of believers, or the Church.

5. JUDGMENT CONSTELLATION

Cheshvan is when the Sun enters the constellation Libra, the 'weighing scales.' The scales of Libra signify judgment, as when the handwriting on the wall declared God's verdict on Babylon: "You have been

weighed on the scales and found wanting. Your kingdom is divided and given to the [enemy]" (Dan. 5:26–28).

6. DAYS OF NOAH

Cheshvan is when the Flood of Noah began and ended (Gen. 7–8). This is significant because, speaking of the timing of His return, Jesus says it will be "like the days of Noah" (Matt. 24:37).

7. ECLIPSE ANNIVERSARY

Cheshvan 1 this year marks seven months since the American solar eclipse on Nisan 1. The American eclipse was considered a major biblical sign because:

- It occurred above the world's sole superpower and head of the Gentile nations.
- It occurred above the nation that is home to roughly half the world's Jews, and which is Israel's chief ally and protector.
- It crossed the path of the 2017 American eclipse to form a giant 'X,' the symbol of cancellation or termination, across the US.
- The crossing point of the giant 'X' was America's Little 'Egypt,' the nation synonymous with God's judgment (Ex. 7–12).
- The path was 120 miles wide, evoking the 120-year limit set on corrupt humanity in Noah's day (Gen. 6:3).
- The path crossed over the only US city named 'Jonah' and multiple locations named 'Nineveh,' evoking the biblical account of the prophet who was sent to warn the Ninevites of God's impending judgment.

8. ASTEROID 'FLOOD'

Between September 11 and November 5—America's terror anniversary and election day, respectively—an asteroid named '4220 Flood' is found between the horns of the constellation Taurus, the bull that depicts Jesus as the coming Judge. Significantly, 2024 is the only year between 2015 and 2030 that asteroid Flood appears in Taurus during the Flood month.

Bolstering the Flood connection, Taurus is home to the Pleiades, the star cluster from which God is said to have borrowed two stars to initiate Noah's Flood (Berakhot 59a). What is fascinating is that the annual

Taurid meteor shower, which coincidentally peaks beginning on Election Day, is thought to be responsible for meteor impacts related to a mass extinction event in earth's distant past. The only mass extinction event recorded in Scripture is the Flood of Noah.

Another coincidence is that asteroid Flood initially entered Taurus on Tammuz 17, the anniversary of when Israel was punished for worshipping the golden calf (Ex. 32). From Tammuz 17 to the anniversary of the Flood is 120 days, again evoking the "120" limit set on corrupt humanity in Noah's day (Gen. 6:3)

9. ASTEROID 'AMERICA'

Finally, continuing the judgment theme, on the 17th of Tammuz, or 120 days before the Flood anniversary, an asteroid named '916 America' entered Capricornus. The half goat, half fish of Capricornus symbolizes the atoning sin-offering (goat), and the people (fish) for whom the atonement is made (Lev. 16:5–10). The number assigned to the asteroid, 916, correlates to Strong's #916 (Greek), *bareó*, which refers to a burden, or weighing down, due to sin.

Asteroid 'America' lingers in Capricornus (sin offering) until the eve of Cheshvan, when it enters Aquarius, the water bearer who pours out a flood from a giant urn.

SUMMARY AND CONCLUSION

Cheshvan:

- Is the month of new beginnings.
- Is when the autumn rains that portend Jesus' coming begin.
- Is when the rabbis believe the ultimate Temple will be dedicated.
- Is linked to the number 50 (redemption) and fish (Church—believers).
- Is when the Sun enters Libra, the weighing scales that signify atonement or judgment.
- Is when Noah's Flood began and ended.

With the judgment themes in view, it is significant that Cheshvan 2024 is seeing a convergence of judgment signs:

- Cheshvan 1 marks seven months since the American eclipse.

- Between September 11 and Election Day, asteroid 'Flood' is in the horns of Taurus, the judgment constellation.
- The Taurid meteor shower associated with Noah's Flood begins to peak on Election Day.
- Asteroid 'Flood' entered Taurus (judgment), 120 days before the Flood anniversary.
- Asteroid 'America' entered Capricornus (sin offering) 120 days before the Flood anniversary.

If we are reading the signs correctly, America is ripe for judgment.

Will Cheshvan mark a turning point?

Time will tell.
