DETOX KIT

Alpha Lipoic Acid / Glutathione

The modified "**Myers' cocktail**," which consists of

magnesium, calcium, B vitamins, and vitamin C, has been found to be effective against acute asthma attacks, migraines, fatigue (including chronic fatigue syndrome), fibromyalgia, acute muscle spasm, upper respiratory tract infections, chronic sinusitis, seasonal allergic rhinitis, cardiovascular disease, and other disorders.

Glutathione

- tissue building and repair,
- making chemicals and proteins needed in the body,
 - and in immune system function

Lysine

- Helps reduce stress and cortisol levels.
 - Speeds wound healing.
 - Improves calcium absorption.
- May decrease herpes outbreaks and shorten flares.
 - May lessen high blood pressure.

Zinc

- Zinc is a nutrient that helps your metabolism function properly.
- supports your immune system, and keeps you healthy in many other ways.
 - It can also help your body produce proteins and DNA
 - decrease inflammation
 - heal wounds more quickly
 - suppress oil-producing glands to treat acne.

NAD

- to help activate antioxidants and provide natural anti-inflammation effects.
- Increase serotonin levels, which can act as a mood stabilizer to help with mental conditions like anxiety and depression.

Mineral 6

What are the benefits of trace elements IV infusion?

Trace Mineral Intravenous therapy can be very helpful in speeding recovery post surgery or after physical trauma. It can also can improve clinical detoxification, enhance energy, and improve metabolic efficiency.
