EARLY CHILDHOOD EDUCATION CASE STUDY

Kylie's journey – *progressing into senior roles through steady learning and career development*

10 YEAR PERIOD

HIGH SCHOOL

Kylie knows she wants to work with young children, so she gains experience working as a nanny in her neighbourhood and in a part-time retail job at the local supermarket.

TRAINEESHIP

After leaving school Kylie enrolls in a traineeship where she begins working as a childcare worker in an Early Learning Centre, whilst obtaining a Certificate III in Early Childhood Education & Care.

UNI

After a few years Kylie enrolls in a Bachelor of Early Childhood Education. She continues working part-time at the centre while studying.

PROFESSIONAL ROLE

Kylie works full-time as an early childhood teacher.

Kylie's early expertise and additional qualifications opened opportunities, demonstrating the strong progression available within the sector.

Like 38% of her peers, Kylie stayed in early childhood education long-term because she had real pathways to senior roles, further study, and leadership.
