To Manager/ HR Team:

Subject: Yoodli corporate reimbursement letter

This is to request reimbursement for your employee's Yoodli learning subscription. Yoodli is an AI powered speech coach that provides employees with private and real time feedback on their communication skills and unconscious bias (think of Yoodli as grammarly for speech). More details at www.yoodli.ai. Yoodli is being used by organizations worldwide including Microsoft, Toastmasters International, and Coursera.

Most major companies offer Yoodli reimbursements as part of employee professional development benefits. Some examples at www.yoodli.ai/press. Your employee should attach their Yoodli invoice along with this letter.

You can reach out to us at info@yoodli.ai if you have questions or if you'd like to partner with us more broadly.
