0 of 0 people found the following review helpful. This is a great handy item to have on hand during clinical rotations. It provides quick reference to the many situations you may find yourself in. worth it. By Mistya ton of useful info

Filled with checklists, illustrations, diagrams, flowcharts, and tables, this handy pocket reference gives nurses instant access to essential clinical facts in maternal-neonatal nursing. Contents are organized into tabbed sections: Assessment, Disorders, Diagnostic Tests, Skills, Medications I.Vs., and Patient Teaching. Coverage includes laboratory values, troubleshooting equipment, drug administration, conversion formulas, I.V. flow rates, and much more. Graphic icons: Alert (clinical cautions, warnings, and important facts) and Snapshot (explanations of pathophysiology).
