## Foot measurement chart

Here's how to do it:

- Cut or fold the paper along the dotted line at the bottom
- Put the paper right up to the edge of a wall
- Stand on top of the paper with your heel against the wall - it is important that you do not sit down but stand up.
- Be sure to measure your longest foot
- Place the weight on the foot you are measuring
- Draw a line in front of your longest toe
- Measure the dimensions and find your size in the table

Foot length (cm)	Size		
	EU	US	UK
23,1 cm	37	6,5	4,5
23,8 cm	38	7,5	5,5
24,6 cm	39	8,5	6,5
25,4 cm	40	9,5	7,5
26,2 cm	41	10,5	8,5
27,1 cm	42	11,5	9,5
27,6 cm	43	12,5	10,5

If you are between two sizes, choose the smaller of the two.
