K20 PRO

Fingerprint Time & Attendance Terminal

K20 Pro, with self-service reports (SSR) stored in the terminal, is a 2.8-inch TFT screen time and support terminal and a simple access control function. TCP/IP communication is a function standard that ensures fluid data transmission between the terminal and the PC in several seconds. And the USB host makes data management extremely simple. The most important thing is that the built-in battery can eliminate the problem of power failure. With a sleek look and reliable quality, you can get the best out of it.

Features:

- Simple access control or external bell
- TCP/IP, USB Host
- Built-in Battery
