I think that **Visual Studio 2015 Cookbook - Second Edition** are great because they are so attention holding, I mean you know how people describe Visual Studio 2015 Cookbook - Second Edition By Jeff Martin good books by saying they cant stop reading them, well, I really could not stop reading. It is yet again another different look at an authors view.

The many reviews about Visual Studio 2015 Cookbook - Second Edition before purchasing it in order to gage whether or not it would be worth my time, and all praised Visual Studio 2015 Cookbook - Second Edition:
2 of 2 review helpful Broad and shallow By none Broad and shallow I was interested in Universal Windows Platform apps that s just one chapter and that chapter is little more than a rewrite of Microsoft online documentation Cannot judge the other chapters but all appear to be VERY BASIC Only consider this if you are new to Visual Studio In fact books written for VS 2013 or Windows 8 1 development have more and more Key FeaturesGet to grips with all the new Visual Studio 2015 features regardless of your preferred programming languageApply Visual Studio to all areas

of development writing debugging and application lifecycle maintenanceStraightforward and hands on advice for building both Windows and Android appsBook DescriptionVisual Studio 2015 is the premier tool for developers targeting the Microsoft platform Learning ho About the Author Jeff Martin Jeff Martin has been a contributing writer for InfoQ http www infoq com for over four years focusing on NET and Microsoft based platforms Experienced in writing testing and designing software he enjoys learning abo
