From the Desk of Management

Our children represent our hopes and dreams. As a parent, you want the best for your child and we are proud to be working with you to ensure that they are given the right knowledge to face future challenges.

Parents, students and the school authorities are a team and complement each other's efforts. At LDC Public School, we hope to create an atmosphere of reverence for education and a healthy environment where work, sports and co-curricular activities will mould our students and spur them on to be the brightest and the best. In order to do this, the parents and the school authorities must work together to inculcate certain values in the students.

A large part of a child's active life is spent in the school. However every child gets his/her emotional stability from the parents. It is the parent's attitude that a child absorbs and the interest and time that parents invest in children, is crucial for their development. We have had excellent cooperation and guidance from all the parents in the past and hope for the same in the future also.

We welcome suggestions from all parents and guardians. The Principal, management and the teachers are always willing to give a patient listening to your thoughts in all spheres of educational activities.

We wish you all a very rewarding and successful experience at LDC Public School.

Divya Gupta

When asked to take a moment to think back to one's childhood years, chances are about a portion of events that anyone would mention would involve their schools in one way or the others. Of course, other social settings also mould child's development but in power and breath of influence, none comes other than the school. It is after all, the school that is the child's prime and longest lasting context for the development.

The school introduces the child to the world as they come to know it, through the opportunity it offers them to play, learn and explore. The attachments children form with teachers and their group last a lifetime, and they serve as models for all future relationships. Day to day interaction with teachers, help the children to be futuristic with the sense of responsibility. With teacher playing such a key role in a child's development, schooling can be the most time consuming, challenging and rewarding work of child's life. Nothing brings more joy and pride to a teacher than a happy, healthy and a successful child.

Pooja Gupta

From the Principal's Desk

*"The Aim of Education is the Knowledge
Not of Facts but of values"*

We have accomplished another year with various achievements leaving landmarks in the field of education. It's our proud privilege now to be a CBSE affiliated school. This is yet another step towards excellence in the field of education.

Whatever we have achieved in this session is a co-operation of all the pillars of LDC Public School, vigilant and cooperative management, dedicated and committed staff, congenial relationship with the parents and continuous enthusiasm and vigour of my dear students.

Every child is special with something unique in his / her personality. We at LDC do take care of this and our method of teaching is child centered. Here teachers are facilitators and they use interactive discussions and hands on approach to help the students learn and apply the concepts.

We focus on various innovative ways where we can give maximum support to improve the weaker areas of our students. We use subjective and objective methods for doing the same. This way the bright students excel and the weaker ones get opportunity to propel forward with the help of entire team. We expect guardians to also take keen interest in observing and moulding their behaviour at home.

I am privileged to be associated with such a noble cause and I need support for this endeavour. Together we can grow out, moulding students into proud citizens of this nation.

LDC Public School prepares its children to educate themselves throughout their lives.

Mrs. Seema Singh
Principal

From the Desk of Co-ordinator

We look forward to fostering a safe, nurturing and a respectful learning environment where all students can excel. We encourage all students to be active participant in various clubs and enrichment activities that the school has to offer as these school-related activities are a significant component of the educational experience. I also encourage our parents to become involved in the educational process. "We need your support". Furthermore it is our ultimate Endeavour to foster collaboration among the entire community to ensure the best possible education for

each student. We welcome you dear parents to join hands with us in this wonderful journey.

Sweta Agrawal
Co-Ordinator

From the Desk of Academic Head

I express my best regards to all the students and their guardians on a successful completion of Academic Year 2013-14. This year our first batch of class IX appeared for Summative Assessment and PSA wherein the Question papers were sent by CBSE board. OTBA(Open Text Book Assessment) has been introduced. ASL(Assessment of Speaking and Listening) was done. Factual and Conceptual reap test was introduced and which brought a positive change in the learning process of the students and overall up gradation in Academics has been observed in the session 2013-14.

The Science Exhibition (Aug 28th - 30th)

This year L.D.C Public School participated in Regional Science exhibition held in Tagore Public School for three days (28th - 30th August). This event was conducted by CIRSE. More than hundred schools from the state had participated with their attractive and innovative models. These models were based on various themes highlight the problem and their solution which a common man has to face in his day today life. We had presented the working models of wind-mill under 'Non-Convention Energy Resources' theme. The other one was displaying the effect of pollution on Earth. It was a very nice and learning experience for the students as well as for the teachers. Many eminent personalities from the Education field exchanged their knowledge on various issues and thus enriched our knowledge.

Rangoli Competition

This competition made us acquainted with the hidden talent of Class 1st and 2nd students. They showed a great hand, that everyone was bound to appreciate their work. Chief Guest of this competition was Mrs. Divya Gupta. She was very happy and appreciated the creativity of L.D.C. Children. She judged the competition and finalized the 1st, 2nd & 3rd prize amongst each group.

The 1st Prize winners were
Group 'A' - 2 C
Group 'B' - 5 B
Group 'C' - 6 A

LDC Students had a very enjoying & learning visit to the Anand Bhawan

Educational Trips

Visit to Parle-G & O'Yes Factory: Students of Class UKG, 1st and 2nd visited Parle-G and O'Yes factory located in Naini. Students went around the factory and saw the manufacturing of their favourite Biscuits, Candies and Salty Puffs. Children enjoyed Parle-G movie in the auditorium of Parle-G factory and relished the freshly baked biscuits. It was a fun-filled trip for the little ones.

This year on Gandhi Jayanti i.e. 2nd Oct 2013, the students of various houses presented their views on the major revolutionary steps taken by 'BAPU'. The event was organized by all house co-ordinators, the speech was delivered in Hindi, our mother tongue.

This event was anchored by Miss Nidhi Pandey. She started the event with a slogan, after that the students of different houses recalled the path-breaking steps that Gandhi Ji took to make our country free from the British rule. They ended their speech with famous slogan of Gandhi Ji. It was a day to take a pledge to abide by the teachings of Mahatma and to live by his values. Last but not the least, the principal of LDC Public School Mrs. Seema Singh, shared some more interesting facts about Gandhi Ji and motivated the students to follow the path of non-violence and truth.

The winner was Bushra Naaz (4th std) of Ramon House.

November

Theme: Health and Hygiene

A Visit to Shyam Dairy Factory

Students of Class VI to IX went on an Educational Trip to Shyam Dairy Factory located in Naini. It was a rich experience for our students, where they gathered information about the processing of milk and other milk products.

Bal Mela & Prize Distribution

To celebrate Children's day LDC gears up to make the day fun-filled for its children by organizing a BAL-MELA. It's a team work of all the students, teachers and management for fun and frolic. This year we had varieties of games and food stalls. To pay rich tribute to Pt. Jawahar Lal Nehru on his birthday, children who had always been Apple of his eye, were facilitated with attractive prizes and certificate in the Annual Award Function. Mr. Yagya Dutt Sharma, MLC was the chief-guest for the occasion.

Accolade to Raibhaktishnan boxer for winning the first position in Soft board display whose topic was Communicable and Non-communicable disease. Sound mind lies in a healthy body.

A two days CCE Training was organized by TEACHERSITY, an empanelled organisation of CBSE in the school premises on 16th and 17th of November, 2013. Dr. S.P. Sharma sir a renowned and quite experienced in the field of Education and Research, was the trainer for these two days.

REPUBLIC DAY

REPUBLIC DAY CELEBRATION: The flag was hoisted at 8 o'clock in the morning and we all paid homage to the leaders and soldiers of our country, who were always ready to sacrifice their everything for the sake of betterment of our country and welfare of its people.

G.K. Quiz

Ideally the G.K. Quiz seeks to encourage the growth and development of general knowledge as an important life skill among children.

The Inter-house G.K. Quiz of LDC Public School was held in the month of January. All the participants were divided into three groups Group A of class I and II, Group B of class III and IV and Group C of Class V-IX. All the participants participated with great enthusiasm.

Vivekananda House came first in Group 'A'
Vivekananda and Raman house came first in Group 'B'
Vivekananda house came first in Group 'C'

February

On 20th February, 2014 LDC Public School celebrated its Annual Sports and Cultural Meet. Mr. Rajesh Parohit, the Director of Allahabad Museum was the chief guest of the event. He hoisted the school flag and declared the Annual Sports open. The theme of the event was 'Five Elements of Nature'. Students presented various Sports and Cultural programmes. Radhakrishnan house was awarded the Best house.

Environment

Saving our Resources

Human beings are dependent on natural resources for their livelihood. Due to increase in population and building up of towns and cities, resources are either getting used up faster than ever or they are getting polluted. This has resulted in the depletion of renewable as well as non-renewable resources, thus resources need to be conserved and saved before they are all used up.

Arisha Mansoor (Class-IV)

Polluting our Earth

We know that the Earth, our home, is a unique planet, we carelessly harm the very air, water, and soil that help us to live. This is how it happens - we use many resources from the environment to support our increasing population and its needs. As a result, we release waste into the environment. This waste harms the environment. The contamination of the environment land, water, and air by waste, smoke, chemicals and other harmful substances is called pollution. A waste substance that causes pollution is called a pollutant.

The most serious type of pollution occurs in areas with large cities and many factories. The four main types of pollution are air pollution, water pollution, noise, and soil pollution.

Dheeraj Yadav (Class-VI)

The Earth is Crying

The earth is in tears.
Explosions and erosion
Deforestation and pollution
Are some of its many fears
The earth is crying
Shooting and looting
Killing isn't so thrilling

All you can hear on shores
All the ships' land roars
The children are crying
People and animals are dying
The earth is in tears
These are some of its fears.

Ruchi (Class-VIII)

And no longer birds seen flying.

History

Alexander

Alexander Pope born on 21st May, 1688 was an 18th century English poet, best known for his satirical verse and for his translation of Homer. Famous for his use of the heroic couplet, he is the third most frequently quoted writer in the Oxford Dictionary of Quotations, after Shakespeare and Tennyson. Pope's most famous poem is the Rape of the Lock, and Mock Epic, it satirizes a high society quarrel between Arabella Fermor and Lord Petre.

Shivam Sahu (Class VI)

Lokmanya Tilak

Lokmanya Tilak is one of the most popular leaders of our country. There are many reasons for him being popular. One of the reasons for his popularity is his famous slogan "Swaraj is my birth right and I shall have it" which he gave bravely to the British. He was born in Ratnagiri on 23rd July, 1856. He was a clever student. He made the people aware of how the British did injustice to the Indians. He started a new school in Pune. He died on 1st August 1920.

Shishir Mishra (Class VI)

आर्यभट्ट

प्राचीन समय में हमारे यहाँ कई ऐसे महात्त वैज्ञानिक एवं विद्वान हुए हैं जिनके विषय में हमारी जानकारी न के बराबर है। पर उन्होंने जिन सिद्धांतों एवं सत्यों की खोज की, वे आज के वैज्ञानिक युग में सही प्रमाणित हो रहे हैं। आर्यभट्ट भी ऐसे महात्त वैज्ञानिक थे। आर्यभट्ट आज के सबसे पहले वैज्ञानिक एवं गणितज्ञ थे। वैदिककाल में भी प्रयोगिक दृष्टि से आर्यभट्ट ने ही बताया कि पृथ्वी घूर्णती है और तारासमूहल स्थिर हैं तथा आर्यभट्ट ने ही गणित में दशमलव पद्धति का आविष्कार किया। आर्यभट्ट का जन्म आज के लगभग ४६६ हजार वर्ष पूर्व आज के दक्षिण में मोदासी लकी के किलोरे स्थित अज्ञात ग्रामक जलपट में हुआ था। बचपन से ही उसकी गणित और उद्योगिध में विशेष रुचि थी। आर्यभट्ट पौराणिक कथाओं में कम विश्वास करते थे।

प्रश्न निश्चय- कक्षा : ५

Philosophy

Nature

A Recipe of Happiness

Take a brimming cup of patience,
And a big heart full of love,
Add two handfuls of generosity
To all of the above.
Then blend in a dish of laughter,
Add some understanding too.
Sprinkle generosity with kindness,
And memories, old and new
Add a lot of faith and mix well,
To make it rich and sweet,
Add share a portion of it,
With everyone you meet.

Saqib (Class VI)

Positive Thoughts

- If you change the way you look at things, the things you look at change.... *Dr. Wayne Dyer*
- Every problem has in it the seeds of its own solution. If you don't have any problem you don't get any seed..... *Norman Vincent Peete*
- The problem is not that there is a problem. The problem is expecting otherwise and thinking that having problem is a problem... *The Odeur Rubin*
- Pessimist: A person who says that 0 is the last letter of zero, instead of the first letter of Opportunity..... *Anonymous*
- Blessed are those who can give without remembering and take without forgetting.... *Elizabeth Bibesco*
- A man is what his thoughts make him..... *Anonymous*
- Think like a man of action and act like a man of thoughts.... *Henri L. Bergson*
- Half of the troubles of this life can be traced by saying yes too quickly and not saying no soon enough.... *Josh Billings*
- Even if you are on the right track, you will get run over if you just sit there..... *Will Rogers*
- We don't see the things, the way they are but we see the things the way we are.... *Talmud*

Rupesh Pandey (Class VIII)

Some people dream of success while others wake up and work hard at it.

कुछ लोग सफलता के सपने देखते हैं, जबकि अन्य जागृत जागृत हैं और उनके सपने सच हो जाते हैं।

Mansi Modarwal (Class VI)

Recreation

The Best Medicine is Recreation

Read to Speak

- Betty bought a bit of butter but the bit of butter that Betty bought was bitter. So Betty bought some better butter to make the bitter butter better.
- I thought a thought. But the thought I thought wasn't the thought I thought I thought.
- If the thought I thought my thought had been the thought I thought, I wouldn't have thought so much.
- She Sells Sea Shells on the Sea Shore, but the Sea Shells that She Sells, on the Sea

Knock Your Brain

- Q1. Why is honey rare in Bihar?
Ans. Because there is only one B in Bihar.
- Q2. Which driver doesn't need any license?
Ans. Screw-driver.
- Q3. What do you call a sleeping bean?
Ans. Soya bean.
- Q4. Which room has no walls, doors or windows?
Ans. Mushroom.

Ravi Prakash Gupta (Class-DG)

Editorial

In continuance with the tradition of taking new initiatives, we have compiled our school magazine 'Impression 2013-14'. I believe this novel idea of introducing the monthly event is a step in the right direction towards building a concrete platform for students to showcase their creativity and endowment.

Dr. A.P.J. Abdul Kalam's thoughts seem to be quite relevant here - "One should never worry about one's future prospects. Instead, it is more important to lay sound foundations, have sufficient enthusiasm and an accompanying passion for one's chosen field of study."

We hope that our amateur writers blossom into prolific ones in the years to come.

I thank Divya Ma'am and Seema Ma'am for helping me take out this edition of Impressions.

Amar Singh

Maths

Learning Tables made easy

$20 \times 1 = 20$, $21 \times 1 = 21(20+1)$,

$$20 \times 1 = 20$$

$$20 \times 2 = 40$$

$$20 \times 3 = 60$$

$$20 \times 4 = 80$$

$$20 \times 5 = 100$$

$$20 \times 6 = 120$$

$$20 \times 7 = 140$$

$$20 \times 8 = 160$$

$$20 \times 9 = 180$$

$$20 \times 10 = 200$$

$$21 \times 1 = 21(20+1)$$

$$21 \times 2 = 42(40+2)$$

$$21 \times 3 = 63(60+3)$$

$$21 \times 4 = 84(80+4)$$

$$21 \times 5 = 105(100+5)$$

$$21 \times 6 = 126(120+6)$$

$$21 \times 7 = 147(140+7)$$

$$21 \times 8 = 168(160+8)$$

$$21 \times 9 = 189(180+9)$$

$$21 \times 10 = 210(200+10)$$

$$22 \times 1 = 22(21+1)$$

$$22 \times 2 = 44(42+2)$$

$$22 \times 3 = 66(63+3)$$

$$22 \times 4 = 88(84+4)$$

$$22 \times 5 = 110(105+5)$$

$$22 \times 6 = 132(126+6)$$

$$22 \times 7 = 154(147+7)$$

$$22 \times 8 = 176(168+8)$$

$$22 \times 9 = 198(189+9)$$

$$22 \times 10 = 220(210+10)$$

Mukesh Yadav (Class IX)

Quick Square

Note: If you need square of 2 digit number ending in 5, we can do it very easily in the following steps:

Step1: Multiply the first digit by itself + 1, and place 25 at one end...

Step2: here we get the square...

Example: $25^2 = 2(2+1)$ and 25
 $= 2 \times 3$ and 25 $= 6$ and 25 $= 625$

Numeric Palindrome with 1's

$$1 \times 1 = 1$$

$$11 \times 11 = 121$$

$$111 \times 111 = 12321$$

$$1111 \times 1111 = 123421$$

$$11111 \times 11111 = 123454321$$

$$111111 \times 111111 = 12345654321$$

$$1111111 \times 1111111 = 1234567654321$$

$$11111111 \times 11111111 = 123456787654321$$

$$111111111 \times 111111111 = 12345678987654321$$

Kids Corner

Can You Tell!!!!!!

- 1.Which pet is a non-living thing!
- 2.Which cell has no light!!!
- 3.Which ship can not sail!
- 4.Which rain can not drench you!
- 5.Which sports sound bad!

Ans: carpet, blood cell, friendship, train, badminton.

Wahida

I love my India

Assam for tea leaves
Bengal for writing
Bihar for minerals
Delhi for duty
Gujarat for milk
Himachal for apples
Kashmir for beauty
Maharashtra for victory
Mysore for silk
Orissa for temples
Punjab for unity
India for integrity.....
