### **Story-The Hare and The Tortoise**

One day, a tortoise and a hare wanted to run a race. When the race began, the hare ran off very fast. Soon, the tortoise was left far behind.

“I am sure to win the race,” said the hare to himself.” Let me take a little nap.” But he overslept. The tortoise kept on walking, slowly and soon passed the hare. When the hare awoke, he saw that the tortoise was already at the winning post.

We learn from this story, “Slow and Steady wins the race”.
