Holidays Homework

CLASS - VIII

Hello,

Dear Students Holidays are extremely important and enjoyable for children, but it is also crucial to utilize them in a way that maximizes their benefits. I always advise children to spend quality time with their grandparents and parents during the holidays. They should ask their grandparents about their past experiences and, at the same time, discuss their future aspirations with their parents. It is important for all children to take care of their health and pay attention to maintaining a balanced diet. Make sure not to disturb your routine of waking up early in the morning and going to bed on time at night. Always find time for physical sports and stay as happy as possible.

BLESS YOU ALL
Lots of love
