## CONTENTS

|                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |       |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------|
| <i>Chapter 1</i> | <b>INTRODUCTORY : GENESIS OF THE CO-OPERATIVE MOVEMENT</b> ...                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           | 1-16  |
|                  | ✓ Genesis of the Co-operative Movement. The March of the Movement. Definitions of Co-operation. Lambert's Definition. Legal Definitions. Characteristics of Co-operative Economy. Benefits of Co-operation. Economic Benefits. Social Benefits. Educational Effect of Co-operation. Co-operative Society—Medium of Democratic Planning.                                                                                                                                                                                                                                                                                  |       |
| <i>Chapter 2</i> | <b>CO-OPERATIVE PRINCIPLES : ANALYSIS AND EXPLANATION</b> ...                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            | 17-41 |
|                  | ✓ Co-operative Principles. Difference between Principles and Practices. 1937 Committee. 1966 ICA Commission on Co-operative Principles. Analysis and Explanation of Co-operative Principles. Voluntary Association or open Membership. Democratic Control. Distribution of Surplus. Co-operative Education. Co-operation among Co-operatives or Mutual-help. Principle of Growth. Self-help through Neutrality. Cash Trading. Political and Religious Equity, Unity and Fraternity. Principle of Service. Ownership. Honest Trading. Honorary Service. Social Federalism. <u>Application of Co-operative Principles.</u> |       |
| <i>Chapter 3</i> | <b>CO-OPERATION AND OTHER FORMS OF ENTERPRISES</b> ...                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   | 42-52 |
|                  | Co-operation and Capitalism.<br>Co-operation and Socialism.<br>Co-operation and The Middle Way.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |       |
| <i>Chapter 4</i> | <b>RURAL CREDIT AND CO-OPERATION</b> ...                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 | 53-65 |
|                  | Need for Agricultural Credit. Role of Co-operatives. Classification of Credit. Short-term Credit. Medium-term Credit. Long-term Credit. Estimates of Rural Credit. Overall Position of Institutional Credit. Criteria of Sound Agricultural Credit. Estimated Resources in 1973-74.                                                                                                                                                                                                                                                                                                                                      |       |
| <i>Chapter 5</i> | <b>HISTORY AND GROWTH OF CO-OPERATIVE MOVEMENT IN INDIA</b> ...                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          | 66-80 |
|                  | ✓ Nicholson's Report. The First Stage of the Movement (1904-11). Second Stage (1912-18)—Period of Hurried                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |       |

Expansion. Maclagan Committee Report. Defects in the Working of the Movement. The Third Stage (1919-1929)—Period of Unplanned Expansion. Reports of Committees and Commissions. Fifth Stage (1929-30 to 1938-39)—Period of Consolidation and Re-organization. Period of Recovery (1939-46). Agricultural Finance Sub-Committee. Co-operative Planning Committee. Position before Independence. Chief Characteristics of Co-operative Movement before Independence. Causes of Slow Growth.

*Chapter 6*

**CO-OPERATION DURING THE PLANNING ERA ... .. 81-111**

The First Five Year Plan. Rural Credit Survey Committee. Second Five Year Plan. National Development Council—Policy Resolution (1958). Shift in Policy. Committees and Working Groups. Working Group on Panchayats and Co-operatives. Study Team on Co-operative Training. Committee on Consumer's Co-operation. Third Five Year Plan. Broad Objectives. Working Groups and Committees during Third Plan. Committee on Co-operative Administration. Committee on Co-operative Marketing. Committee on Co-operation. Progress during Third Plan. Programme during the Fourth Plan. All India Rural Credit Review Committee. Conference of State Ministers for Co-operation (1969)—Highlights of Co-operative Movement during the Planning Era.

*Chapter 7*

**CO-OPERATIVE BANKING STRUCTURE ... .. 112-178**

Agricultural Credit Societies. Coverage of Villages and Rural Population. Geographical Distribution. Organization and Registration. Objects. Predominance of Agricultural Credit Societies. Dormant Societies. Causes of Dormancy. Area of Operation. Realienation of Limits of Area and Population. Liability. Demerits of Unlimited Liability. Membership. Sources of Working Capital. Share Capital. Government Participation. Linking of Share Capital with Borrowings. Reserve Funds. Deposits. No Emphasis on Thrift. Borrowings. Loan Operations. Proportion of Borrowing Members. Why Members do not Borrow. Purpose of Loans Advanced. Utilization of Loans. Reasons for Diversion Crop Loan System. Rate of Interest. Danger of Facile Credit Security. Repayment of Loans. Overdues—Causes and Remedies. Management. Audit. Supervision. Inspection. Qualitative Assessment. Audit Classification. Net Result of Operations. Weaknesses of Agricultural Credit Societies. Suggestions.

*Chapter 8*

**RE-ORGANIZATION OF AGRICULTURAL CREDIT SOCIETIES ... .. 179-209**

Multi-purpose Societies. Meaning and Functions. Membership and Area of Operations. Liability. Advantages and Disadvantages. Multi-purpose Societies in Foreign Countries. Progress. Causes of Poor Performance.

Essentials for Success. Large-sized Societies. Essential Features. State Partnership. Programme. Performance and Progress. Directives of Ministry. N. D. C. Resolution. Working Group on Co-operative Policy. Neglect of Large-sized Societies. Superiority of Large-sized Societies. Service Co-operatives. Definition. Functions. Distinction between Old Primaries and Service Societies. Pattern of Organization. Managerial Grant. Liability. Management. Mode of Conversion. Measures for Speedy Development. Evaluation. Viable Primaries. Definition. New Criteria. Programme and Progress. Importance of Programme. Suggestions.

*Chapter 9*

**CENTRAL CO-OPERATIVE BANKS** ... .. 210-246

Historical Retrospect. Position before Plan Period. Weak Capital Structure. Re-organization and Amalgamation. Types of Central Banks. Objects and Functions. Size and Area of Operation. Advantages of a District Bank. Membership. Branch Banking. Sources of Working Capital. Share Capital. Statutory and other Reserves. Agricultural Credit Stabilization Fund. Owned Funds. Deposits. Dependence on Borrowings. Loan Operations. Procedure of Advancing Loans. Statewise Position. Purpose. Overdues. Rate of Interest. Security. Supervision. Management. Key Personnel. Profit and Loss. Defects and Difficulties. Suggestions. Summing up.

*Chapter 10*

**APEX CO-OPERATIVE BANKS** ... .. 247-268

The Role of Apex Bank. Functions and Objects. Position before First Plan. Defects in Loan Operations. Rehabilitation and Re-organization. Amendments to the Reserve Bank of India Act. Progress during Plan Period. Problems Arising out of Re-organization of States. Branch Banking. Membership. Sources of Working Capital. Share Capital. Reserve Funds. Stabilization Fund. Owned Funds. Deposits. Borrowings. Reserve Bank and Apex Banks. Reduction in Concessional Rate. Loan Operations. Rate of Interest. Management. Cost of Management. Evaluation. Disquieting Trends. Suggestions.

*Chapter 11*

**NON-AGRICULTURAL CREDIT MOVEMENT** ... .. 269-289

Need for Urban Banking. Origin and Development. Progress during War Period. Progress during Plan Period. Co-operative Position. Coverage. Form of Liability. Types of Societies. Urban Banks. Objects and Functions. Area of Operation. Membership. Management. Resources. Deposits. Banking and other Facilities. Investment. Net Result of Operations. Employees Co-operative Credit Societies. Objects and Functions. Management. Resources. Loan Operations. Non-Credit Activities. Welfare Activities. Assistance and Facilities. Comparison with

Agricultural Credit Societies. Audit Classification. Reasons for Better Performance. Defects and Difficulties. State and Urban Credit Societies. Role of Urban Banks and Employees Credit Societies. Objectives and Suggestions.

*Chapter 12*

**LAND DEVELOPMENT BANKS...**

290-330

Unsuitability of Primary Credit Societies. History of Land Development Banks. Primary and Central Banks. Long-term Structure. Advantages of Federal Structure. Sources of Finance. Share Capital—State Partnership. Ordinary Debentures. Rural Debentures. Revised Scheme. Difficulties in Raising Rural Debentures. Special Development Debentures. Deposits. Purpose of Loans. Loans for Productive Purposes. Duration and Quantum of Loans. Security and Valuation. Rate of Interest. Procedure of Advancing Loans. Overdues. Management. Achievements. Defects and Difficulties. Suggestions. Future.

*Chapter 13*

**AGRICULTURAL REFINANCE CORPORATION**

331-343

Purpose. Resources. Business Financing Agencies. Guide-lines for preparation of Schemes. Management. Membership. Eligible Institutions. Cost-Benefit Surveys. Economic Feasibility Study. Technical Plan. Security. Rate of Interest. Period of Loan. Terms and Conditions. Suggestions. Future Role of the Corporation. Suggestions of Rural Credit Review Committee.

*Chapter 14*

**CO-OPERATIVE MARKETING**

344-387

Special Features of Agricultural Marketing. Types of Markets. Market Functionaries. Marketing Costs. Indian Farmers and Marketing Disabilities. Importance of Efficient Marketing. Role of Co-operative Marketing. Aims and Objects. Advantages. Co-operative Marketing in Foreign Lands. Need for Co-operative Marketing in India. History and Growth. Progress during Plans. Programme during the Fourth Plan. Physical Targets. Structure and Organization. National Federation. State Federation. Central Marketing Societies. Primary Marketing Societies. Business Practices—Commission Agency. Outright Purchases. Pledge Advances. Grading and Pooling. Trade Credit. Linking of Credit with Marketing. Finance—Short-term and Long-term. Sources of Finance. Management and Personnel. Evaluation. Defects and Difficulties. Causes of Poor Performance. Suggestions.

*Chapter 15*

**CO-OPERATIVE PROCESSING**

388-414

Need and Importance. Historical Background. Programme during Third Plan. Co-operative Sugar Factories.

Membership, Sources of Finance, Pattern of Financing, Financing of Block Capital, Production of Raw Sugar, By-product Industries, Structure, Management, Rural Entrepreneurs, Problems of Sugar Co-operatives, Cotton Processing, Co-operative Spinning Mills, Co-operative Processing of Oilseeds, Co-operative Cold Storage, Processing of Plantation Crops, Paddy Processing, Block Capital Loans from Co-operative Banks, Organization and Structure, Result of Operations, Feasibility Studies, Defects and Difficulties, Suggestions.

*Chapter 16*

**CONSUMERS' CO-OPERATION**

... .. 415-456

Meaning and Objects, Origin and Development, Progress in India, Dormant Stores, Progress in Five Year Plans, Centrally Sponsored Schemes, Scheme for Industrial Workers, Scheme for Rural Areas, Co-operative Stores in Universities and Colleges, Organization and Structure, National Co-operative Consumers' Federation, State Co-operative Consumer Federation, Wholesale Stores, Super Bazaars, Primary Stores, Problems in Increasing Membership, Purchase Policy, Arrangements for Supply of Consumer Goods, Price Policies, Active Price Policy, Holding the Price-line, Management, Functions of General Body, Board of Directors, Functions of the Board, General Manager, Character and Qualification, Position and Function, Delegation of Authority, Training and Education of Personnel, Future of Consumers' Co-operation, Causes of Poor Performance, Suggestions, Programme in the Fourth Plan.

*Chapter 17*

**CO-OPERATIVE FARMING**

... .. 457-492

Large-scale Farming, Collective Farming, State Farming, Corporate Farming, Co-operative Farming, Better Farming Society, Joint Farming Society, Tenant Farming Society, Collective Farming Society, Difference between Collective and Co-operative Farming, What is Co-operative Farming, Chief Characteristics, Co-operative Farming in Foreign Lands, Co-operative Farming in India, Progress during First and Second Plans, Broad Guiding Principles, Financial Assistance, Technical Guidance, Education and Training, Progress during Third Plan and Afterwards, Desirability of Co-operative Farming, Argument in Favour and Against of Co-operative Farming, Critical Analysis, Causes of Poor Performance, Suggestions.

*Chapter 18*

**HOUSING CO-OPERATIVES**

... .. 493-507

Introduction, Advantages of Co-operative Housing, Types of Housing Co-operatives, Organizational Structure, Housing Co-operative in Foreign Countries, Origin and

Development in India. Sources of Finance. Rural Housing and Co-operative Efforts. Bhopal Co-operative Housing Society. Problems and Suggestions. Summing up.

*Chapter 19*

**INDUSTRIAL CO-OPERATIVES**

508-541

Meaning and Objectives. Advantages of Industrial Co-operatives. Experience in Foreign Countries. Historical Retrospect in India. Progress during War and Post-war Period. Phenomenal Growth. Dormant Societies. Net Results of Operations. Types of Societies. Structure of Industrial Co-operatives. Establishment of Special Boards. Kinds of Industrial Co-operatives—Weaver's Co-operatives. Oil Crushing Societies. Palm Gur Societies. Coir Societies. Leather Co-operatives. Other Industrial Co-operatives. Co-operative Industrial Estate. Sources of Finance. Governmental Assistance. Central Co-operative Banks. Industrial Co-operative Banks. State Bank of India. Reserve Bank of India. L.I.C. State Financial Corporations. Pilot Scheme for Handloom Co-operatives. Guarantee Schemes. Problems. Suggestions. Programme for Fourth Plan.

*Chapter 20*

**OTHER FORMS OF CO-OPERATION**

542-559

Labour Co-operatives. Growth and Development. Government Concessions. Revised Scheme of Financial Assistance. Intensive Development in Pilot Districts. Weaknesses and Handicaps. Suggestions.
