

P. K. GHOSH

**ELEMENTS
OF
COSTING**

Contents

Introduction ... 1

Accounting Function—Financial Accounting—Cost Accounting—
Functions of Costing—Difference between Cost and Financial
Accounting—Management Accounting and Cost Accounting—
Place of Cost Accounting in the Organisational Structure—Cost
Control—Background in Terminology—Costs Classified—Analysis
of Total Cost : Elements of Cost— Methods of Cost Accounting—
Systems of Cost Accounting based on Actual Costs—Installation
of a costing system—Benefits of costing—Requisites of a good
costing system.

Direct Materials Cost : Accounting and Control ... 38

Definition and types of Materials—Materials Control—Ways and
means of control—A.B.C. Analysis—Codification and use of
Symbols—Setting inventory levels—Perpetual inventory—Conti-
nuous Stock-taking—Material Handling—Purchasing—Receiv-
ing and Inspection—Record of materials purchased—Storekeep-
ing—Organisation of stores—Bin Card or Stock Card—Issue of
materials—Materials Requisition—Bill of Materials—Materials
returned to Store—Transfer of Materials—Materials Record and
Accounting—Stores Ledger—Materials analysis and abstract—
Control Accounts—Adjusting Inventory discrepancies—Methods
of Pricing Material issues—Inventory Valuation.

3. Direct Labour Cost : Accounting and Control ... 102

Nature and Scope of labour cost control—Direct and Indirect
labour—Methods of wage payment—Relative effects of wage plans
—Labour cost control—Time-keeping—Piecework record—Idle
time—Organisation for wage payment—Payroll accounting—
Wages Sheet—Labour cost accounting and record—Chargeable
Expenses.

4. Overheads : Distribution and Control ... 140

Nature of overhead costs—Variability of overheads—Factory
overhead costs—Factory overheads requiring special consider-
ation—Accumulation of factory overheads—Production and
service cost centres—Recording factory overheads—Allocation
and Apportionment—Service Department overheads—Factory
overhead absorption—Methods of overhead absorption—
Choice of absorption method—Accounting entries—Disposition of

under and over-absorbed costs—Office and administrative over-
heads—Selling and distribution expenses—Overhead cost control
—Reconciliation of Cost and Financial Results—Steps in Re-
conciliation.

5. **Output and Operating Costing** ... 2

What is Output Costing—Variants of Unit Costing—Cost accu-
mulation for output costing—Cost Sheet : Production Account—
Production Orders—Work in Progress—Volume of Output and
Overhead rates for cost computation—Examples of output costing
—Joint Product Cost—By-products and scraps in output costing
—Operating Costing.

Appendix ... 2

Hints and Answers to Numerical Exercises
