

HEALTH EDUCATION

[A Text-book for Pupil-teachers]

By

Dr. S. P. Chaube

Recipient of the G. J. Watumull Memorial
Award in Education,
Department of Education,
Lucknow University,
Lucknow

Vinod Pustak Mandir

Hospital Road, AGRA

Contents

| | PAGE |
|---|--------------|
| CHAPTER 1 | |
| Scope And Uses | 1-4 |
| Summary 3 | Exercises 4 |
| CHAPTER 2 | |
| Factors Influencing The Growth of The Child | 5-9 |
| Differences in the Child's and Adult's Bodies 5, Heredity 6, Environment 6 | |
| Summary 9 | Exercises 9 |
| CHAPTER 3 | |
| Human Body ; Muscular System | 10-17 |
| General Structure of Human Body 10, Musculary System 12, Categories 13, Construction 13, Func- tional System of 13, Ingredients for the Formation of Muscles 15, Development of Muscles 16, Utility of Muscles 16 | |
| Summary 16 | Exercises 17 |
| CHAPTER 4 | |
| The Skeletal System | 18-36 |
| Specialities of Skeleton 18, Number of Bones 18, Shape, Size and Structure of Bones 20, Various Parts of Skeleton 20, Vertebral Column 22, Sternum 25, Upper Limbs 26, Lower Extremities 27, Hip Girdle 28, Bone Joints 30, Formation of Movable Joints 31, Func- | |

tions of the Joints 31, Unhealthy State of Joints 32,
Bone Diseases 32, Treatment 34
Summary 35

Exercises 36

CHAPTER 5
Respiratory System

37-47

Different Respiratory Organs 38, Mechanism of Res-
piration 41, Diseases of Respiratory Mechanism 44, 46,
Bronchitis 44, Inflammation of Tonsils or Tonsillitis 44,
Adenoids 45, Common Cold 45, Sore Throat 46
Summary 46

Exercises 47

CHAPTER 6
Circulatory System

48-64

The Blood 48, Red Corpuscles 49, White Corpuscles
50, Platelets 50, Plasma 51, Function of the Blood 51,
Circulation 52, Function of the Heart 54, Artery 56,
Capillaries 57, Veins 58, Expansion and Relaxation of
Chamber 59, Proofs of Blood Circulation 60, Lymphatic
System 60, Common Diseases of Lymphatic Glands 61,
Common Blood Diseases 62, Anaemia 62, Heart
Diseases 63
Summary 63

Exercises 64

CHAPTER 7
The Excretory System And
Skin Diseases

65-77

Kidneys 65, Structure of the Kidneys 67, Functions of
the Kidneys 67, Skin 68, Sebaceous Glands 70, Sweat
Glands 70, Nails and Hair 71, Functions of the Skin
71, Protection of Skin and Hair 71, Common Skin
Diseases 72-76, Impetigo 72, Itch 72, Eczema 73,
Ringworm 73, Skull Ringworm 74, Leg and Thigh
Ringworm 74, Chin Ringworm 75, Alopecia or Bald-
ness 75, Pediculosis 75, Lungs 76, Bowel 76
Summary 76

Exercises 77

(3)

CHAPTER 8
The Digestive System

78-89

Mouth Cavity 78, The First Stage of Digestion in the
Mouth 79, Digestion of Food in Stomach 81, Duode-
num 82, Liver 82, The Pancreas 83, Smaller Intestine
84, Larger Intestine 85, Absorption of Food 86, Assi-
milation of Food 86, Dyspepsia 87, Diarrhoea 87,
Constipation 88
Summary 88

Exercises 89

CHAPTER 9
Teeth and Their Diseases

90-103

Categories of Teeth 90, Formation of Teeth 92,
Common Teeth Diseases 93-100, Carries in the Teeth
94, Lack of Nourishing Food 94, Heredity 95, Not
Eating Hard Food 95, General Debility 95, Other
Causes 95, The Result of Diseased Teeth 96, Protection
and Health of Teeth 96, Pyorrhoea 99
Summary 100

Exercises 100

CHAPTER 10
Nervous System, Its Diseases And
Mentally Defective Children

101-126

Nervous System 101, Main Parts of Nervous System
103-115, Brain 102, Cerebrum 103, Structure of Cere-
brum 104, Functions of Cerebrum 105, Cerebellum
105, Functions of Cerebellum 106, Pons Variole 106,
Medulla Oblongata 107, Functions of the Spinal
Chord 108, Peripheral Nervous System 110, Brain
Peripheries 110, Nerves Starting From Spinal Chord
112, Sympathetic Nervous System 112, Special Nerve
Centers and Their Development 113, Word Deafness
114, Word Blindness 115, Categories of Mentally
Defective Children 115, Backward Child and His Care
115, Dull Child 116, Symptoms of a Dull Child and
His Care 116, Children with Mental Deformities 117,
Feeble-minded Child 118, Imbecile 118, Idiots 118,

Morally Defective Children 118, Symptoms in Children with Mental Defects 119, Education of Morally Retarded Children 120, Treatment of Mentally Retarded Children 121, Steps to Check the Number of Mentally Diseased Persons 121, Diseases of Nervous System 121, Stammering 122, Hysteria, 123, Epilepsy 124
 Exercises 126
 Summary 125

CHAPTER 11

The Reproductive System 127-135

Male Organ 127, Penis 128, Inner Structure of Penis 128, Testicles 129, Female Organs 131-135, Vagina 131, Ovaries 132, Fallopian Tubes 133, Uterus 133, Menses 133, Conception 134
 Exercises 135
 Summary 135

CHAPTER 12

The Ear And Its Defects 136-144

External Ear 136, Middle Ear 137, Internal Ear 138, Mechanism of Hearing 140, Deafness 140, Causes of Deafness 141, Symptoms of Defective Hearing 141, Caring of Ears 162, Hearing Test 142, Education of Children Having Defective Hearing 143, Common Ear Diseases 143
 Exercises 144
 Summary 144

CHAPTER 13

The Eyes And Sight 145-160

The Structure of the Eye 145, Sclerotic and Cornea 146, Choroid and Iris 147, Lens 148, Retina 149, Action of Optic Lobes 149, Sight 150, Short Sight or Myopia 151, Causes of Short-sightedness 152, Symptoms of Myopia 153, Treatment for Curing Myopia 153, Long Sight or Hypermetropia 154, Astigmatism 155, Squint Eye 155, Blindness 156, Special Care of Children with Defective Vision 156, Common Eye Diseases 157,

Stye 158, Blepharitis 158, Conjunctivitis 158, Keratitis 159, Cataract 159
 Exercises 160
 Summary 159

CHAPTER 14
Ductless Glands

161-165

Pineal Gland 161, Pituitary Gland 162, Thyroid Gland 162, Parathyroid Glands 163, Thymus Gland 163, Adrenal or Suprarenal Glands 164, Langerhans Islet Glands 164, Gonads 165
 Exercises 165
 Summary 165

CHAPTER 15

Nutritive And Balanced Diet 166-180

Constituents of Diet 166-176, Protein 167, Carbohydrate 167, Fat 168, Calcium 169, Vitamins 171, Balanced Diet 176, Malnutrition 178, Symptoms of Malnutrition 179
 Exercises 180
 Summary 180

CHAPTER 16

Air And Sun Light 181-186

Ventilation 183, Sun Light 185
 Exercises 186
 Summary 186

CHAPTER 17

Bodily Posture of Students 187-197

Home Causes 188, School Causes 188, Methods of Removing Posture Defects 189, Proper Posture at the Time of Reading 189, Position of the Paper 191, Teaching Writing 192, Method of Writing 192

CHAPTER 18

Ordinary Accidents And Their First Aid 198-210

Bone Fracture 198, Sprain 199, Dislocation of Bones 200, Bleeding 201, Wounds 203, Bruises 204, Insect Stings or Bites 204, Unconsciousness 205, Sunstroke or

(6)

Heat Stroke 206, Foreign Matter 206, Drowning 207,
Burns and Scalds 208
Summary 209

Exercises 210

CHAPTER 19

Physical Exercises, Fatigue and Rest 211-216

Benefits from Physical Exercises 211, Rules Relating
to Exercises 212, Fatigue 213, Some Measures for
Removing Fatigue 214

Summary 215

Exercises 216

CHAPTER 20

School Situation, Building, Furniture And
Medical Examination 217-229

Situation 217, Neighbourhood 217, Water and Air 218,
Soil 218, Direction and Surface 219, Construction and
Design 219, School Furniture 225, Provision for Medi-
cal Examination 227

Summary 229

Exercises 229

CHAPTER 21

Infectious Diseases 230-241

Causes of Infectious Diseases 230, Chief Characteristics
232, Symptoms 232, Prevention 232, Measles 233,
Mumps 234, Whooping Cough 234, Scarlet Fever 235,
German Measles 236, Diphtheria 236, Chicken Pox 237,
Small Pox 237, Influenza 238, Encephalitis Lethargia
238, Infantile Paralysis 239, Cerebro-Spinal Fever or
Meningitis 239

Summary 240

Exercises 241

(7)

CHAPTER 22

Health Education Programme
In a School 242-247

Importance 242, The Aims 243, The Programme of
Health Education 243, Basic Elements of Health Edu-
cation 245, The Method of Health Education 245,
Mental Hygiene 245

Summary 246

Exercises 247

Index

249-254
