Introduction

3

About This Book	4
Part I: Up and Running!	4
Part II: Let's Get Physical (Hardware)	5
Part III: Software	7
Part IV: Save Me!	8
Quick & Dirty Dozens	8
About This Book's Icons	9

I Up and Running!

10

1 Learn the Minimum — and Love It

13

Computers Scare Me!	14
You Need To Become Computer Literate—NOT	15
What This Book Is About	16
What's a PC?	17
A Clone? Is It Illegal?	17
But I Still Don't Understand What a Computer Is!	18
What Can You Do with a Computer?	19
What's All This Junk on My Desk?	21
Introducing a Desktop PC System	22
Do I Have To Know How All This Stuff Works?	27
The World of Computer Programs (Software)	27
Where Do I Go from Here?	31

2 On Your Mark, Engage

33

Setting Up Your System	34
Ouch, My Back Hurts!	35
Front Panel Stuff	36
Turn On, Tune In, Get Confused	39
How To Start Your Computer	39
Well, Did It Start?	40

I HATE

PCs!

What You See 41

The BIOS Message 41

Say Aaahh, and Let's Check Those Memory Chips 42

Hello, Drive A? 43

Loading DOS 44

What Now? 44

47

3 Read This If You See C:\...

The DOS Prompt, Beloved by Millions—Not! 48

Invoking (Er, Running) a Program 49

In Search of the Missing Program: Changing Directories 50

The DIR Command 53

Making a Graceful Exit 55

Turning Off Your Computer 56

Restarting the Computer 57

4 Read This If You See a Box That Says "Program Manager"

59

What is Windows? 61

Why Windows? 62

What Do You Mean, This Is Gooney? 62

Handy Guide to the Basic Mouse Maneuvers 65

Windows Calisthenics 65

Pull-Down Menu Basics 67

Dialog Box Basics 69

I Hate Using the Mouse! 70

And Now Back to Program Manager,
Already in Progress 71

Opening a Program Group Window
within Program Manager 72

Tile and Cascade 73

Launching Programs 75

Switching Back to Program Manager 76

Exiting a Windows Application 77

Quitting Microsoft Windows 79

II Let's Get Physical (Hardware)

80

5 Inside the Big Box

83

The Parts of a Typical System 84

 The Really Important Parts 85

 Forgettable Stuff Inside the System Unit 86

 Can I Really Forget the "Forgettable" Stuff? 87

486? Pentium? Huh? 88

 8088 89

 286s or ATs 90

 386—The Bare Minimum 90

 486—Now We're Cookin' 91

 Pentium 91

What's a "Power PC?" 92

Is My Computer Fast? 93

Hard Disk 97

 What Does "200MB" Mean? 98

 Help! I'm Out of Space on My Hard Disk! 99

Memory—It Isn't Storage 100

 Do I Have Enough Memory? 101

 What is "Memory Management,"
 and Do I Have To Do It? 103

 This Game I Just Bought Requires
 "Expanded Memory"! What's That? 103

Ports 103

 We Wouldn't Want Things To be Too Simple,
 Would We? 104

6 Disks and Disk Drives

107

Floppy Disks vs. Hard Disks 108

Buying the Right Floppies for Your System 110

 What Size Drive Do You Have? 110

Density and Capacity 111

 360KB 5.25-inch disks 113

 1.2MB 5.25-inch disks 113

 720KB 3.5-inch disks 113

 1.4MB 3.5-inch disks 114

The Floppy Disk Match Up 114

Buying Disks 115

Inserting and Removing Floppy Disks 116

Don't Mess with This Disk 118

Keeping Your Disks and Disk Drives Happy 118

 Dire Warnings Concerning Things Not
 To Do With Disks 119

 Does My Drive Need To Be Cleaned? 120

Formatting Floppies 120

 Formatting with DOS 120

 Formatting with Windows 122

 Did Everything Go Smoothly? 123

What's On This Disk? 124

7 Monitors

127

The Monitor and the Adapter 128

 The Acronym-Collector's Guide
 to Computer Monitors 129

 Do I Need a Video Accelerator? 131

 What's a "Local Bus"? 132

And What Adapter Do You Have? 134

Monitors Are Pretty Simple 134

 Screen Sizes 135

 What's the Difference Between an Analog
 and a Digital Monitor? 136

 What is Interlacing and Dot Pitch? 136

 What Is This Resolution Number All About? 137

Monochrome or Color? 138

What Are Those Funny Knobs? 139

Cleaning the Screen 139

The Joy of Screen Savers 139

Are These Things Safe? 140

It Says It's an "Energy Star Monitor"! 141

8 Keyboards, Mice, and More

143

The Computer Keyboard 144

 Those Highly Irritating Toggle Keys 145

 Decoding All Those Keys with Arrows on Them 147

 The Cursor Won't Move! 148

I HATE

PCs!

Weird Keys That Typewriters Never Had 148
It Tells Me to Type Ctrl+A, but I Can't
Get It To Work! 150
What to Do If You Hear a Beep
While Typing Really Fast 151
I Spilled My Pepsi On It! 152
Keyboard Styles of the Rich and Famous 154
What's That Funny Numb Feeling 155
Mice Are Nice 158
How Do I Hook This Thing Up? 159
It Says I'm Not Using the Right Mouse Software! 159
There's No Pointer! 160
Trackballs 161
Handwriting Recognition 161
Speech Recognition 161

9 Nobody Loves Printers, But We Do Need Them 165

Types of Printers 166
What About Color? 168
So, What's the Best? 168
Will It Work with My Programs? 170
What Is a "Page Description Language?" 171
What Are Those Funny Buttons? 172
The Joy and Confusion of Printer Fonts 172
Fonts with DOS 174
What is TrueType and Why Do Font
Lovers Prefer Windows? 174
I Paid *Thousands* For This System.
How Come I Get Courier On the Printouts? 175
It says, "24 Points." Huh? 176
What Are "Soft Fonts?" 176
Hah hah! She Has to Install Her Printer 176
What Does "LPT1" Mean? 176
Making the Physical Connection 177
Test Your Printer 178
Testing, Testing, 1, 2, 3 178
It Won't Respond! 178
Setting Up Your Printer with Windows 179

The Pain and Heartbreak of Printing Problems 180

10 Sound! Action! Multimedia!

183

Why Bother? 185
 But Isn't All This Just Hype? 187
 What Do I Need for Multimedia? 188
 Sound Boards 189
 My Notebook Doesn't Have Any Expansion Slots!
 Can I Get Sound? 191
 I Can't Hear Anything! 191
 What Is MIDI? 191
 CD-ROM Drives 192
 This Drive Is Only \$99! 193
 Can I Play My Audio CDs? 194
 It Says It Comes with a Caddy! 194
 Do I Need a Drive That
 Can Play More Than One Disc? 194
 Speakers 195
 Digital Photography 196

11 You've Got Your Modem (or Fax Board) Working!

199

What is a Modem—and, for That Matter,
 a Fax/Modem? 200
 Why Are Modems Needed? 200
 9600 Baud? Huh? v.32 bis! What? 201
 Hooking Up Your Modem 202
 You'll Need Communication Software 203
 Things to Do with Your Modem 204
 Sharing Data with a Friend or Coworker 204
 Electronic Mail 204
 Calling On-Line Services 204
 Having Fun with Local Bulletin Boards 206
 Using the Internet 207
 What is the Internet for? 207
 How Do You Get Connected to the Internet? 208
 Fax It to the Max! 209
 If I Had a Scanner 210
 This Hand-Held Scanner Is Cheap! 211

I HATE

PCs!

Local Area Networks (LANs) 211
Why a Network? 211
It Says I Have a Drive Called "F!" 213
Questions To Ask Your Network Administrator 213

12 Take It With You... And Work All the Time! 217

From Luggable to Palmtop 218
There are Notebooks, and Then There Are Notebooks..... 221
What Does "PCMCIA" Stand For? 223
Can I Take It to the Beach? 223
My Battery's Dead! 224
No, It Isn't a Bomb! It's a Computer! 225
Please, Give Me My Mouse Back! 225
Making Connections 226
No Keyboard? It's a PDA! 228

13 Them Ol' System Software Blues 231

What's An Operating System? 232
What Are System Utilities? 234
Back It Up (Or Else...) 234
Doubling Your Disk Space 236
Restoring Your Hard Disk's Peak Performance 236
The Great Virus Hunt 236
Managing Memory 237
Undelete 238
Cache Software 238
Disk Repair Utilities 238
So, Where Do I Get All These Cool Utilities? 239
Do I Have To Use MS-DOS? 241
What's PC-DOS? 241
What's Novell DOS 7? 242
What's OS/2? 242
What's UNIX? 243

III Software

244

14 Grunt-Level Operating System Facts

247

Files 248

Why Directories, Anyway? 250

 Why Can't I Put Everything In One Big Directory? 250

 Why Do They Call It a "Tree"? 251

 One Directory at a Time 253

 What is the "Current Directory"? 253

Path Names 254

Those Wacky Wild Cards 255

The Horror of System Files 257

Where Do I Go From Here? 258

15 All You Really Need To Know About DOS

261

What Is a "Command-Line Operating System?" 262

Changing Drives 264

 How Do I Access The Disk In My Floppy Drive? 264

 I Can't Access This Drive! 264

 I've Had a General Failure! 264

Changing Directories 265

Clearing the Screen of Inflammatory
or Embarrassing Messages 266

Peeking at a File's Contents 266

More Rather Painful

 Information about Path Names 267

Making Directories 268

Deleting a File 268

Deleting a Group of Files 270

Recovering from an Accidental Deletion 271

Making a Copy of a File 272

Copying a File to a Different Drive or Directory 273

Copying a Group of Files 274

Moving Files 274

Renaming Files 275

The Quest for the Missing File 276

Copying a Whole Disk 276

I HATE

PCs!

I Only Have One Drive!	277
It Says "Write Protect Error!"	277
My File! My File! It's Gone! (Sob!)	278
Learning More About DOS	278

16 Picture Yourself in a World Full of Icons

281

Why You Can't Completely Ignore DOS Yet	282
Taking a Look at File Manager	282
Displaying the Files Stored on a Floppy Disk	284
It Says Error Selecting Drive!	285
Displaying Directories	285
Displaying Files	286
There's Too Many Files! I Can't Find My Novel!	287
Where's That File I Saved Yesterday?	287
I Want MORE Information!	287
I Want My Pretty Fonts!	288
Using File Manager's Windows	288
Selecting Files	288
Deleting Files	289
Copying and Moving Files	290
Copying Files by Using the Mouse	290
Moving Files by Using the Mouse	291
Duplicate File Name? Huh?	292
Renaming Files	292
Finding a Missing File	292
It says No matching files were found!	294
Running Programs by Using File Manager	294
Undeleting Files	294
It Says, File Destroyed!	296
Creating a New Directory	297
Deleting a Directory	298
Exiting File Manager	298

17 Finally, Programs That Actually Do Things for You

301

About Application Software	302
Word Processing Programs	305
Spreadsheet Programs	306
Database Programs	307

A Suite Deal	308
Is Software Integration for You?	309
Beyond the Big Three	309
Fun and Games	309
What's "Shareware?"	310

18 Buying, Installing, and Starting Programs**312**

Buying Software	314
Why Shouldn't I Just Copy My Friend's Program?	315
Will It Run on My Computer?	316
Before You Open the Package	316
Listing Your Computer's Capabilities	316
What the Program Needs	318
Help! This Program Needs 51MB of Disk Space!	319
