

M.L. JHINGAN

Macro

Economic Theory

12th Edition

BRIEF CONTENTS

PART ONE – INTRODUCTION	
1 The Nature and Scope of Macroeconomics	3
PART TWO – NATIONAL INCOME	
2 National Income : Meaning and Measurement	19
3 Economic Welfare and National Income	43
4 National Income Accounting	50
5 The Circular Flow of Income	72
PART THREE – MACROECONOMIC THEORY	
6 The Classical Theory of Employment	81
7 Say's Law of Market	92
8 The Principle of Effective Demand : Aggregate Demand and Aggregate Supply	97
9 The Consumption Function	105
10 Theory of the Consumption Function	118
11 The Investment Function	134
12 The Concept of Multiplier	148
13 Complex Multipliers	160
14 Foreign Trade Multiplier	167
15 The Principle of Acceleration and the Super Multiplier	174
16 Some New Theories of Investment	184
17 The Saving Function	204
18 Saving and Investment Equality	210

19	The Model of National Income Determination	
20	The Keynesian Theory of Income, Output and Employment : A Summary	217
21	The Classical Vs. Keynesian Models of Income and Employment	226
22	Unemployment and Full Employment	230
23	Applicability of Keynes's Theory to Underdeveloped Countries	240
	PART FOUR – MONETARY THEORY	245
24	Money	
25	Changes in the Value of Money : The Quantity Theory of Money and its Variants	255
26	The Keynesian Theory of Money and Prices	267
27	Friedman's Restatement of the Quantity Theory of Money	279
28	The Supply of Money	285
29	Credit Creation by Commercial Banks	292
30	Central Banking : Functions and Credit Control	306
31	The Monetarist Revolution	331
32	The Demand for Money	337
33	Theories of Interest Rate	354
34	Term Structure of Interest Rate	377
35	The Real Balance Effect and Pigou Effect	391
36	Wage-Price Flexibility and Full Employment	399
	PART FIVE – INFLATION AND BUSINESS CYCLES	
37	Inflation and Deflation	415
38	Business Cycles	463
	PART SIX – GROWTH MODELS	
39	The Harrod-Domar Models	505
40	The Solow-Swan Model of Growth	514
41	The Solow-Swan Model of Economic Growth	521
42	The Endogenous Growth Theory	525
43	Steady State Growth	532
44	The Golden Rule of Accumulation	538
	PART SEVEN – MACROECONOMIC POLICIES	
45	Macroeconomic Policy	545
46	Monetary Policy	565
47	Classical, Keynesian and Modern Views on Monetary Policy	572
48	The Liquidity Theory of Money	577
49	Fiscal Policy	582
50	Monetarism versus Keynesianism	593
51	IS and LM Functions : General Equilibrium of Product and Money Market	602
52	Extensions of IS-LM Model	611
53	Effectiveness of Monetary and Fiscal Policy	624
	PART EIGHT – MODERN MACROECONOMICS	
54	The Rational Expectations Hypothesis	637
55	Supply-side Economics	644

Contents

ix

56	The New Classical Macroeconomics	651
57	The Real Business Cycle Theory	661
58	New Keynesian Economics	668

PART NINE – MACROECONOMICS IN OPEN ECONOMY

59	Balance of Payments : Meaning and Components	683
60	Adjustment Mechanisms of Balance of Payments	695
61	Balance of Payments Policies : Internal and External Balance	709
62	Foreign Exchange Rate	727
63	Foreign Exchange Rate Policy	741

CONTENTS

PART ONE – INTRODUCTION

Chapter-1 The Nature and Scope of Macroeconomics

Introduction	3
Nature of Macroeconomic	4
Difference Between Microeconomics and Macroeconomics	7
Dependence of Microeconomic Theory on Macroeconomics	7
Dependence of Macroeconomics on Microeconomic Theory	9
Macro Statics, Macro Dynamics And Comparative Statics	9
Transition from Microeconomics to Macroeconomics	13
Stock and Flow Concepts	15
Selected Readings	16
Exercises	16

PART TWO – NATIONAL INCOME

Chapter-2 National Income : Meaning and Measurement

Introduction	19
Definitions of National Income	19

Concepts of National Income	22
Methods of Measuring National Income	33
Difficulties or Limitations in Measuring National Income	34
Importance of National Income Analysis	37
Inter-Relationships Among Different Concepts of National Income	38
Exercises	42

Chapter-3**Economic Welfare and National Income****43**

What is Economic Welfare ?	43
Relation between Economic Welfare and National Income	44
National Income as a Measure of Economic Welfare	46
Selected Readings	48
Exercises	49

Chapter-4**National Income Accounting****50**

Social Accounting	50
Components of Social Accounting	51
Input-Output Accounting	58
Flow of Funds Accounts	62
Difference between Flow of Funds Accounts and National Income Accounts	65
Balance of Payments Accounts	66
Is Balance of Payments always in Equilibrium?	68
Measuring Deficit or Surplus in Balance of Payments	69
Selected Readings	71
Exercises	71

Chapter-5**The Circular Flow of Income****72**

Meaning	72
Circular Flow in a Two Sector Economy	72
Circular Flow in a Three-sector Closed Economy	74
Adding Foreign Sector : Circular Flow in a Four-sector Open Economy	75
Importance of the Circular Flow	77
Exercises	78

PART THREE – MACROECONOMIC THEORY

Chapter-6**The Classical Theory of Employment****8**

Introduction	81
The Classical Theory of Employment	82

Complete Classical Model - A Summary	85
Keynes's Criticism of Classical Theory	88
Selected Readings	91
Exercises	91

Chapter-7**Say's Law of Market**

Say's Law	92
Propositions and Implications of the Law	94
Criticisms of Say's Law	95
Exercises	96

Chapter-8**The Principle of Effective Demand : Aggregate Demand and Aggregate Supply**

Introduction	97
Effective Demand	97
Importance of Effective Demand	102
Selected Readings	104
Exercises	104

Chapter-9**The Consumption Function**

Introduction	105
Meaning of Consumption Function	105
Properties or Technical Attributes of the Consumption Function	107
Keynes's Psychological Law of Consumption	109
Implications of Keynes's Law (or Importance of the Consumption Function)	111
Determinants of the Consumption Function	113
Measures to Raise the Propensity to Consume	116
Selected Readings	117
Exercises	117

Chapter-10**Theory of the Consumption Function**

Introduction	118
Keynes' Consumption Function : The Absolute Income Hypothesis	118
The Consumption Puzzle	120
The Drift Theory of Consumption	121
The Relative Income Hypothesis	123
The Permanent Income Hypothesis	126
The Life Cycle Hypothesis	129
Selected Readings	133
Exercises	133

Chapter-11**The Investment Function**

134

-
- Meaning Of Capital And Investment 134
 - Types of Investment 135
 - The Present Value (PV) Criterion of Investment 136
 - Determinants Of The Level Of Investment 138
 - Factors Other Than The Interest Rate Affecting Inducement To Invest 145
 - Exercises 147

Chapter-12**The Concept of Multiplier**

148

-
- Introduction 148
 - The Investment Multiplier 148
 - The Dynamic or Period Multiplier 157
 - The Employment Multiplier 158
 - Selected Readings 159
 - Exercises 159

Chapter-13**Complex Multipliers**

160

-
- Introduction 160
 - Government Expenditure Multiplier 161
 - Tax Multipliers 161
 - Balanced Budget Multiplier 163
 - Exercises 166

Chapter-14**Foreign Trade Multiplier**

167

-
- Meaning 167
 - Foreign Repercussion or Backwash Effect 170
 - Implications of Foreign Repercussion 171
 - Selected Readings 173
 - Exercises 173

Chapter-15**The Principle of Acceleration and the Super Multiplier**

174

-
- Introduction 174
 - The Principle of Acceleration 174
 - The Super-Multiplier or the Multiplier-Accelerator Interaction 179
 - Use of Multiplier-Accelerator Interaction in Business Cycles 181
 - Selected Readings 183
 - Exercises 183

Chapter-16
Some New Theories of Investment

Introduction	184
The Accelerator Theory of Investment	184
The Flexible Accelerator Theory or Lags in Investment	186
The Profits Theory of Investment	189
Duesenberry's Accelerator Theory of Investment	191
The Financial Theory of Investment	193
Jorgensons' Neoclassical Theory of Investment	197
Tobin's q Theory of Investment	201
Selected Readings	202
Exercises	202

Chapter-17
The Saving Function

Meaning of Saving Function	304
Determinants of Savings	206
The Paradox of Thrift	208
Exercises	209

Chapter-18
Saving and Investment Equality

The Classical View	210
The Keynesian View	211
Other Views	214
Selected Readings	216
Exercises	216

Chapter-19
The Model of National Income Determination

Introduction	217
Two-Sector Model	217
Three Sector Model	221
Four Sector Model : Income Determination In Open Economy	223
Exercises	225

Chapter-20
The Keynesian Theory of Income, Output and Employment : A Summary

Introduction	226
The Keynesian Theory of Income, Output and Employment	226
Selected Readings	229
Exercises	229

Chapter-21**The Classical Vs. Keynesian Models of Income and Employment**

230

- General Theory: Evolutionary or Revolutionary 230
 Criticisms of Keynesian Theory 233
 Selected Readings 239
 Exercises 239

Chapter-22**Unemployment and Full Employment**

240

- Introduction 240
 Types of Unemployment 240
 Meaning of Full Employment 242
 Measures to Achieve and Maintain full Employment 244
 Exercises 244

Chapter-23**Applicability of Keynes's Theory to Underdeveloped Countries**

245

- Introduction 245
 Keynesian Assumptions and Underdeveloped Countries 246
 The Keynesian Tools and Underdeveloped Countries 247
 Selected Readings 251
 Exercises 251

PART FOUR – MONETARY THEORY

Chapter-24**Money**

255

- Nature and Definition of Money 255
 Theoretical and Empirical Definitions of Money 256
 Money and Near Money 258
 Inside Money and Outside Money 260
 Neutrality and Non-Neutrality of Money 261
 Functions of Money 262
 Selected Readings 266
 Exercises 266

Chapter-25**Changes in the Value of Money : The Quantity Theory of Money and its Variants**

267

- Meaning of Value of Money 267
 Fisher's Quantity Theory of Money: The Cash Transactions Approach 268

The Cambridge Equations : The Cash Balances Approach	271
Transactions Approach Vs. Cash Balances Approach	275
Superiority of Cash Balances Approach over Transactions Approach	277
Exercises	278

Chapter-26**The Keynesian Theory of Money and Prices**

Introduction	279
Keynes's Reformulated Quantity Theory of Money	280
Superiority of the Keynesian Theory Over the Traditional Quantity Theory of Money	282
Criticisms of Keynes' Theory of Money and Prices	283
Exercises	284

Chapter-27**Friedman's Restatement of the Quantity Theory of Money**

Introduction	285
Friedman's Theory	286
Friedman Vs Keynes	290
Exercises	291

Chapter-28**The Supply of Money**

Definitions of Money Supply	292
Determinants of Money Supply	294
High-Powered Money and the Money Multiplier	296
Measures of Money Supply in India	299
Money Supply and Liquidity	300
Derivation of Money Multipliers	302
Exercises	305

Chapter-29**Credit Creation by Commercial Banks**

Do Banks Create Credit ?	306
The Process of Credit Creation	308
Limitations on The Power of Banks to Create Credit	310
Exercises	312

Chapter-30**Central Banking : Functions and Credit Control**

Introduction	313
Definition of a Central Bank	313

Functions Of A Central Bank 314
 Central Bank as The Controller of Credit 317
 Exercises 330

Chapter-31
The Monetarist Revolution

331

Meaning 331
 Main Features 332
 Criticisms 334
 Exercises 336

Chapter-32
The Demand for Money

337

Introduction 337
 The Classical Approach 338
 The Keynesian Approach : Liquidity Preference 339
 The Post-Keynesian Approaches 346
 Exercises 353

Chapter-33
Theories of Interest Rate

354

Introduction 354
 The Classical Theory of Interest 355
 The Loanable Funds Theory of Interest 357
 Keynes's Liquidity Preference Theory of Interest 360
 Indeterminacy of the Classical, The Loanable Funds and The Keynesian Theories of Interest 366
 Modern Theory of Interest 367
 Natural and Market Rate of Interest 371
 Exercises 376

Chapter-34
Term Structure of Interest Rate

377

Meaning 377
 Factors Determining the Term Structure of Interest Rates 378
 Theories of Term Structure of Interest Rates 378
 Exercises 390

Chapter-35
The Real Balance Effect and Pigou Effect

391

Patinkin's Integration of Monetary Theory and Value Theory : The Real Balance Effect 391
 The Pigou Effect 394

Differences Between Pigou Effect and Real Balance Effect	397
Exercises	398

Chapter-36**Wage-Price Flexibility and Full Employment**

Introduction	399
The Classical View	399
The Keynesian View	402
The Keynes Effect	406
Flexible Wage Policy vs Flexible Monetary Policy	409
Selected Readings	410
Exercises	411

PART FIVE – INFLATION AND BUSINESS CYCLES

Chapter-37**Inflation and Deflation**

Introduction	415
Meaning of Inflation	416
The Inflationary Gap	417
Demand-Pull or Monetary Theories of Inflation	420
Cost-Push Inflation	426
Demand-Pull Versus Cost-Push Inflation	428
Mixed Demand-Pull Cost-Push Inflation	429
Sectoral or Demand-shift Inflation	431
Structural Inflation	432
Markup Inflation	434
Open and Suppressed Inflation	435
The Phillips Curve : The Relation between Unemployment and Inflation	436
Rational Expectations and Long-Run Phillips Curve	442
Policy Implications of the Phillips Curve	443
Stagflation	445
Causes of Inflation	448
Measures to Control Inflation	450
Effects of Inflation	452
Inflation as a Tax	456
Costs of Inflation	457
Deflation	458
Comparison between Inflation and Deflation	459
Control of Deflation	461
Exercises	462

**Chapter-38
Business Cycles** 463

Meaning 463
 Types of Business Cycles 464
 Characteristics of Business Cycles 464
 Phases of a Business Cycle 465
 Causes of Business Cycles 467
 Effects of Business Cycles 469
 Theories of Business Cycles 470
 Measures to Control Business Cycles or Stabilisation Policies 500
 Selected Readings 502
 Exercises 502

PART SIX – GROWTH MODELS

**Chapter-39
The Harrod-Domar Models** 505

Introduction 505
 Requirements of Steady Growth 505
 The Domar Model 506
 The Harrod Model 508
 Limitations of these Models 513
 Exercises 513

**Chapter-40
The Solow Model of Growth** 514

Introduction 514
 Assumptions 514
 The Model 515
 Exercises 520

**Chapter-41
The Solow-Swan Model of Economic Growth** 521

The Solow-Swan Model 521
 Implications of the Model 524
 Exercises 524

**Chapter-42
The Endogenous Growth Theory** 525

Introduction 525
 The Endogenous Growth Models 526

Policy Implications of Endogenous Growth Theory	530
Exercises	531

Chapter-43 Steady State Growth

Meaning	532
Properties of Steady State Growth	533
Exercises	537

Chapter-44 The Golden Rule of Accumulation

Meaning	538
Golden Age and Golden Rule of Accumulation	539
Exercises	542

PART SEVEN - MACROECONOMIC POLICIES

Chapter-45 Macroeconomic Policy

Meaning	545
Policy Targets and Instruments	546
Objectives of Macroeconomic Policy	546
Conflicts or Trade-Off in Policy Objectives	550
Problem of Coordination of Macroeconomic Policy Objectives	553
The Swan Model	553
The Assignment Problem : The Mundellian Model	555
Rules vs Discretion in Economic Policy	559
Lags in Effects of Economic Policy	561
Selected Readings	564
Exercises	564

Chapter-46 Monetary Policy

Meaning of Monetary Policy	565
Objectives or Goals of Monetary Policy	565
Instruments of Monetary Policy	566
Expansionary Monetary Policy	567
Restrictive Monetary Policy	569
Exercises	571

Chapter-47

Classical, Keynesian and Modern Views on Monetary Policy

572

The Classical View 572

The Keynesian View 573

The Modern View 574

Exercises 576

Chapter-48

The Liquidity Theory of Money

577

Introduction 577

The Radcliffe Committee View : Radcliffe - Sayers Thesis 578

The Gurley-Shaw View 580

Exercises 581

Chapter-49

Fiscal Policy

582

Meaning 582

Objectives Of Fiscal Policy 583

Instruments of Fiscal Policy 583

Crowding out and Fiscal Policy 589

Exercises 592

Chapter-50

Monetarism versus Keynesianism

593

Introduction 593

Theoretical Differences 593

Policy Differences 597

Conclusion 600

Exercises 601

Chapter-51

IS and LM Functions : General Equilibrium of Product and Money Market

602

Introduction 602

The Product Market Equilibrium 603

The Money Market Equilibrium 605

General Equilibrium of Product and Money Market 607

Changes in General Equilibrium 608

Exercises 610

Chapter-52
Extensions of IS-LM Model

Introduction	611
Effects of Changes in Monetary and Fiscal Policies by the Government	611
Effects of Changes in Fiscal Policy	612
Monetary-Fiscal Policy Mix	614
IS-LM model with Labour Market and Flexible Prices	614
IS-LM Model with Flexible Wages and Prices : The Neo-Classical Analysis	616
IS-LM Model in the Keynesian Analysis with Flexible Prices and Fixed Money Wages	619
Selected Readings	623
Exercises	623

Chapter-53
Effectiveness of Monetary and Fiscal Policy

Introduction	624
Monetary Policy	624
Fiscal Policy	627
The Synthesist View : Three Range Analysis	629
Monetary Policy	630
Fiscal Policy	631
Monetary-Fiscal Mix	633
Exercises	634

PARTEIGHT – MODERN MACROECONOMICS

Chapter-54
The Rational Expectations Hypothesis

Introduction	637
Adaptive Expectations	637
Rational Expectations	638
Selected Readings	643
Exercises	643

Chapter-55
Supply-side Economics

Introduction	644
Main Features of Supply-side Economics	645
Policy Prescriptions of Supply-side Economics	647
Selected Readings	650
Exercises	650

Chapter-56
The New Classical Macroeconomics **651**

- Introduction 651
- The New Classical Macroeconomics 652
- The Labour Market 655
- Policy Implications of New Classical Macroeconomics 657
- Empirical Evidence 659
- Selected Readings 660
- Exercises 660

Chapter-57
The Real Business Cycle Theory **661**

- Introduction 661
- Role of Technological Shocks 662
- Criticisms of the Real Business Cycle Theory 665
- Selected Readings 667
- Exercises 667

Chapter-58
New Keynesian Economics **668**

- Introduction 668
- Differences between New Classical and New Keynesian Macroeconomics 668
- Main Features of New Keynesian Economics 669
- Sticky Nominal Wages 670
- Sticky Nominal Prices : Menu Costs Hypothesis 672
- Sticky Real Wages 674
- Coordination Failure 676
- Policy Implications of New Keynesian Economics 677
- Criticisms of New Keynesian Economics 679
- Selected Readings 680
- Exercises 680

PART NINE – MACROECONOMICS IN OPEN ECONOMY

Chapter-59
Balance of Payments : Meaning and Components **683**

- Meaning 683
- Structure of Balance of Payments Accounts 683
- Is Balance of Payments Always in Equilibrium ? 686
- Measuring Deficit or Surplus in Balance of Payments 687
- Balance of Trade and Balance of Payments 689

Disequilibrium in Balance of Payments	690
Measures to Correct Deficit in Balance of Payments	692
Exercises	694

Chapter-60**Adjustment Mechanisms of Balance of Payments**

695

Introduction	695
Automatic Price Adjustment Under Gold Standard	696
Automatic Price Adjustment Under Flexible Exchange Rates (Price Effect)	696
The Elasticity Approach	698
The Absorption Approach	701
The Monetary Approach	704
Exercises	708

Chapter-61**Balance of Payments Policies : Internal and External Balance**

709

Introduction	709
Expenditure Changing Monetary and Fiscal Policies	710
Monetary-Fiscal Mix : Internal and External Balance Policies – Mundell-Fleming Model	713
Monetary and Fiscal Policies for Achieving Internal and External Balance	
Simultaneously – Swan Model	717
The Assignment Problem : The Mundellian Model of Monetary-Fiscal Policies for	
Internal and External Balance	719
Expenditure Switching Policies	723
Exercises	726

Chapter-62**Foreign Exchange Rate**

727

Meaning of Foreign Exchange Rate	727
Determination of Equilibrium Exchange Rate	728
Theories of Foreign Exchange Rate	730
Causes of Changes in the Exchange Rate	739
Exercises	740

Chapter-63**Foreign Exchange Rate Policy**

741

Introduction	741
Fixed Exchange Rates	741
Flexible Exchange Rates	744
Hybrid or Intermediate Exchange Rate Systems	749
Multiple Exchange Rates System	754
Exchange Rate Regimes in Practice	756
Exercises	758
