

# MICROECONOMICS

**THEORY & APPLICATIONS  
IN  
BUSINESS DECISIONS**

Dr. Raj Kumar

# BRIEF CONTENTS

Preface

v

## PART I: INTRODUCTION TO MICROECONOMICS— THEORY AND BASIC CONCEPTS

CHAPTER 1	Economic Theory and The Methodology of Economics	3
CHAPTER 2	Nature and Scope of Microeconomics and Basic Concepts	24
CHAPTER 3	Central Problems of An Economy and Market Mechanism	41

## PART II: THEORY OF CONSUMER BEHAVIOUR

CHAPTER 4	Theory of Consumer's Behaviour: Utility Analysis	59
CHAPTER 5	Theory of Consumer's Behaviour: Indifference Curve Analysis	83
CHAPTER 6	Theory of Consumer's Behaviour: Revealed Preference Approach	112
CHAPTER 7	Demand and Elasticity of Demand Analysis	120

## PART III: THEORY OF PRODUCTION AND COSTS

CHAPTER 8	Supply and Elasticity of Supply	163
CHAPTER 9	Theory of Production: Law of Variable Proportions	180
CHAPTER 10	Theory of Production: Law of Returns to Scale Economies and Diseconomies	199
CHAPTER 11	Theory of Production: Optimum Combination of Factors	209
CHAPTER 12	Cost Analysis: Traditional and Modern Approaches	226

## PART IV: THEORY OF PRODUCT PRICING

CHAPTER 13	Market Structure and Revenue Curve Analysis	249
CHAPTER 14	Objectives of a Business Firm	269
CHAPTER 15	Pricing in Perfect Competition	
CHAPTER 16	Equilibrium of Firm, Industry and Derivation of Supply Curve under Perfect Competition	296
CHAPTER 17	Incompatibility Issue and Application of Perfect Competition Model	313
CHAPTER 18	Theory of Firm: Monopoly	336
CHAPTER 19	Theory of Firm: Discriminating Monopoly	353
CHAPTER 20	Theory of Monopolistic Competition	366
CHAPTER 21	Theory of Oligopoly : Leadership and Collusion Models	389
CHAPTER 22	Theory of Oligopoly: Classical Models	403
CHAPTER 23	Theory of Oligopoly: Kinky Demand Model	411

## PART V: THEORY OF FACTOR PRICING

CHAPTER 24	Theory of Factor Pricing: Marginal Productivity and Modern Approaches	417
CHAPTER 25	Theory of Wages: Applicable under Perfect and Imperfect Competition	431
CHAPTER 26	Theory of Wages: Trade Unions and Collective Bargaining Approaches	46
CHAPTER 27	Theory of Rent: Alternative Approaches	47
CHAPTER 28	Theory of Interest: Alternative Approaches	49
CHAPTER 29	Theory of Profit: Alternative Approaches	50

# DETAILED CONTENTS

## PART-I: INTRODUCTION TO MICROECONOMICS— THEORY AND BASIC CONCEPTS

### Chapter 1

<b>Economic Theory and The Methodology of Economics</b>	3-23
<ul style="list-style-type: none"> <li>• Introduction • The Concept and Nature of Economic Theory • Stages in Construction of Economic Theory • Branches of Economic Theory-Brief Description • Applications of Economic Theory • Construction of Economic Theory • Formulation of an Economic Theory • Economic Theories and Accuracy • Tools of Economic Analysis • Basic Information about a Graph • Limits of Economic Theory • Economic Theory and Economic Policy • Methods of Economics • Deductive Method • Inductive Method • An Integration of the Two Methods • Nature of Economic Laws and Generalizations</li> </ul>	

### Chapter 2

<b>Nature and Scope of Microeconomics and Basic Concepts</b>	24-40
<ul style="list-style-type: none"> <li>• Introduction • Microeconomics • Importance of Microeconomics • Limitations of Microeconomics • Macroeconomics • Scope of Macroeconomics • Key Concepts in Macroeconomics • Use of Macroeconomics • Limitations of Macroeconomics • Difference between Microeconomics and Macroeconomics • Relation between Micro and Macroeconomics or Interdependence of Micro and Macroeconomic Analysis • Basic Concepts in Microeconomics</li> </ul>	

### Chapter 3

<b>Central Problems of An Economy and Market Mechanism</b>	41-56
<ul style="list-style-type: none"> <li>• Introduction • What is an Economy • Working of an Economy • Different Types of Economy • What is Economic Problem • Causes of Economic Problems • Diagrammatic Presentation • Solution of Economic Problem • Central Problems of an Economy • Inter-relation between the Central Problems and Their Solution • Analysis of Central Problems through Production Possibility Curve and Solution of Basic Problems • Price Mechanism or Market Mechanism and its Working • Solution of Central Economic Problems by Price Mechanism • Limitations/Defects of Price Mechanism or How Far is Market Mechanism Effective</li> </ul>	

## PART-II: THEORY OF CONSUMER BEHAVIOUR

### Chapter 4

<b>Theory of Consumer's Behaviour: Utility Analysis</b>	59-
<ul style="list-style-type: none"> <li>• Introduction • Concepts of Utility Analysis and Relationship • Assumptions of Cardinal Utility Analysis • Laws of Utility Analysis • Consumer's Equilibrium-Utility Analysis • Criticism of Utility Analysis</li> </ul>	

### Chapter 5

<b>Theory of Consumer's Behaviour: Indifference Curve Analysis</b>	83
<ul style="list-style-type: none"> <li>• Introduction • Concept of Indifference Curve • Law of Diminishing Marginal Rate of Substitution • Fundamental Assumptions of Indifference Curve Analysis • Properties of Indifference Curves • Some Exceptional Shapes of Indifference Curves • Consumer's Equilibrium</li> </ul>	

rium- Indifference Curve Analysis • Exceptional Cases of Consumers equilibrium • Price Effects as Combination of Income and Substitution Effects • Breaking up Price Effect into Income and Substitution Effects • Importance of Breaking up Price Effect into Income and Substitution Effects in Managerial Decision Making

### Chapter 6

**Theory of Consumer's Behaviour: Revealed Preference Approach** 112-119

• Introduction • The Idea of Revealed Preference • Axiom of Revealed Preference • Assumptions of the Theory • Implications of Revealed Preference Theory • Convexity of Indifference Curves • Critical Evaluation of the Theory

### Chapter 7

**Demand and Elasticity of Demand Analysis** 120-160

• Introduction- Demand Analysis • Meaning of Demand • Types of Demand • Determinants of Demand or Factors Affecting Demand • Demand Function • Demand Schedule • Demand Curve • Law of Demand • Movement along a Demand Curve and Shifts in Demand Curve or Change in Quantity Demanded and Change in Demand • Elasticity of Demand Analysis • Price Elasticity of Demand • Measurement of Price Elasticity of Demand • Factors Determining the Price Elasticity of Demand • Some Applications of Point Method • Income Elasticity of Demand • Cross Elasticity of Demand • The Elasticity of Substitution • Mathematical Relationship Between Elasticity of Demand • Importance of Elasticity of Demand in Business Economics

## PART-III: THEORY OF PRODUCTION AND COSTS

### Chapter 8

**Supply and Elasticity of Supply** 163-179

• Introduction • What is Supply • Supply and Stock • Supply Function • Factors Affecting Supply or The Determinants of Supply • Supply Schedule • Supply Curve • Law of Supply • Changes in Supply • Time Horizon and Supply Curve • Elasticity of Supply • Factors Influencing Elasticity of Supply • Importance of Elasticity of Supply

### Chapter 9

**Theory of Production: Law of Variable Proportions** 180-198

• Introduction • Production Function • Types of Production Function • Laws of Returns • Law of Variable Proportions • Significance of Law of Variable Proportion or Production Function in Business Decision Making • Law of Diminishing Returns • Law of Increasing Returns • The Law of Constant Returns

### Chapter 10

**Theory of Production: Law of Returns to Scale Economies and Diseconomies** 199-208

• Introduction • The Concept of Law of Returns to Scale • Stages of Returns of Scale • Distinction Between Returns to a Factor and Returns to Scale • Economies of Scale • Relationship Between Internal and External Economies • Diseconomies of Scale • Significance of Economies of Scale

### Chapter 11

**Theory of Production: Optimum Combination of Factors** 209-225

• Introduction • Meaning of Isoquant Curve • Properties of an Isoquant • Economic Region

and Ridge Lines • Marginal Rate of Technical Substitution (MRTS) • Iso-cost Line • Producer's-Equilibrium in Regard to Choice of Inputs or Least Cost Combination of Factors • Expansion Path • Returns to Scale and Isoquant Approach • Returns to a Factor on iso-quants • Difference between Returns to Scales to Scales and Returns to a Factors • Law of Variable Proportions with the Help of Iso-quants

### Chapter 12

**Cost Analysis: Traditional and Modern Approaches** 226-246

• Introduction • Traditional Approach of Cost Curves • Cost Classification • Cost Function • Types of Costs • Average Cost and Marginal Cost Curves • Relationship between Average Cost and Marginal Cost • Long-run Cost Curves • Importance of Cost Curve • Modern Approach to Cost Curves • Modern Theory of Long-run Cost Curves • Why LAC Curve is 'L' Shaped?

## PART-IV: THEORY OF PRODUCT PRICING

### Chapter 13

**Market Structure and Revenue Curve Analysis** 249-268

• Introduction • Market Structure-conduct-performance Model • Market Structure and its Elements • Meaning of Market • Classification of Markets • Elements and Classification of Market Structure • Difference between Perfect Competition and Imperfect Competition • Difference between Perfect Competition and Monopolist Competition • Difference Between Perfect Competition and Monopoly • Extent of Market and its Determinants • Revenue Curve Analysis • Concepts of Revenue • Relation between AR and MR Curves • Relationship between Elasticity of Demand, Average Revenue and Marginal Revenue • Significance of the Concept of Revenue in Price Analysis

### Chapter 14

**Objectives of a Business Firm** 269-280

• Introduction • Objectives of a Business Firm • The Objectives of Profit Maximization • Baumol's Theory of Sales Maximization • Maximization of Satisfaction • Security of Profit • Managerial Utility Maximization • Satisficing Theory • Cyert and March's Behavioral Theory • Some Other Objectives of the Firms

### Chapter 15

**Pricing in Perfect Competition** 281-295

• Introduction • Meaning of Perfect Competition • Features of Perfect Competition • Price Determination under Perfect Competition • Change in Equilibrium Price • Change in Equilibrium Price • Importance of Time Elements in the Determination of Value • Determination of Very Short Period Price or Determination of Market Price • Determination of Short Price or Sub-Normal Price • Determination of Long Period Price or Normal Price • Normal Price and the Laws of Returns • Difference Between Market Price and Normal Price

### Chapter 16

**Equilibrium of Firm, Industry and Derivation of Supply Curve under Perfect Competition** 296-312

• Introduction • Explanation of Firm's Equilibrium • Alternative Approaches to the Equilibrium of the Firm • Equilibrium of an Industry • Long-run Equilibrium of an Industry and Laws

of Cost • Difference between Firm's and Industry's Equilibrium • Supply Curve of a Firm and Industry • Supply Curve of a Firm and Industry Under Different Cost Conditions

### Chapter 17

#### Incompatibility Issue and Application of Perfect Competition Model

• Introduction • When Stable Equilibrium in Perfect Competition is Indeterminate or Incompatibility of Firm's Equilibrium Under Perfect Competition • Determinate Firm's Equilibrium Under Perfect Competition • Kaldor's Views on Compatibility of Firm's Equilibrium Under Perfect Competition • Sraffa's Views on Compatibility of Firm's Equilibrium Under Perfect Competition • Issue of Compatibility of Firm's Equilibrium with Perfect Competition and the Views of Modern Economists • Supply and Demand as Applied to Agriculture • Nature of competition in Agricultural Market and Industrial Product Market • Government's Indirect and Direct Farm Aids • Price Control and Rationing • Minimum Price Legislation or Minimum Support Price • Consequences of Price Support or Consequences of Fixing a Floor Price Above the Equilibrium Price • Incidence of Taxation • Elasticity of Demand and Supply and Incidence

### Chapter 18

#### Theory of Firm: Monopoly

• What is Monopoly? • Determination of Price and Output or Equilibrium Under Monopoly • Elasticity of Demand and Monopoly Price • Laws of Returns and Monopoly Price Determination • Is Monopoly Price Always a High Price? • Comparison Between Monopoly and Perfect Competition • The Concept of Supply Curve Under Monopoly • Degree of Monopoly Power and Measurement

### Chapter 19

#### Theory of Firm: Discriminating Monopoly

• Introduction • Definitions of Price Discriminations • Kinds of Price Discrimination • Conditions of Price Discrimination • Degrees of Price Discrimination • Price and Output Determination or Equilibrium Under Discriminating Monopoly • When is Price Discrimination Profitable? • Dumping Effects of Price Discrimination • Practical Applications of Monopoly Model: Peak-load and Off-peak-load Pricing • Control and Regulation of Monopoly

### Chapter 20

#### Theory of Monopolistic Competition

• Introduction • Monopolistic Competition • Features of Monopolistic Competition • Price And Output Determination Under Monopolistic Competition or Equilibrium of the Firm Under Monopolistic Competition • Group Equilibrium • Chamberlin's Group Equilibrium • The Concept of Excess Capacity • Critical Analysis of the Concept of Excess Capacity or Is Excess Capacity Significant? • Product Differentiation • Selling Costs • Comparison between Monopolistic Competition and Perfect Competition • Relevance of the Concept of Supply Curve Under Monopolistic or Imperfect Competition

### Chapter 21

#### Theory of Oligopoly: Leadership and Collusion Models

• Meaning of Oligopoly • Classification of Oligopoly • Reasons for the Emergence of Oligopoly • Problems of the Theory of Oligopoly or Is Price and Output under Oligopoly Indeterminate? • Price Determination under Oligopoly • Pricing under Price Leadership • Pricing under Collusive Oligopoly • Model of Prisoners' Dilemma and Oligopoly Theory

## Chapter 22

## Theory of Oligopoly: Classical Models

403-410

- Introduction • Classical Models • The Stackelberg Model • The Chamberlin Model

## Chapter 23

## Theory of Oligopoly: Kinky Demand Model

411-416

- Introduction • Price rigidity-Sweezy's Kinky Demand Curve Model • Hall & Hitch Version of Kinky Demand Analysis • Criticisms of Kinky Demand Curve Analysis • Prof. Stigler's Empirical Study on Kinky Demand Curve

## PART-V: THEORY OF FACTOR PRICING

## Chapter 24

## Theory of Factor Pricing: Marginal Productivity and Modern Approaches

417-437

- Introduction • Functional vs. Personal Distribution • Micro and Macro Theories of Distribution • Need for a Separate Theory of Factor Pricing • Theories of Factor Pricing • Marginal Productivity Theory of Distribution • Marshall-hicks Version of Marginal Productivity Theory • Factors Pricing Under Imperfect Competition • Euler's Theorem • Product Exhaustion Problem-Hicks Samuelson's Approach • Modern Theory of Factor Pricing

## Chapter 25

## Theory of Wages: Applicable under Perfect and Imperfect Competition

438-462

- Meaning of Wages • Wages, Pay and Salary • Methods of Wage Payment • Nominal and Real Wages • Factors Affecting Real Wages • Marginal Productivity Theory of Wages • Modern theory of Wage Determination • Supply of Labour: Choice between Work and Leisure • Effect of Wage Increase on Work Effort: Income Effect and Substitution Effect • Wage Offer Curve and Supply Curve of Labour • Wages Under Imperfect Competition in the Product Market • Determination of Wages under Monopoly • Exploitation of Labour • Relationship between Exploitation of Labour and Price Elasticity of Demand • Wage-differentials

## Chapter 26

## Theory of Wages: Trade Unions and Collective Bargaining Approaches

463-477

- Introduction • Role of Trade Unions in Traditional Wage Theories • Role of Trade Unions Under Imperfect Market • Bilateral Monopoly Model of Wages or Wage Determination in Collective Bargaining • Fellner Approach to Bi-lateral Monopoly • Carter's Approach

## Chapter 27

## Theory of Rent: Alternative Approaches

478-491

- Meaning of Rent • Types of Rent • Theories of Rent • Ricardian Theory of Rent • Modern Theory of Rent • Comparison Between Ricardian Theory and Modern Theory of Rent • Modern Theory as Modified and Amplified Form of Ricardian Theory • Rent and Price Relationship • Quasi Rent

## Chapter 28

## Theory of Interest: Alternative Approaches

492-508

- Meaning of Interest • Gross Interest and Net Interest • The Classical Theory of Interest

- Loanable Funds Theory of Interest • Liquidity Preference Theory of Interest • Modern Theory of Interest: IS-LM Curves Model

**Chapter 29**

---

**Theory of Profit: Alternative Approaches**

509-517

- Meaning of Profit • Concept of Profit • Normal Profit and Supernormal Profit • Theories of Profit • Risk Theory of Profit • Uncertainty Bearing Theory of Profit • Innovation Theory of Profit • Dynamic Theory of Profit • Monopoly Theory of Profit or Position of Advantage
