1. **Introduction** ... 23
   - 1.1 Management Information System
     - 1.1.1 Definition of MIS
     - 1.1.2 Characteristic of MIS
     - 1.1.3 Structure of MIS
     - 1.1.4 Management Science & MIS
     - 1.1.5 MIS in Public Undertaking
     - 1.1.6 Need and Role of MIS
     - 1.1.7 Information System and Decision Making
   - 1.2 Review of Literature
   - 1.3 Purpose of the Research
     - 1.3.1 Need of MIS in University Administration
     - 1.3.2 Problem of developing MIS in Universities

2. **University System**
   - 2.1 University Development In India ... 78
   - 2.2 University Administration Concept
   - 2.3 University Act 1994
   - 2.4 Officers of the University

Scanned by TapScanner

2.5 Authorities of the University
2.6 University funds, Accounts and Audit
2.7 Organisation Charts of the University
3. Objectives and Methodology ... 148
3.1 The problem to be investigated
3.2 Objectives of the study
3.3 Sample Selection and Sample Size
3.4 Methodology of the study
3.5 Data collection sources
3.6 Significance of the study
3.7 It's likely contribution to knowledge
3.8 Implementation
4. MIS in University Administration ... 160
4.1 Introduction
4.2 MIS and Computer
4.3 Communications in University Administration
4.4 Use of MIS in University Administration
4.5 Advantages of using MIS in the University Administration
5. Designing the Data Structure ... 177
5.1 Phase – I System Analysis
5.1.1 Problem Definition
5.1.2 Scope and Objectives of New System
5.1.3 Cost and Benefit Analysis
5.1.4 Description of the New System's Major Outputs.
5.2 Phase – II System Design
5.2.1 Model of the New System
5.2.1.1 Data Flow Diagram

Scanned by TapScanner

5.2.2 Formats for all the reports that the system will generate
5.2.3 Develop a method for collecting and / or inputting data
5.2.4 Detailed data requirements with a data dictionary
5.2.5 Program specifications
5.3 Phase – III Systems Implementation
5.3.1 Writing, testing and Documenting Programs
5.4 Phase – IV System Maintenance
6. **Screens and Reports** ... 199
6.1 File Structures
6.2 Screens
6.3 Reports
7. **Implementation and Cost Benefit Analysis** ... 248
7.1 Introduction
7.2 Implementation
7.3 Cost Benefit Analysis
8. **Suggested Network, Hardware and Software Requirements for MIS in University Campus.** ... 252
8.1 Introduction
8.2 Campus Network Design and the network solution
8.3 Hardware and Software requirements for proposed campus network.
9. **Couclusions And Suggestions** ... 266
9.1 Conclusions

Scanned by TapScanner

9.1.1 Introduction
9.1.2 General Observations
9.1.3 Advantages
9.1.4 Findings
9.2 Suggestions
9.3 Conclusion
Bibliography ... 273
Index ... 275
