

The Economics of Development and Planning

For Postgraduate, Honours, and Other Competitive
Courses of Indian Universities

R.K. Lekhi

Contents

Ch. No.	Chapter	Pages
SECTION-I		
BASIC CONCEPTS OF ECONOMIC DEVELOPMENT		
1.	ECONOMIC DEVELOPMENT— PROBLEM, MEASUREMENT AND INDICATORS	3–27
	Introduction; Is Economic Development desirable ? Nature of Development Problem; What is Economic Development; Other Definitions; Modern Version of Economic Development; Tests of Economic Development; New vision for Development; Development as Freedom; Sen's views; Distinction between Economic Development and Growth; Economic Progress and Welfare; Measurement of Economic Development; Indicators of Development ; Significance of the Study; Evils of Economic Development; Selected References; Questions for Exercise and Review.	
2.	PREREQUISITES FOR ECONOMIC DEVELOPMENT	28–33
	Introduction; Basic Requirements of Economic Development; Selected References; Questions for Exercise and Review.	
3.	MAIN OBSTACLES TO ECONOMIC DEVELOPMENT	34–42
	Introduction; Major Obstacles of Underdeveloped Countries; Vicious Circle of Capital Deficiency; Vicous Circle Caused by Market Imperfections; Conclusion; Selected References; Questions for Exercise and Review.	
4.	FACTORS GOVERNING ECONOMIC DEVELOPMENT	43–52
	Introduction; Economic Factors; Non Economic Factors; Selected References; Questions for Exercise and Review.	
5.	ECONOMIC DEVELOPMENT : A UNIVERSAL OUTLOOK	53–59
	How the majority live ? Why study Development-Economics; Some Critical Questions; Role of Values in Development Economics; What do we mean by Development; Broad Objectives of Development; Selected References; Questions for Exercise and Reveiw.	
6.	SUSTAINABLE DEVELOPMENT	60–69
	Introduction, Meaning, Objectives, Environmental Problems; Causes for Environmental Degradation; Effects of Environment, Measurements for Improving Environment; Methods or conditions for Sustainable Development; Policies for sustainable Development; Selected References: Questions for Exercise and Review.	
7.	THE ENVIRONMENT AND DEVELOPMENT	70–82
	Introduction; Development and Environmet– Main Issues; Environment as a Necessity or Luxury ; Scope of Environmental Degradation– An Overview; Public Goods and Bads– Free Rider Problem; Policy Options ; Environment	

Ch. No.	Chapter	Pages
	International Concern ; Conclusion; Selected References; Questions for Exercise and Review.	
8.	UNDERDEVELOPMENT AND BASIC CHARACTERISTICS OF UNDERDEVELOPED COUNTRIES	83-89
	Meaning of under developed country; What is underdevelopment ? Basic characteristics of underdeveloped Countries; Selected References; Questions for Exercise and Review	
9.	FEATURES OF MODERN ECONOMIC GROWTH	90-94
	Introduction; Features of Modern Economic Growth; Selected References; Questions for Exercise and Review.	
10.	NATURE OF INDIAN ECONOMY	95-107
	Indian Economy – An Underdeveloped Economy; Indian Economy – A Dualistic Economy Structure; Indian Economy–A Developing Economy; Indian Economy–A Mixed Economy; Selected References; Questions for Exercise and Review.	
11.	LEADING ISSUES IN POVERTY, INEQUALITY AND DEVELOPMENT	108-120
	Introduction; Poverty; Measurement and Comparability of per capita incomes; Per Capita Income an Index of Development; Economic Characteristics of Poverty Groups; Economic Inequality; Criteria of Inequality Measurement; The Lorenz Curve; Functional Distributions; Selected References; Questions for Exercise and Review.	

SECTION-II

GENERAL THEORIES OF ECONOMIC DEVELOPMENT

1. ✓	THE CLASSICAL THEORY OF DEVELOPMENT	3-27
	Introduction; Adam Smith Theory of Development; The Ricardian Theory of Development; Malthus Theory of Development; Mill's Theory of Development; Classical Theory of Development; Relevance of Classical Model; Selected References; Questions for Exercise and Review.	
2.	KARL MARX'S THEORY OF ECONOMIC DEVELOPMENT	28-38
	Introduction; Materialistic Interpretation of History; Labour Surplus; Capital Accumulation; Capitalist Crisis; Marxian Model of Growth, Mathematical Interpretation; Conclusion; Marxian Theory and UDCs; Selected References; Questions for Exercise and Review.	
3.	THE SCHUMPETER'S THEORY	39-48
	Introduction; Circular Flow; Innovations; Role of Entrepreneur; Role of Profits; Breaking the Circular Flow; Cyclical Process; Decay of Capitalism;	

Ch. No.	Chapter	Pages
	Mathematical Interpretation; Critical Appraisal; Schumpeter and UDCs; Conclusion; Selected References; Questions for Exercise and Review.	
4.	ROSTOW'S STAGES OF ECONOMIC GROWTH Introduction; The Traditional Society; Pre-Conditions for Take off; The Take Off; Rate of Investment; Development of Leading Sectors; Cultural Framework That Exploits Expansion; The Derive to Maturity; The Age of High Mass Consumption or Stage of Self Sustained Growth and High Mass Consumption; The Take Off for UDCs, Limitations; The Take off and India; Critical Apraisal; Conclusion; Selected References; Questions for Exercise and Review.	49-62
5.	THE KEYNESIAN THEORY Introduction; Basis of Theory; Keynes' Theory and UDCs; Tools of Keynesian Economics and UDCs; Conclusion; Selected References; Questions for Exercise and Review.	63-69
6.	NELSON'S LOW LEVEL EQUILIBRIUM TRAP Introduction; Conditions for Trapping; Diagrammatic Representation, Factors Escaping Low Level Equilibrium Trap; Selected References; Questions for Exercise and Review.	70-72
7.	LEIBENSTEIN'S THEORY OF CRITICAL MINIMUM EFFORT Introduction; Stimulants and Shocks; Explanation of the Theory; Size of Minimum Effort; Attitudes, Motivations and Incentives; Role of Growth Agents; Population and Economic Growth; Determinants of the Need for a Minimum Effort; Benefits; Critical Evaluation, Some Practical Problems; Quasi-State System in Underdeveloped Countries; Critical Appraisal; Conclusion; Selected References; Questions for Exercise and Review.	73-85
8.	MYRDAL'S THEORY OF BACKWASH EFFECTS Introduction; Myrdal Thesis; Regional Inequalities; Backwash and Spread Effects; Role of State; International Inequalities; Capital Movements; Critical Appraisal; Selected References; Questions for Exercise and Review.	86-91
9.	THE THEORY OF BALANCED GROWTH Introduction; Meaning and Concept of Balanced Growth; Explanation of Theory; Views of Rosenstein Roden; Nurkse's Views; How to Break Vicious Circles; How the Market can be Enlarged; Balance among Different Sectors; Factors for the Success of Balanced Growth; Benefits; Criticism of Balanced Growth; Selected References; Questions for Exercise and Review.	92-102
10.	THE THEORY OF UNBALANCED GROWTH Introduction; Meaning; Explanation; Unbalancing the Economy with SOC; Unbalancing the Economy with DPA ,The Path to Development, Linkage effects; Last Industries first; Advantages; Disadvantages; Similarities and Distinction between Balanced and Unbalanced Growth; Balanced Vs. Unbalanced Growth; Conclusion; Selected References; Questions for Exercise and Review.	103-113

Ch. No.	Chapter	Pages
11.	THE BIG PUSH THEORY Introduction; Main features of the theory of Big Push, Critical Appraisal; Conclusion; Selected References; Questions for Exercise and Review.	114-119
12.	DUALISTIC THEORIES Introduction; Meaning of Dualism; Elements, Typology; Types of Dualism; Theory of Social Dualism; The Theory of Technological Dualism; Theory of International Dualism; Financial Dualism; Measures to improve financial dualism; Selected References; Questions for Exercise and Review.	120-133
13.	LEWIS' THEORY OF UNLIMITED SUPPLIES OF LABOUR Introduction; Assumptions; Features of Lewis' Theory; Two Sector Economy; Capitalist Surplus; The Process of Economic Expansion; Relation between Capital, Technical Progress and Productivity; Role of State and Private Capitalists; Role of Savings; Role of Bank Credit; End of Growth Process; Critical Appraisal; Conclusion; Selected References; Questions for Exercise and Review.	134-141
14.	HARRIS AND TODARO ON MIGRATION AND DEVELOPMENT Introduction, Purpose of the Model, Implications for Development Policy; Selected References ; Questions for Exercise and Review.	142-149
15.	HANSEN'S THEORY OF SECULAR STAGNATION Introduction, Nature and Factors of stagnation, Explanation of the model, Critical Appraisal, Selected References ; Questions for Exercise and Review.	150-155
16.	SWAN'S GROWTH MODEL Introduction, General framework of the Model, Diagrammatic representation, Selected References; Questions for Exercise and Review.	156-159
17.	JORGENSON'S NEO CLASSICAL MODEL OF DUAL ECONOMY Introduction; Assumptions; Explanation; Policy Implications ; Conclusion; Critical Appraisal; Selected References; Questions for Exercise and Review.	160-166
18.	THE DEPENDENCY THEORY OF UNDER DEVELOPMENT AND EMMANUEL THEORY OF UNEQUAL EXCHANGE Introduction; The Dependency Theory; Emmanuel's Theory of unequal Exchange ; Explanation of the Theory ; Selected References; Questions for Exercise and Reveiw.	167-174
19.	INTERNATIONAL DEPENDENCE MODEL - FALSE PARADIGM AND DUALISM Introduction, Neo classical dependence Model; False Paradigm Model; Dualistic - Development Thesis; Selected References; Questions for Exercise and Review.	175-177

SECTION-III

MODELS OF ECONOMIC GROWTH

- | | | |
|------|--|-------|
| 1. ✓ | THE HARROD-DOMAR MODEL | 3-21 |
| | Introduction; Harrod Model; Explanation of the Model; Instability of Growth; Interaction of G , G_W and G_N ; Domar's Model; Assumptions; Explanation of Domar's Model, Path of Disequilibrium; Importance of Harrod-Domar Model; Comparison of two Models; Similarities and Differences; Critical Appraisal; Applicability of Harrod-Domar Model to UDCs; Limitations of these models from the stand point of the UDCs; Conclusion; Selected References; Questions for Exercise and Review. | |
| 2. ✓ | KALDOR'S MODEL OF INCOME DISTRIBUTION | 22-26 |
| | Introduction; Assumptions; Working of the Model; Critical Appraisal; Conclusion; Applicability of Kaldor's model in UDCs; Selected References; Questions for Exercise and Review. | |
| 3. ✓ | KALDOR'S MODEL OF GROWTH | 27-34 |
| | Introduction; Assumptions; Working of the Model; Critical Appraisal; Applicability of Model in UDCs; Selected References; Questions for Exercise and Review. | |
| 4. ✓ | JOAN ROBINSON'S GOLDEN AGE MODEL OF ECONOMIC GROWTH | 35-46 |
| | Introduction; Assumptions; Open Model; Closed Model; State of Disequilibrium; Types of Golden Age; Platinum Age; Desired Rate of Accumulation; Applicability to UDCs; Relationship of Robinson's Model to Harrod's and Domar's Models; Similarities; Dissimilarities; Critical Evaluation, Conclusion, Selected References; Questions for Exercise and Review. | |
| 5. ✓ | MEADE'S MODEL OF ECONOMIC GROWTH | 47-56 |
| | Introduction; Assumptions; Determinants of Economic Growth; Changes in Rate of Economic Growth; State of Steady Economic Growth; Critical Growth Rate; Steady Growth with the help of Diagram; Critical Appraisal; Selected References; Questions for Exercise and Review. | |
| 6. ✓ | SOLOW'S MODEL OF GROWTH | 57-65 |
| | Introduction; Assumptions; Long Run Growth; Mathematical Explanation; Possible Growth Patterns; Path of Divergence; Applicability to UDCs; Critical Evaluation; Conclusion; Selected References; Questions for Exercise and Review. | |
| 7. ✓ | THE MODELS OF TECHNICAL CHANGE | 66-74 |
| | Introduction; Neutral and Non-Neutral Technical Change; Capital Saving Technical Change; Labour Saving Technical Change; Criticism; Harrod's | |

Ch. No.	Chapter	Pages
	View on Neutrality; Disembodied Technical Change; Criticism; Embodied Technical Change; Assumptions, Appraisal; Limitations; Selected References; Questions for Exercise and Review.	
8.	STEADY STATE GROWTH Introduction; Basic Principles, Basic Conditions for Steady Growth; Main Properties of Steady Growth; Flexible Capital Output Ratio; Flexibility of Savings Ratio; Technical Progress; Selected References; Questions for Exercise and Review.	75-79
9.	THE PASINETTI MODEL OF PROFIT AND GROWTH Introduction; Implications; Comparison with Kaldor's Model; Selected References; Questions for Exercise and Review.	80-83
10.	THE FEL'DMAN MODEL Introduction; Explanation of the Model. Mathematical Framework; Implications of the Model; Critical Appraisal; Selected References; Questions for Exercise and Review.	84-90
11.	THE MAHALANOBIS MODEL Introduction; Two Sector Model; Four Sector Model; Critical Appraisal; Conclusion; Selected References; Questions for Exercise and Review.	91-99
12.	SCHULTZ'S TRANSFORMATION OF TRADITIONAL AGRICULTURE Introduction; The Main Constraints; Unsettled Questions; Attributes of Traditional Agriculture; Allocative Efficiency; Zero Marginal Productivity; High Returns in Traditional Agriculture; Traditional Agriculture as a Source of Economic Growth; Role of Farm Size, Control and Incentives; Technological Change and Productive Investment; Investment in Human Capital; Diagrammatic Representation; Conclusion; Critical Evaluation; Selected References; Questions for Exercise and Review.	100-109
13.	THE FEI AND RANIS MODEL OF ECONOMIC GROWTH Introduction; Theory of unlimited supply of Labour; Assumptions; Explanation-Development of Agricultural Sector; Development of Industrial Sector; Generalization of the Agricultural Surplus; Agricultural Surplus as a Wage Fund; Necessity of Labour Reallocation; Balanced Growth; Evaluation; Conclusion; Selected References; Questions for Exercise and Review.	110-119
14.	TODARO'S MODEL OF RURAL-URBAN MIGRATION AND UNEMPLOYMENT Introduction; Basic Nature of Migration; Main Features; Implications of the Model; Mathematical Treatment of the Model; Incentives and the Costs of Labour Transfers; Selected References ; Questions for Exercise and Review.	120-129

Ch. No.	Chapter	Pages
15.	LITTLE MIRRLEES AND UNIDO APPROACH TO PROJECT EVALUATION Introduction; Main Reasons; Distortions in Factor Markets; Equivalence of Little-Mirrlees Formulation of Shadow wage and UNIDO Approach; Selected References; Questions for Exercise and Review.	130-134
16.	TWO GAP MODEL Introduction; Explanation of the Model, Critical Appraisal; Benefits and Costs of Aid; Implications; Selected References; Questions for Exercise and Review.	135-137
17.	PREBISCH AND SEER'S MODELS Introduction; Explanation of the Model; Prebisch's views on Structuralism, Effects of Structuralist policies, The Seer's Model; Selected References; Questions for Exercise and Review.	138-143
18.	GERSCHENKRON'S GREAT SPURT THEORY Introduction; Some Generalisations; How to Attain Great Spurt; Critical Appraisal; Gerschenkron vs Rostow; Selected References; Questions for Exercise and Review.	144-147
19.	ROMAR'S ENDOGENOUS GROWTH MODEL Introduction; Basis of Romar's model; Endogenous Growth Model vs Traditional Neo-classical; Criticism of Romar's Endogenous Growth Model; Selected References; Questions for Exercise and Review.	148-152
20.	CONVERGENCE Introduction; Types of convergence; Conclusion; Selected References; Questions for Exercise and Review.	153-155

SECTION-IV

INTERNAL AND EXTERNAL RESOURCES FOR ECONOMIC DEVELOPMENT

1.	CAPITAL FORMATION AND ECONOMIC DEVELOPMENT Introduction; What is Capital; Utility of Capital in Economic Development; What is Capital Formation; Significance of Capital Formation in Economic Development; Process of Capital Formation; Factors affecting Capital Formation; Capital Absorption with Stability; Reasons for Low Rate of Capital Formation; Steps to Raise the Capital Formation; Domestic Savings; External Sources; Selected References; Questions for Exercise and Review.	3-12
2.	POPULATION AND ECONOMIC DEVELOPMENT Introduction ; Theory of Demographic Transition; Population and Economic Development; Population as an Accelerating Factor; Population as a	13-20

Ch. No.	Chapter	Pages
	Retarding Factor to Economic Growth ; Coale-Hoover Model on Population Growth and Development; Views of Robert Cassen; Selected References; Questions for Exercise and Review.	
3.	HUMAN CAPITAL FORMATION AND ECONOMIC DEVELOPMENT	21-24
	Introduction; Significance of Human Capital; Composition of Human Investment; Problems of Human Capital Formation; Growth of Knowledge and Skill Formation; Selected Reference; Questions for Exercise and Review.	
4.	THE THEORY OF DISGUISED UNEMPLOYMENT AND CAPITAL FORMATION	25-31
	Introduction; A.K. Sen's View; Nurkse's Theory; Vakil and Brahmanand's View; Criticism; Selected References; Questions for Exercise and Review.	
5.	INSTITUTIONAL STRUCTURE AND ECONOMIC DEVELOPMENT	32-38
	Introduction; Social Content of the Development Forces; Meaning of Institutions; Characteristics of Institution; Role of Institutions in Economic Development; Impact of Institutions on Growth Determining Factors; Some Institutions and Economic Growth; Need for Change in Institutional Structure; Selected References; Questions for Exercise and Review.	
6.	ROLE OF INFLATION IN ECONOMIC DEVELOPMENT	39-44
	Introduction; What is Inflation; Keynes's View on Inflation; Arguments in Favour of Inflationary Finance; Arguments Against Inflationary Finance; Safeguards against Inflation; Conclusion; Selected References; Questions for Exercise and Review.	
7.	ENTERPRENEURSHIP AND ECONOMIC DEVELOPMENT	45-48
	Introduction; Meaning; Objectives; Qualities of Entrepreneur; Role of Entrepreneur; Obstacles in the Growth of Entrepreneurship; Measures to Encourage Entrepreneurship; Selected References; Questions for Exercise and Review.	
8.	TECHNOLOGY AND ECONOMIC DEVELOPMENT	49-54
	Introduction; Meaning of Technological Change; Role of Technology in Economic Development; Process of Technological Change; Suitability of Foreign Techniques; Problem of Technology transfer to U.D.Cs; Measures to Accelerate Transfer of Technology; Conclusion; Selected References; Questions for Exercise and Review.	
9.	ROLE OF STATE IN ECONOMIC DEVELOPMENT	55-62
	Introduction; Direct Measures; Indirect Measures; Limitations; Conclusions; Selected References; Questions for Exercise and Review.	

Ch. No.	Chapter	Pages
10.	FOREIGN TRADE AND ECONOMIC DEVELOPMENT Introduction; Role of Foreign Trade in Economic Development; Growth Promoting or Beneficial Effects; Growth Retarding or Harmful Effects; Selective References; Questions for Exercise and Review.	63-68
11.	FOREIGN CAPITAL AND ECONOMIC DEVELOPMENT Introduction; Importance of Foreign Capital; Dangers of Foreign Capital; Types of Foreign Capital; Significance or Advantages of Private Foreign Capital; Disadvantages of Private Foreign Capital; Public Foreign Capital' Inter Govt. Leading; Institutional Leadings; Selected References ; Questions for Exercise and Review.	69-76
12.	FOREIGN FINANCE, INVESTMENT AND AID- CONTROVERSSIES AND OPPORTUNITIES Introduction ; Private FDI and MNCs; Features of MNCs; Necessity of Private Foreign Investment- Some Pros and cons ; Reconciliation of Merits and Demerits of MNCs; Foreign Aid - The Development Assistance; Reasons for giving Aid; Selected Refernces; Questions for Exercise and Review.	77-83
13.	MONETARY POLICY AND ECONOMIC DEVELOPMENT Meaning; Objectives of Monetary Policy; Parametres of Monetary Policy; Instruments of Monetary Policy; Monetary Policy and Economic Development; Monetary Policy in Developing Economy; Limitations of Monetary Policy in underdeveloped countries; Selected References; Questions for Exercise and Review.	84-94
14.	FISCAL POLICY AND ECONOMIC DEVELOPMENT Meaning of Fiscal Policy; Keynes' View on Fiscal Policy; Objectives of Fiscal Policy in Developing Economies; Instruments of Fiscal Policy; Fiscal Policy for Economic Growth; Problems or Limitations; Role of Fiscal Policy in Developing Countries; Fiscal-Monetary Mix; Selected References; Questions for Exercise and Review.	95-110
15.	COMMERCIAL POLICY AND ECONOMIC DEVELOPMENT What is Commercial Policy; Commercial Policy and Economic Development; Case in Favour of Free Trade; Arguments Against Free Trade; Reasons for Abandoning Free Trade; Protection; Arguments for Protection; Arguments Against Protection; Methods of Protection; Rationale of protection policy for underdeveloped countries; Selected References; Questions for Exercise and Review.	111-122

SECTION-V

ECONOMIC PLANNING AND TECHNIQUES

1.	INTRODUCTION TO ECONOMIC PLANNING Meaning; Some Definitions; Why is Planning Needed; Objectives of Economic Planning; Case Against Economic Planning; Characteristics of	3-12
----	--	------

Ch. No.	Chapter	Pages
	Economic Planning; Necessary Conditions for the Success of Planning; The Future of Development Planning; How to achieve Targets; Conclusion; Selected references; Questions for Exercise and Review.	
2.	TYPES OF PLANNING Introduction; Classification of Planning; Physical and Financial Planning; Structural and Functional Planning; Centralised and Decentralised Planning; Socialistic and Capitalistic Planning; Direction and Inducement Planning; Democratic and Totalitarian Planning; Comprehensive and Partial Planning; Permanent and Emergency Planning; Perspective and Short Term Planning; Flexible and Rigid Planning; Rolling and Fixed Planning; Regional, National and International Planning; Anti-cyclical Planning and Development Planning; Selected Readings; Questions for Exercise and Review.	13-28
3.	INPUT OUTPUT ANALYSIS Introduction; Main Features; Uses of Input-Output Analysis; Assumptions; Different Stages of Input Output Relations; Viability Tests; Feasibility Condition; Forecasting Import Requirements; Forecasting Labour and Investment Requirements; Backward and Forward Linkages; Triangularised Input-Output Tables; Input-Output Table of Papua New Guinea; Dynamic Input-Output Model; Use of Dynamic Input Output Model in Planning; Limitations of Input-Output Analysis; Use of Input-Output Techniques in Development Planning; Use of Input Output Techniques in Development Planning in India; Selected References; Questions for Exercise and Review.	29-46
4.	LINEAR PROGRAMMING Introduction; Basic Concepts; Programming Techniques; Choice of Process; Constraints of Limited Capacities; Dual Problem; Limitations of Linear Programming; Uses of Linear Programming in Planning; Selected Readings; Questions for Exercise and Review.	47-54
5.	PROJECT EVALUATION AND COST BENEFIT ANALYSIS What is Project Evaluation; Stages of Project Evaluation; Why Project Evaluation; Cost Benefit Analysis; Application of Market Principle; Financial Study and Cost Benefit Analysis; Criteria for Cost Benefit Analysis; Evaluation of Cost Benefit Analysis; Limitations; Rationale of Project Selection; Project Benefit and Consumer Surplus; Measurement of Benefits and Costs; Shadow Pricing of Market Items; Assigning Weights in Project Selection; Shadow Pricing in Cost Benefit Analysis; Selected References; Questions for Exercise and Review.	55-73
6.	CAPITAL OUTPUT RATIO Introduction; Factors Affecting Capital Output Ratio (COR); Uses of Capital Output Ratio; Arguments in Favour of High COR; Arguments in Favour of Low COR; Limitations of COR; Conclusion; Capital Output Ratio in India; Selected References; Questions for Exercise and Review.	74-80
7.	INVESTMENT CRITERIA IN ECONOMIC DEVELOPMENT Introduction; Meaning; Objectives of Factor Allocation of Investment; Social Marginal Productivity Criterion; Capital Turn Over Criterion; Reinvestment	81-89

- Criterion; Time Series Criterion; Balance of Payment Criterion; Practical Application of Investment Criteria; Selected References; Questions for Exercise and Review.
8. **SHADOW PRICES OR ACCOUNTING AND PLANNING** 90-96
 Introduction; Meaning of Shadow Accounting Prices; Need for Shadow Prices; Methods of Calculating Shadow Prices; Shadow Price of Foreign Exchange; Shadow Price of Labour; Shadow Price of Capital; Usefulness of Shadow Prices; Difficulties of Shadow Prices; Selected References; Questions for Exercise and Review.
9. **THE CHOICE OF TECHNIQUE** 97-112
 Introduction; Types of Techniques; Labour Intensive Techniques; Capital Intensive Techniques; Choice of Technique; Arguments for Labour Intensive Techniques; Arguments against Labour Intensive Techniques; Arguments in Favour of Capital Intensive Techniques; Approaches to the problem of Choice of techniques; Choice of Techniques in U.D.Cs; An Appropriate Technique for U.D.Cs.; Factors Influencing Choice of Techniques; Intermediate Technique; Difficulties in Choice of Technique; Suggestions; Selected References, Questions for Exercise and Review.
10. **ROLE OF PRICE MECHANISM AND PRICE POLICY IN A DEVELOPING ECONOMY** 113-121
 Introduction; Price Mechanism in Economic Planning; A Contradictory View; Price Mechanism in Planned Economy; Competitive Price Mechanism Vs. Controlled Price Mechanism; Arguments in Favour of Price Mechanism; Arguments Against Price Mechanism; Price Level and Economic Development; Price Policy in Developing Economy; Importance of Price Policy in planned Economy; Need of Price Regulation in Planned Economy; Micro Aspects of Price Policy; Macro Aspects of Price Policy ; Principles of Price Policy; Functions of Price Policy; Mobilisation of Resources and Price Mechanism; Agricultural Price Policy; Prices of Industrial Products; Price Policy in the Public Sector; Selected References; Questions for Exercise and Review.
11. **MANPOWER PLANNING** 122-125
 Introduction, Need for Manpower Planning, Imbalance between Manpower Demand and Manpower Supply, Manpower Planning in India; Decentralised Strategy for Manpower Planning, Selected References and Questions for Exercise and Review.

SECTION-VI

PLANNING IN INDIA

1. **DEVELOPMENT OF PLANNING IN INDIA** 3-1
 Introduction; National Planning Committee; The Bombay Plan; People's plan; Gandhian Plan; Post War Reconstruction; Advisory Planning Board;

Ch. No.	Chapter	Pages
	Planning from Independence to the Establishment of Planning Commission; Administrative Organisation; Internal Organisation other significant bodies; Process of Planning in India; Features of Planning Process in India; Pitfalls of Planning Commission; Selected References; Questions for Exercise and Review.	
2.	MAIN OBJECTIVES AND EVALUATION OF PLANNING Introduction; Main Objectives; Overview of Achievements of Planning; Shortcomings/Failures of Plans; Drawbacks of Indian Planning; Suggestions for Improvement; Selected References; Questions for Exercise and Review.	16-26
3.	STRATEGY OF PLANNING Introduction; First Five Year Plan to Eighth Five Year Plan Strategy; Strategy of Ninth and Tenth Plans; Strategy of Agriculture, Intensive versus Industrial Intensive Technique; Heavy Industries versus Light Industries; Selected References; Questions for Exercise and Review.	27-40
4.	PLAN MODELS IN INDIAN PLANS Introduction; Plan Models; First Five Year Plan Model; Second Plan Model; Third Plan Model; Fourth Plan Model; Fifth Plan Model; Sixth Plan Model; Seventh Plan Model; Eighth Plan Model; Ninth Plan Model; Omissions of Plan Models; Drawbacks; Usefulness of Plan models; Lessons; Selected References; Questions for Exercise and Review.	41-57
5.	MOBILISATION OF RESOURCES FOR INDIAN PLANS Introduction; Methods of Resource Mobilisation; Analysis of Finances Envisaged for Different Five Year Plans; Conclusions and Suggestions; Selected References; Questions for Exercise and Review.	58-69
6.	ELEVENTH FIVE YEAR PLAN (2007-08 TO 2011-12) Introduction; Approach paper on Eleventh Plan, Background of Development; Strength of the Economy ; Some Major Challenges faced by the Economy; Priorities of the Eleventh Plan ; Vision, objectives, Targets; Growth Targets and Macro-Economic Indicators of the Eleventh Plan; Plan-outlay-Headwise Development ; Financing of the Eleventh plan ; Monitorable Targets; National Targets; Approach and Strategy ; Selected References; Questions for Exercise and Review.	70-82

SECTION-VII

DEVELOPMENT PROBLEMS

1.	PUBLIC SECTOR IN INDIA Introduction; Causes for Expansion of Public Sector Enterprises; Role of Public Sector Enterprises; Performance of Public Sector; Shortcomings of Public Sector; Suggestions to Improve its Working; Reforms in Public Sector; Selected References; Questions for Exercise and Review.	3-17
-----------	---	-------------

Ch. No.	Chapter	Pages
2.	INDUSTRIAL POLICY STATEMENTS IN INDIA Introduction; Industrial Policy statement of 1948; Industrial Policy statement of 1956; Industrial Policy statement of 1977; Industrial Policy of 1980; Industrial Policy statement of 1991; Critical Appraisal Selected References; Questions for Exercises and Review.	18-31
3.	BALANCED REGIONAL DEVELOPMENT AND REGIONAL DISPARITIES Introduction; Need for Balanced Regional Development; Indicators of Regional Imbalances; Factors Responsible for Regional Imbalances; Estimates of Regional Disparities; Regional Disparities and Development Policies in India; Why Regional Planning Failed to remove Regional Imbalances; Suggestions; Selected References; Questions for Exercise and Review.	32-40
4.	MONOPOLY AND CONCENTRATION OF ECONOMIC POWERS AND MRTP ACT Introduction; Meaning; Forms of Concentration of Economic Power; Reasons for Growth of Concentration; Consequences; Measures to control Concentration of Economic Power; Recommendations of MIC; Monopolies Restrictive Trade Practices Act, 1970; MRTP Amendments; MRTP Limits; MRTP Act and Industrial Policy of 1991; Competition Bill in replacement of MRTP Act; Selected References; Questions for Exercise and Review.	41-52
5.	PRICE BEHAVIOUR UNDER PLANS Introduction; Price Behaviours during Different Plans; Effects of Rise in Prices; Causes Responsible for Rapid Increase in Prices; General Suggestions to check rise in prices; Anti Inflationary Policy or Government Policy to Curb Prices; Measures to Curb Food Inflation ; Selected References; Questions for Exercise and Review.	53-60
6.	INEQUALITIES OF INCOME AND POVERTY ALLEVIATION PROGRAMMES Inequality of Income, Magnitude; Effects of Inequalities of Income; Factors responsible for Inequality of Income and wealth; Suitable Measures; What is Poverty, Estimates of Poverty; Recent Estimates; Poverty Line; Incidence of Poverty; International Comparison; Factors responsible for Poverty; Suitable measures for solution; Poverty Alleviation Programmes; Recent Employment Generation and Poverty Alleviation Programmes; Recent; Selected References; Questions for Exercise and Review.	61-77
7.	POPULATION PROBLEM AND POLICY Introduction; Trends of Growth of Population; Features of Population; Birth and Death Rates; Sex Ratio, Rural-Urban Population, Age structure; Expectation of Life; Literacy; Occupational Distribution in India; Why Performance is slow; Causes of Rapid Growth; Remedies to Check Growth of Population; National Population Policy-2000; National Commission of Population; National Rural Employment Guarantee Scheme; Selected References; Questions for Exercise and Review.	78-93

Ch. No.	Chapter	Pages
8.	PROBLEM OF UNEMPLOYMENT Introduction; Meaning and Nature of Unemployment; Magnitude and Estimates of Unemployment; Overview of Sectoral Employment Growth; Salient Features of Unemployment Rates in India; Effects of Unemployment; Causes of Unemployment; Suggestions; Employment in Tenth Five Year Plan and Eleventh Plan ; Selected References; Questions for Exercise and Review.	94-103
9.	FOREIGN CAPITAL AND MULTINATIONAL CORPORATIONS Need for Foreign Capital; Forms of Foreign Capital; Flow of External Capital in Recent Years; Foreign Direct Investment (FDI); FDI Inflow in India and Asian Developing Countries; Foreign Aid to India; Government Policy towards Foreign Capital; Major Initiatives to attract FDI; Liberalisation of Foreign Investment Policy; Impact and Problems of Foreign Aid ; Multinational Corporations; Characteristics of Multi-national Corporations Types; Importance; Types; Foreign collaborations; Impact of Foreign Collaborations; Control over Multinational Corporations; FEMA-1999; Main features; Evaluation; Selected References; Questions for Exercise and Review.	104-125
10.	FOREIGN TRADE AND BALANCE OF PAYMENTS IN INDIA Introduction; Foreign Trade of India Since Independence; Composition of Imports and Exports ; Direction of Exports Causes for the change in composition of Exports and Imports; Balance of Payment; Difference between Balance of payments and balance of trade; Trends in Balance of Payments on current Account; Measures Taken by the Government for Improving Balance of Payment; Foreign Trade Policy or EXIM policy 2004-09; 2009-14, Special Economic Zones (SEZs) - Performance; Trade Policy Reforms - Some Challenges ; Selected References; Questions for Exercise and Review.	126-142
11.	PARALLEL ECONOMY Introduction; Estimates of Black Money; Causes for Growth; Impact of Black money; Suitable Measures; Selected References and Questions for Exercise and Review.	143-149
12.	INDUSTRIAL SICKNESS Introduction; What is Sickness; Nature and Magnitudes of Sickness; Causes Responsible for Sickness; Consequencies; Methods to Overcome; Measures Taken by the Government; Selected References; Questions for Exercise and Review.	150-159
13.	PRIVATISATION Introduction; What is Privatisation; Objectives; Types of Privatisation; Causes for throughs Privatisation Arguments in Favour and Against Privatisation; Problems; Conditions for the Success of Privatisation in India; Privatisation in India; Privatisation-Global Impact; Selected References; Questions for Exercise and Review.	160-167
14.	WORLD TRADE ORGANISATION Introduction; Uruguay Round; Highlights of Dunkel Proposal; World Trade Organisation (WTO); Major Agreements; Role of WTO; Emergence of WTO	168-187

Ch. No.	Chapter	Pages
	and India; WTO Ministerial conferences; Adoption of IPRS in India; Expected Benefits from Agreements; Progress of WTO; Removal of Quantitative Restrictions; Selected References; Questions for Exercise and Review.	
15.	GLOBALISATION AND ITS IMPACT ON INDIAN ECONOMY	188-200
	Introduction; Parameters of Globalisation; Features of Indian Globalization; Advocacy; Impact of Globalisation on Indian Economy; Evaluation; Selected References; Questions for Exercise and Review.	
16.	NEW ECONOMIC REFORMS	201-214
	Meaning of New Economic Policy; Features; Phase of Economic Reforms- First Phase 1985-86, Second Phase (1990 onwards); Second Generation of Economic Reforms; Achievement of New Economic Policy; Shortcomings of the Economic Reforms Policy; Selected References; Questions for Exercise and Review.	
17.	DEVELOPMENT OF HUMAN RESOURCES	215-230
	Introduction; Significance; Forms of Development of Human Resources- Education and Training, Health, Housing and Water-supply and Sanitation, Development in India, Selected References ; Questions for Exercise and Review.	
18.	DEVELOPMENT OF INFRASTRUCTURE IN INDIA	231-251
	Introduction; Meaning; Overview of growth of infrastructure during Planning Era; Transport System; Rail Transport; Road Transport, Water Transport, Air Transport, Communication, Selected References; Questions for exercise and review.
