

# THE SCIENCE OF HYPNOTISM

## XV

### THE REMARKABLE POWER OF AFLEY LEONEL BRETT . . . . .230 *From the New York Journal*

A boy who can see straight through your clothes to your very bones. How he has diagnosed diseases which puzzled physicians. Described internal disorders which Science had no way of finding out, and explained fractures of bones which the doctors did not suspect. Physicians confronted with a scientific phenomenon which it is impossible to explain. How physicians use Hypnotism.
