## Homework for COVID-19 Holidays (Assignment 3rd)

### Class-2nd

English	<p><b>A. Use is/am/are to complete the sentences:</b></p> <p>1. I ----- Kitty.      2. He ----- older than me.          3. We ----- always together.      4. They ----- our parents.          5. You ----- a girl.</p> <p><b>B. Write the plural form of each noun.</b></p> <p>a. Shelf----- b. Witch----- c. Potato----- d. Watch--          e. Cherry----- f. Candy---</p> <p><b>C. Use A, An or The:</b></p> <p>a. ----- cow .      b. ----- elephant.          c. ----- TajMahal.      d. ----- axe.          e. ----- Redfort.      f. ----- owl.          g. ----- mango</p> <p><b>C. Learn and write opposite words:</b></p> <p>1. Big – Small      2. Up- Down      3. Near – Far      4. Slow -Fast          5. Heavy- Light      6. One-Many      7. In-Out      8. Tall- Short</p>
Math	<p><b>1. Arrange the ascending order:</b></p> <p>a) 35 ,75,96,83,48      b) 135,112,189,176,143          c) 152,126,175,133,124      d) 158,145,136,102,169          e) 165,117,125,137,158</p> <p><b>2. Arrange the descending order:</b></p> <p>a) 58, 66 96, 44,98      b) 55,88,69,98,46          c) 170,188,798,145,132      d) 150,175,163,180,198          e) 188,198, 184,170,169</p> <p><b>3. Do 10 Addition sums:</b>      <b>4. Do 10 Subtraction sums:</b></p>
EVS	<p>( My family)</p> <p><b>Answer the following questions: (Learn and write)</b></p> <p>1. What do you understand by a joint family?          Ans- A big family where parents, grandparents, childrens, uncle ,aunt live together is known as joint family</p> <p>2. What is a nuclear family?          Ans- A small family where only parents and childrens live together is a nuclear family.</p> <p>3. Draw a family tree and colour it ( in rough note book)</p> <p><b>B. Fill in the blanks:</b>  <b>( seven, oldest, cooks, obey, house, help)</b></p> <p>1. My grand father is the----- member in my family.          2. My mother keeps the ----- clean.          3. We should ----- our elders.          4. My sister is ----- years old.          5. My mother ----- food for us.          6. All members of the family should ----- each other.</p>
Computer	<p><b>Answer the following questions : (Learn and write in rough copy)</b></p> <p>1. Define computer. How many parts of computer?          Ans- Computer is a electronic devic. A computer has four main parts of computer: Monitor, CPU, Keyboard, and Mouse.</p> <p>2. Who is known as the father of computer?          Ans- Charles Babbage</p>
G.K.	Write 5-5 outdoor and indoor games.
Hindi	<p><b>इ और ई की मात्रा वाले 10-10 शब्द लिखिए।</b> Hindi(Gr.)- प्र.१. वर्ण से आप क्या समझते हैं? प्र.२. वर्णमाला किसे कहते हैं? प्र.३. वर्ण कितने प्रकार के होते हैं? नाम लिखिए। प्र.४. निम्न संयुक्त व्यंजनों से एक एक शब्द बनाइए-      क्ष    त्र          _____ ज    श्र _____</p>

#### Math

**EXERCISE 1**

1. Fill in the blanks and the table.

a) thousands hundreds tens one

Number	Number name	Abacus

b) thousand hundreds tens ones

Number	Number name	Abacus

c) thousands hundreds tens ones

Number	Number name	Abacus

Scanned with CamScanner

Page No : 01

2. Write the number names.

a) 3711 = \_\_\_\_\_  
 b) 8094 = \_\_\_\_\_  
 c) The tiger population in India in the year 2015 was **2226**. Write the number of tigers as a number name. \_\_\_\_\_  
 d) The Nile River in Egypt is the longest river in the world. It is **6650** km long. Write its length as a number name. \_\_\_\_\_

3. Write the numbers.

a) One thousand four hundred twenty = \_\_\_\_\_  
 b) Nine thousand seventy-one = \_\_\_\_\_  
 c) The leopard population in India in the year 2015 was **seven thousand seven hundred and one**. Write this as a number. \_\_\_\_\_  
 d) Chennai is at the level of the sea. Shimla is high up in the mountains. Shimla is higher than Chennai by **two thousand two hundred seventy-six** metres. Write this as a number. \_\_\_\_\_

4. Write the number shown on each abacus.

a) b) c)   
 d) e) f)

5. Show the number on the abacus.

a) 2314 b) 6203

Scanned with CamScanner

Page No : 02

c) 5430 d) 2000

6. Fill in the numbers in order.

a) 1087, 1088, 1089, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_  
 b) 4198, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_  
 c) 9829, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_  
 d) 5050, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_  
 e) 6104, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_

◆ Face value and place value

8276 is a 4-digit number.

8 is in the thousands place.  
 Its place value in 8276 is 8 thousands or 8000.  
 Its face value in 8276 is 8.

2 is in the hundreds place.  
 Its place value in 8276 is 2 hundreds or 200.  
 Its face value in 8276 is 2.

7 is in the tens place.  
 Its place value in 8276 is 7 tens or 70.  
 Its face value in 8276 is 7.

6 is in the ones place.  
 Its place value in 8276 is 6 ones or 6.  
 Its face value in 8276 is 6.

The place value depends on the place of the digit in the number.

The face value of a digit is the number itself. It remains the same in all places.

### Class-4th

#### Science

#### Chapter No 01: Food and Nutrition

- Q(1) Explain the three major types of nutrients. Mention two sources of each.  
 Q(2) What functions do vitamins and minerals perform in our body?  
 Q(3) What is a balanced diet? What are its benefits?  
 Q(4) Mention any five healthy eating habits.  
 Q(5) Why is food preservation necessary? Explain the different method of food preservation.

**Rapid check**  
Write 12,345 10,359 9999 and 1,00,003 in descending order.

**EXERCISE 3**

- Fill in the correct symbol < or >.
  - 84,026 ○ 32,001
  - 64,332 ○ 86,331
  - 1,95,422 ○ 95,099
  - 3,56,780 ○ 3,56,790
  - 2,48,291 ○ 2,48,270
  - 5,87,009 ○ 5,77,897
- Ring the greatest number in each.
  - 23,596 33,496 22,996
  - 20,182 9876 1,20,001
  - 53,138 53,238 53,088
  - 4,67,143 4,68,122 4,68,222
- Ring the smallest number in each.
  - 4355 44,355 4495
  - 1,16,433 21,643 12,346
  - 67,789 67,879 67,979
  - 5,60,000 5,61,000 99,999
- Arrange in ascending order.
  - 53,217 53,211 55,600 45,301
  - 47,520 9760 52,497 1,00,000
  - 1,21,050 1,12,500 5,10,211 1,02,570
- Arrange in descending order.
  - 26,566 26,600 27,560 3,27,400
  - 50,329 59,530 59,329 5,59,530
  - 3,41,956 9,56,432 3,14,566 9,65,432

**Building greatest and smallest numbers**

**Without repeating digits**  
You are given these number cards: 4 6 3 0 8  
You can build many 5-digit numbers by arranging them in different ways. Some examples are:  
6 3 0 4 8 3 8 0 4 6 8 6 4 3 0 3 4 6 8 0

Think! How will you build the greatest 5-digit number from these digits?

Simple! Arrange the digits in descending order: 8 6 4 3 0

How will you build the smallest 5-digit number from these digits?  
Arrange the digits in ascending order. But remember, the number cannot begin with 0. You cannot write 03468 because 03468 = 3468 which is a 4-digit number.  
So, the smallest 5-digit number is 3 0 4 6 8.

**With repeating digits**  
You are given the digits 1, 5, 6.  
Make the greatest 5-digit number with these digits; digits may be repeated.  
Arrange the digits in descending order, and repeat the largest digit as many times as necessary. So, the number is: 66,651  
To make the smallest number with these digits, arrange them in ascending order and repeat the smallest digit as many times as necessary. So, the number is: 11,156

**EXERCISE 4**

- Build the greatest and smallest numbers with these digits, without repeating the digits.
 

Digits	Number of digits	Greatest number	Smallest number
a) 4, 3, 1, 7	4		
b) 5, 3, 2, 1, 4	5		
c) 3, 0, 6, 1, 8, 7	6		
d) 0, 2, 7, 5, 6, 9	6		
- Build the greatest and smallest numbers with these digits, by repeating digits as required.
 

Digits	Greatest 5-digit number	Smallest 5-digit number	Greatest 6-digit number	Smallest 6-digit number
a) 3, 1, 7				
b) 2, 8, 4				
c) 7, 0, 6, 3				
d) 0, 2, 7, 5				

#### S.St Foot prints

#### Chapter No 02 : Mountains and Plateaus in Indian

- Q.(1) Write a Short not on the Middle Himalays (Himachal) and the outer Himalayas, Greater Himalayas.  
 Q.(2) Write a Short not on the Central Highland and The Deccan Plateau.  
 Q.(3) Answer the following questions.  
 (1) : Name two Himalayan rivers that originate in the Greater Himalayas.  
 (2) Name the highest mountain peak of the world.  
 (3) Name the state where Ganesh Chaturthi is an important festival.  
 (4) Name the state where Buddhist festivals are popular.  
 (5) How is the Peninsular Plateau important to us?

#### English Ferry

#### Chapter No :2 Good Neighbours

#### Q.(A) Answer these questions.

- (1) Who were Jack and Naoko?  
 (2) What did both the mothers want their children to do before going outside to play? Why?  
 (3) Jack and Naoko's mothers both made the same promise to their children.  
 (4) Who didn't mind being out in the cold, Jack or Naoko? How do you know?  
 (5) By When was Jack supposed to complete his snow man?  
 (6) What were the differences between Jack's snow man and Naoko's?

**For Handwriting imporvment doing 06 page writing practice of Hindi and English language.**

#### Science

##### *Chapter No 01: The worlds of the plants and animals*

**Q.(F) Answer the following questions in detail.**

- (1) Explain the structure of seed with the help of a diagram.
- (2) How does the germination of seed take place ? Draw a diagram in support of your answer.
- (3) Explain the steps of agriculture in detail.
- (4) What modifications do seeds have for dispersal by means of -
  - (i) Wind
  - (ii) Water
  - (iii) Animals
- (5) Write a short note on the two main farming seasons in India.

#### SSt (Footprints)

##### *Chapter No 01: The Earth's Surface*

- Q.(1) Write a short note on the earth.
- Q.(2) Make a short note on the Indian Ocean.
- Q.(3) Think if Over ! (HOTS)  
What if Pangaea had not broken into different parts ? Imagine the situation and write a story on how different our life would have been.
- Q.(4) Make a short note on Asian Continents.

#### English Ferry

##### *Chapter No 01: Why Evergreen Trees Never Lose Their Leaves*

- Q.(1) Think and Answer.  
(1) According to the story, the unkind trees 'talked amongst themselves.' They had their reasons for not letting the little birds stay. Do you think the reasons were fair enough ?  
(2) What lessons does the story teach us ?

#### *Values and Life skills*

*Imagine that Ankita is a new student in your class. This is her first day.*

- Q.(1) How do you think she feels on her first day at school ?
- Q.(2) What could you do to help her settle in ?

#### Math

##### EXERCISE 2

1. Write the number names and expanded forms.
  - a) 8,76,89,129
  - b) 6,74,20,098
  - c) 5,20,52,060
2. Write the number and the expanded form.
  - a) Six crore fifty-five lakh sixty thousand eight hundred eight
  - b) One crore one lakh one hundred one
  - c) Five crore thirty lakh fifty-five thousand ninety-nine
3. Which is the greatest 8-digit number? Show it on a place value chart.

#### ◆ Comparing numbers

You have learnt to compare 6-digit numbers in Class 4. The same method is used to compare bigger numbers.

5. Arrange in descending order.

- a) 6,78,09,234    6,87,09,234    6,87,90,234    6,78,90,234  
 b) 1,32,48,131    2,32,45,234    1,32,58,214    2,33,98,789

6. Make the smallest and greatest 7-digit numbers, without repeating digits.

- a) 3, 4, 9, 1, 2, 5, 6    b) 5, 6, 7, 0, 4, 3, 2

7. Make the smallest and greatest 8-digit numbers, by repeating digits as required.

- a) 1, 9, 4, 5, 6, 7    b) 3, 0, 8, 5, 6, 4, 2

### International place-value system

Most countries of the world follow a place-value system that is slightly different from the Indian place-value system. It is called the **international place-value system**.

The numbers up to 5-digits are read in the same way in both systems. The difference starts from 6-digit numbers.

Look at the table. Notice the difference in the periods (the places where commas are put to separate the periods) and in the names of places.

Number	No. of digits	Indian system	International system
10000	5	10,000 – ten thousand	10,000 – ten thousand
100000	6	1,00,000 – one lakh	100,000 – one hundred thousand
1000000	7	10,00,000 – ten lakh	1,000,000 – one million
10000000	8	1,00,00,000 – one crore	10,000,000 – ten million

The Indian system uses lakhs and crores. The international system uses **millions**:

$$1 \text{ million} = 10 \text{ lakh}, \quad 10 \text{ million} = 1 \text{ crore}$$

In the Indian system, the ones period has 3 places; the thousands, lakhs and crores periods have 2 places each.

In the international system the ones, the thousands and millions periods all have 3 places.

The place-value chart in the international system for numbers up to 8 digits is:

Millions		Thousands			Ones		
Ten millions	Millions	Hundred thousands	Ten thousands	Thousands	Hundreds	Tens	Ones
5	6	3	1	0	5	2	9

Scanned with CamScanner

Look at the number 56310529 in the chart.

It is written as:

56,310,529

It is read as: Fifty-six million three hundred ten thousand five hundred twenty-nine

In the Indian system, it is written as:

5,63,10,529

It is read as: Five crore sixty-three lakh ten thousand five hundred twenty-nine

Example 1: Write 34590234 in figures and words in the two systems.

Indian system: 3,45,90,234

Three \_\_\_\_\_ forty-five \_\_\_\_\_ ninety \_\_\_\_\_ two \_\_\_\_\_ thirty-four

International system: 34,590,234

Thirty-four \_\_\_\_\_ five hundred ninety \_\_\_\_\_ two \_\_\_\_\_ thirty-four.

### EXERCISE 4

1. Write these numbers in figures and words in the Indian and international systems.

- a) 369512    b) 2397010    c) 32954602    d) 60032051

2. Census (counting of population) in India was done in 2011. The populations of some states of India in 2011 were as follows. Write the population numbers in words.

- a) West Bengal: 91,276,115  
 b) Karnataka: 61,095,297  
 c) Himachal Pradesh: 6,864,602  
 d) Delhi: 1,67,87,941

3. Write the following 2011 census state populations in figures.

- a) Punjab: Twenty-seven million seven hundred forty-three thousand three hundred thirty-eight  
 b) Goa: One million four hundred fifty-eight thousand five hundred forty-five  
 c) Kerala: Thirty-three million four hundred six thousand sixty-one  
 d) Meghalaya: Twenty-nine lakh sixty-six thousand eight hundred eighty-nine

4. Give the place value of the digit in red, in both the Indian and the international systems.

- a) 321650    b) 2389435    c) 70453271    d) 56409274

Scanned with CamScanner

• The number with more digits is always greater.

Example 1: 2,12,34,020 > 99,99,999

(8-digit number) > (7-digit number)

• If the number of digits is the same, compare the leftmost digits first. If these are the same, compare the next digits on the right. Continue until you find two digits that are different.

Example 2: Compare 2,34,61,424 and 2,34,90,326

Both are 8-digit numbers.

Starting from the left, the first 3 digits are the same.

Compare the fourth digit: 6 < 9

Therefore, 2,34,61,424 < 2,34,90,326

2,12,34,020

99,99,999

2,34,61,424

2,34,90,326

### Before and after

You can get the number just before a large number by **subtracting 1** from it.

The number before 3,45,666 is  $3,45,666 - 1 = 3,45,665$

The number before 48,90,300 is  $48,90,300 - 1 = 48,90,299$

You can get the number just after a large number by **adding 1** to it.

The number after 2,66,367 is  $2,66,367 + 1 = 2,66,368$

The number after 65,90,199 is  $65,90,199 + 1 = 65,90,200$

The number just before another number is called its **predecessor**.

The number just after another number is called its **successor**.

## Homework for COVID-19 Holidays (Assignment 3rd)

### Class-6th

#### English

#### Chapter Poem : Daffodils

**Q.(A) Read the sentences and answer the questions that follow.**

(1) *Continuous as the stars that shine  
And twinkle on the milky way,  
They stretched in never-ending line.*

- (a) What is being compared to the stars ?
- (b) Why does the poet say that ' they ' are twinkling like the stars?
- (c) What does the poet mean when he says ' they stretched in never-ending line ' ?

**Q.(B) A poet could not but be gay,**

In such a jocund company,  
I gazed \_\_\_\_ and gazed \_\_\_\_ but little thought  
What wealth the show to me had brought.

- (a) Whose 'jocund company' is the poet referring to ?
- (b) What is the 'show' ?
- (c) What does the poet mean when he uses the word 'wealth' ?

**Q.(C) Answer the questions.**

- (1) What and where did the poet see 'all at once' ?
- (2) Which line in the poem tells us that what the poet saw were present in great numbers ?
- (3) What did the waves do ?
- (4) Mention three things which the flowers did.
- (5) What happen when the poet is in a 'vacant' or 'pensive mood' ?

**For Handwriting imporvment doing 06 page writing practice of Hindi and English language.**

#### Math

#### EXERCISE 1A

1. Write the numeral for each of the following numbers:

- (i) Nine thousand eighteen
- (ii) Fifty-four thousand seventy-three
- (iii) Three lakh two thousand five hundred six
- (iv) Twenty lakh ten thousand eight
- (v) Six crore five lakh fifty-seven
- (vi) Two crore two lakh two thousand two hundred two
- (vii) Twelve crore twelve lakh twelve thousand twelve
- (viii) Fifteen crore fifty lakh twenty thousand sixty-eight

2. Write each of the following numbers in words:

- (i) 63,005
- (ii) 7,07,075
- (iii) 34,20,019
- (iv) 3,05,09,012
- (v) 5,10,03,604
- (vi) 6,18,05,008
- (vii) 19,09,09,900
- (viii) 6,15,30,807
- (ix) 6,60,60,060

3. Write each of the following numbers in expanded form:

- (i) 15,768
- (ii) 3,08,927
- (iii) 24,05,609
- (iv) 5,36,18,493
- (v) 6,06,06,006
- (vi) 9,10,10,510

(Page No 01)

Number System 11

**EXAMPLE 11.** For making 16 shirts, 44 metres of cloth is needed. How much cloth is required for each shirt?

**Solution** We have:

Cloth required for 16 shirts = 44 m.	$\begin{array}{r} 2 \text{ m} \\ 16 \overline{) 44 \text{ m}} \\ \underline{- 32} \\ 12 \text{ m} \\ \times 100 \end{array}$
Cloth required for each shirt = $(44 \text{ m}) \div 16$	
= 2 m 75 cm.	

Hence, the cloth required for each shirt

= 2 m 75 cm.	$\begin{array}{r} 16 \overline{) 1200 \text{ cm}} \text{ ( 75 cm)} \\ \underline{- 112} \\ 80 \\ \underline{- 80} \\ \times \end{array}$
--------------	--

**EXAMPLE 12.** A car covers 1002 km in 16 hours. At what speed per hour does the car move?

**Solution** Distance covered in 16 hours = 1002 km.

Distance covered in 1 hour = $(1002 \text{ km}) \div 16$	$\begin{array}{r} 16 \overline{) 1002 \text{ km}} \text{ ( 62 km)} \\ \underline{- 96} \\ 42 \\ \underline{- 32} \\ 10 \text{ km} \\ \times 1000 \end{array}$
= 62 km 625 m.	

Hence, the speed of the car is 62 km 625 m per hour.

= 62 km 625 m.	$\begin{array}{r} 16 \overline{) 10000 \text{ m}} \text{ ( 625 m)} \\ \underline{- 96} \\ 40 \\ \underline{- 32} \\ 80 \\ \underline{- 80} \\ \times \end{array}$
----------------	---

Scanned with CamScanner

(Page No 02)

Number System 9

**Solution** We have:  
 Population of Andhra Pradesh = 98306965.  
 Population of Karnataka = 89627598.  
 Population of Kerala = 46308927.  
 Total population of the three states = (98306965 + 89627598 + 46308927)

2	2	1	2	2	1	2		
TC	C	TL	L	T	Th	Th	H	T
	9	8	3	0	6	9	6	5
+	8	9	6	2	7	5	9	8
+	4	6	3	0	8	9	2	7
	2	3	4	2	4	3	4	9
								0

The total population of the three states is 234243490.

**EXAMPLE 1.** The difference between two numbers is 9476583. If the smaller number is 6873547, find the greater number.

**Solution** We have:  
 Difference between the two numbers = 9476583.  
 Smaller number = 6873547.  
 Hence, greater number = (9476583 + 6873547)

1	1	1	1	1	1			
C	TL	L	T	Th	Th	H	T	O
	9	4	7	6	5	8	3	
+	6	8	7	3	5	4	7	
	1	6	3	5	0	1	3	0

Hence, the greater number is 16350130.

**EXAMPLE 4.** The population of a city in the year 2014 was 14693675. In the following year, the population became 18002403. Find the increase in the population.

**Solution** We have:  
 Population in the year 2015 = 18002403.  
 Population in the year 2014 = 14693675.  
 Increase in population = (18002403 - 14693675)

	C	TL	L	T	Th	Th	H	T	O
	1	8	0	0	2	4	0	3	
-	1	4	6	9	3	6	7	5	
		3	3	0	8	7	2	8	

Hence, the increase in population is 3308728.

**EXAMPLE 5.** There was a stock of 17380245 quintals of wheat in a godown of the Food Corporation of India. Out of this stock, 2756744 quintals of wheat was sent to Haryana and 4863108 quintals to Punjab. How much is the balance stock now?

**Solution** We have:  
 Total stock of wheat = 17380245 quintals.  
 Quantity of wheat sent to Haryana = 2756744 quintals.  
 Quantity of wheat sent to Punjab = 4863108 quintals.  
 Total quantity of wheat taken out of the godown = (2756744 + 4863108) quintals = 7619852 quintals.

	1	1		1					
	2	7	5	6	7	4	4

	7	6	1	9	8	5	2		
	1	7	3	8	0	2	4	5	
-	7	6	1	9	8	5	2		
	9	7	6	0	3	9	3		

(Page No 03)

Number System 7

**SOLVED EXAMPLES**

**EXAMPLE 1.** Which is greater: 24576813 or 9897686?  
**Solution** Here, we have to compare 24576813 and 9897686. Clearly, 24576813 consists of 8 digits while 9897686 contains 7 digits. We know that a number with more digits is greater.  
 $\therefore 24576813 > 9897686$ .

**EXAMPLE 2.** Which is greater: 96850374 or 96721895?  
**Solution** Let us arrange the given numbers in a place-value chart, as shown below.

Crores	Ten lakhs	Lakhs	Ten thousands	Thousands	Hundreds	Tens	Ones
9	6	8	5	0	3	7	4
9	6	7	2	1	8	9	5

Clearly, both the numbers have 8 digits. At the crores place both have the same digit, namely, 9. At the ten lakhs place both have the same digit, namely, 6. But, at the lakhs place, the first number has 8 while the second has 7. Clearly,  $8 > 7$ .  
 $\therefore 96850374 > 96721895$ .

**EXAMPLE 3.** Arrange the following numbers in ascending order: 3763214, 18340217, 984671, 3790423, 18431056  
**Solution** Let us arrange the given numbers in a place-value chart, as shown below.

Crores	Ten lakhs	Lakhs	Ten thousands	Thousands	Hundreds	Tens	Ones
	3	7	6	3	2	1	4
1	8	3	4	0	2	1	7
		9	8	4	6	7	1
	3	7	9	0	4	2	3
1	8	4	3	1	0	5	6

Out of the given numbers one is a 6-digit number, two are 7-digit numbers and two are 8-digit numbers. 6-digit number is 984671. In 7-digit numbers we have 3763214 < 3790423. In 8-digit numbers we have 18340217 < 18431056. Hence, the given numbers in ascending order are: 984671 < 3763214 < 3790423 < 18340217 < 18431056.

**EXAMPLE 4.** Arrange the following numbers in descending order: 63872604, 4965328, 63890503, 5023145, 576943  
**Solution** Let us arrange the given numbers in a place-value chart.

Ten crores	Crores	Ten lakhs	Lakhs	Ten thousands	Thousands	Hundreds	Tens	Ones
	6	3	8	7	2	6	0	4
		4	9	6	5	3	2	8
	6	3	8	9	0	5	0	3
		5	0	2	3	1	4	5
			5	7	6	9	4	3

(Page No 04)

Mathematics for Class 6 8

In 8-digit numbers, clearly  $63890503 > 63872604$  (9 T Th > 7 T Th).  
 In 7-digit numbers, clearly  $5023145 > 4965328$  (5 TL > 4 TL).  
 The 6-digit number is 576943, which is clearly the smallest.  
 $\therefore 63890503 > 63872604 > 5023145 > 4965328 > 576943$ .  
 Hence, the given numbers in descending order are:  
 63890503, 63872604, 5023145, 4965328, 576943.

**EXERCISE 1B**

Fill in each of the following boxes with the correct symbol > or <:

- 1003467  987965
- 3572014  10235401
- 3254790  3260152
- 10357690  11243567
- 27596381  7965412
- 47893501  47894021

Arrange the following numbers in descending order:

- 63521047, 7354206, 63514759, 7355014, 102345680
- 5032786, 23794206, 5032790, 23756819, 987876
- 190909, 1808088, 16060666, 16007777, 181888, 1808090
- 199988, 1704382, 200175, 1702497, 201200, 1712040

Arrange the following numbers in ascending order:

- 9873426, 24615019, 990357, 9874012, 24620010
- 56943201, 5694437, 56944000, 5695440, 56943300
- 700087, 8014257, 8015032, 10012458, 8014306
- 1020304, 893245, 980134, 1021403, 893425, 1020216

**WORD PROBLEMS ON NUMBER OPERATIONS**

**ILLUSTRATIVE EXAMPLES**

**EXAMPLE 1.** A businessman earned ₹ 3648970 in the year 2014. Next year, his earning was increased by ₹ 956880. What was his earning in the year 2015?  
**Solution** Earning of the man in the year 2014 = ₹ 3648970  
 Increase in earning during next year = ₹ 956880  
 Man's earning in the year 2015 = ₹ (3648970 + 956880) = ₹ 4605850.

1	1	1	1	1				
TL	L	T	Th	Th	H	T	O	
	3	6	4	8	9	7	0	
+		9	5	6	8	8	0	
	4	6	0	5	8	5	0	

Hence, the man's earning in the year 2015 is ₹ 4605850.

**EXAMPLE 2.** A survey shows that the population of Andhra Pradesh is 98306965, that of Karnataka is 89627598 and that of Kerala is 46308927. What is the total population of these three states?

(Page No 05)

Number System 7

**SOLVED EXAMPLES**

**EXAMPLE 1.** Which is greater: 24576813 or 9897686?  
**Solution** Here, we have to compare 24576813 and 9897686. Clearly, 24576813 consists of 8 digits while 9897686 contains 7 digits. We know that a number with more digits is greater.  
 $\therefore 24576813 > 9897686$ .

**EXAMPLE 2.** Which is greater: 96850374 or 96721895?  
**Solution** Let us arrange the given numbers in a place-value chart, as shown below.

Crores	Ten lakhs	Lakhs	Ten thousands	Thousands	Hundreds	Tens	Ones
9	6	8	5	0	3	7	4
9	6	7	2	1	8	9	5

Clearly, both the numbers have 8 digits. At the crores place both have the same digit, namely, 9. At the ten lakhs place both have the same digit, namely, 6. But, at the lakhs place, the first number has 8 while the second has 7. Clearly,  $8 > 7$ .  
 $\therefore 96850374 > 96721895$ .

**EXAMPLE 3.** Arrange the following numbers in ascending order: 3763214, 18340217, 984671, 3790423, 18431056  
**Solution** Let us arrange the given numbers in a place-value chart, as shown below.

Crores	Ten lakhs	Lakhs	Ten thousands	Thousands	Hundreds	Tens	Ones
	3	7	6	3	2	1	4
1	8	3	4	0	2	1	7
		9	8	4	6	7	1
	3	7	9	0	4	2	3
1	8	4	3	1	0	5	6

Out of the given numbers one is a 6-digit number, two are 7-digit numbers and two are 8-digit numbers. 6-digit number is 984671. In 7-digit numbers we have 3763214 < 3790423. In 8-digit numbers we have 18340217 < 18431056. Hence, the given numbers in ascending order are: 984671 < 3763214 < 3790423 < 18340217 < 18431056.

**EXAMPLE 4.** Arrange the following numbers in descending order: 63872604, 4965328, 63890503, 5023145, 576943  
**Solution** Let us arrange the given numbers in a place-value chart.

Ten crores	Crores	Ten lakhs	Lakhs	Ten thousands	Thousands	Hundreds	Tens	Ones
	6	3	8	7	2	6	0	4
		4	9	6	5	3	2	8
	6	3	8	9	0	5	0	3
		5	0	2	3	1	4	5
			5	7	6	9	4	3

(Page No 06)

4. Write the corresponding numeral for each of the following:
- $6 \times 10000 + 2 \times 1000 + 5 \times 100 + 8 \times 10 + 4 \times 1$
  - $5 \times 100000 + 8 \times 10000 + 1 \times 1000 + 6 \times 100 + 2 \times 10 + 3 \times 1$
  - $2 \times 10000000 + 5 \times 100000 + 7 \times 1000 + 9 \times 100 + 5 \times 1$
  - $3 \times 1000000 + 4 \times 100000 + 6 \times 1000 + 5 \times 100 + 7 \times 1$
5. Find the difference between the place values of the two nines in 79520986.
6. Find the difference between the place value and the face value of 7 in 27650934.
7. How many 6-digit numbers are there in all?
8. How many 7-digit numbers are there in all?
9. How many thousands make a lakh?
10. How many thousands make a crore?
11. Find the difference between the number 738 and that obtained on reversing its digits.
12. What comes just after 9547999?
13. What comes just before 9900000?
14. What comes just before 10000000?
15. Write all 3-digit numbers using 2, 3, 4, taking each digit only once.
16. Write the smallest number of different digits formed by using the digits 3, 1, 0, 5 and 7.
17. Write the largest number of different digits formed by using the digits 2, 4, 0, 3, 6 and 9.
18. Rewrite each of the following numerals with proper commas, using the international place-value chart. Also, write the number name of each in the international system.
- |               |              |                |
|---------------|--------------|----------------|
| (i) 735821    | (ii) 6057894 | (iii) 56943821 |
| (iv) 37502093 | (v) 89350064 | (vi) 90703006  |
19. Write each of the following in figures in the international place-value chart:
- Thirty million one hundred five thousand sixty-three
  - Fifty-two million two hundred five thousand six
  - Five million five thousand five

#### Chapter No :01 When, Where and How

**Q.(A) Answer the following question in detail.**

- Why do we study the past? Who studies the past?
- What do you know about the dates that we use in history. Explain with help of a time line.
- How do scholars study the past?
- What are archaeological sources? How do they help us in studying the past?
- How does the geographical location of a place influence its history?

### English

#### Chapter No :01 Sources of Food

**Q.(A) Answer the following question in detail.**

- Write the name of some decomposers.
  - Which roots and stems we eat as food?
  - Name the animals that give us milk, meat and eggs.
  - How the animals are grouped on the basis of food they eat.
  - Write the ingredients of following food dishes.
- (a) Rajma      (b) Rice      (c) Mixed vegetable      (d) Egg Curry      (d) Palak - paneer.

## Homework for COVID-19 Holidays (Assignment 3rd)

### Class-7th

#### English

##### *Chapter No 01 : After Twenty Years*

**Q.(A) Answer these questions in 30-40 words each.**

- (1) Describe the policeman on the beat.
- (2) Why did the man speak up quickly when the policeman approached him ?
- (3) Describe the watch that 'Silky' Bob was wearing. What does this tell us about him ?

**Q.(B) Answer these questions in 80-100 words each.**

- (1) Why do you think Jimmy Wells continued to talk to 'Silky' Bob ?

#### Science

##### *Chapter No 01 : Nutrition in Plants.*

**Q.(A) Answer in brief.**

- (1) Which plants are insectivorous ?
- (2) Write the equation of photosynthesis.

**Q.(B) Answer in detail.**

- (1) Explain the process of photosynthesis and conditions required for it.
- (2) Describe the different types of heterotrophic plants.
- (3) How the pitcher plants catches insects ?
- (4) What are lichens ? Why they are called natural indicators of air pollution ?
- (5) How the parasitic plants are different from saprophytes ?

#### Math

##### *Chapter No 01 : Integers*

Q.(A) Solve the example of exercise 1(B) and solve the question No 09 to 16 of Exercise 1(A).

#### S.St (Footprint)

##### *Chapter No 01: When, Where and How*

Q.(A) Answer the following questions in brief.

- (1) What are the court chronicles ? Give examples.
- (2) What were the major historical developments during the medieval period ?

Q.(B) Answer the following questions in detail.

- (1) In What ways has the meaning of the term 'Hindustan' changes over the centuries ?
- (2) How are the sources of medieval Indian history classified ? Write in detail.
- (3) Write a note on literary sources of the medieval period.
- (4) Explain any three political development the took place in India during the medieval period.

### Class-8th

#### Science

##### *Chapter No : Crop Production and Management*

#### **Q.(A) Answer in detail**

- (1) Explain the term crop and classify it into different categories.
- (2) What is ploughing and its benefits ?
- (3) List out any four differences between manure and fertilizer.
- (4) Write a short on traditional and modern system of irrigation.
- (5) Answer the followings :
  - (1) What is weeding ?
  - (2) Which weeds grow with crops
  - (3) How the weeds removed from the field
- (6) Collect the pictures of different agricultural implements. Paste them on a scrap book. Write their brief applications below each of them.
- (7) Collect seeds of different kinds, lables them and make a seeds herbarium.
- (8) Draw nitrogen cycle on a chart paper.

#### SSt (Footprints)

##### *Chapter No 02 : From Trade to Territory*

#### **Answer the following questions in detail**

- (1) Describe the struggle between the British and the French for gaining supremacy in India.
- (2) Which factors helped the British conquer Bengal ?
- (3) How did the Subsidiary Alliance help the British but hinder the Indian rulers ?
- (4) What was the Doctrine of Lapse ? Explain its impact.
- (5) Give the main features of the civil administration and judicial system developed by the British for their Indian territories.

#### English

##### *Chapter No 03 : Little Nino and My Secret Beard*

#### **Q.(A) Answer the following questions.**

- (1) List Nino's methods to save water.
- (2) How do you think DJ felt when Nino described his essay to him ? Justify your answer.
- (3) Water scarcity is a problem which many people are not aware of. What do you think accoutns for this ignorance ?

#### **Values and Life skills**

The Earth has limited amounts of natural resources which are fast disappearing due to the increasing demands of humans. In groups. discuss :

- (1) How is modern living affecting the Earth's resources ?
- (2) What step can you take to lessen the demands on our natural resources ?

#### Math

Solve the exercise 1(B) and Solve the example of exercise 1(C)

Note : Do 7 pages of handwriting practice of both languages Hindi and English.

#### English (Beehive)

##### Chapter No 01 : The fun they had

Q.(A) Answer the following with reference to the story.

(1) "I wouldn't throw it away."

(i) Who says these words ?

(ii) What does 'it' refer to ?

(iii) What is it being compared with by the speaker ?

(2) "Sure they had a teacher. but it wasn't a regular teacher. It was a man."

(i) Who does 'they' refer to ?

(ii) What does 'regular' mean here ?

(iii) What is it contrasted with ?

(3) Answer the each of these questions in a short paragraph (about 30 words).

(1) What kind of teachers did Margie and Tommy have ?

(2) Why did Margie's mother send for the Country Inspector ?

(3) What did he do ?

(4) Why was Margie doing in geography ? What did the Country Inspector do to help her ?

(5) What had once happened to Tommy's teacher ?

#### Math

Solve the example no 09 and 10 and exercise 1.3.

#### Science

##### Chapter No : 01 Matter in our Surrounding

Q.(1) What is the physical state of water at -

(a) 25°C                      (b) 0°C                      (c) 100°C

Q.(2) Give two reasons to justify -

(a) Water at room temperature is a liquid.

(b) an iron almirah is a solid at room temperature.

Q.(3) Why is ice at 273 K more effective in cooling than water at the same temperature ?

Q.(4) What produces more severe burns, boiling water or steam ?

Q.(5) Write a short note on the "Effect of change of pressure"

Q.(6) Write a short note on "Evaporation".

#### S.St

#### Contemporary India

Chapter No 01 : India - Size and Location

Q.(1) Answer the following questions briefly.

(i) Name the group of islands lying in the Arabian Sea.

(ii) Name the countries which are larger than India.

(iii) Which island groups of India lie to its south-east ?

(iv) Which islands countries are our southern neighbours ?

Q.(2) The sun rises two hours earlier in Arunachal Pradesh as compared to Gujarat in the west but the watches show the same time. How does this happen ?

Q.(3) The central location of India at the head of the Indian Ocean is considered of great significance. Why ?

### Class-10th

#### Science

##### Chapter No : 01 Chemical reaction and equation

Q.(1) Write the balanced chemical equation for the following and identify the type of reaction in each case.

(a) Potassium bromide(aq) + Barium iodide(aq) - Potassium iodide(aq) + Barium bromide (s)

(b) Zinc carbonate(s) - Zinc oxide(s) + Carbon dioxide(g)

(c) Hydrogen(g)+Chlorine(g) - Hydrogen chloride(g)

(d) Magnesium(s) + Hydrochloric acid(aq) - Magnesium Chloride(aq) + Hydrogen(g)

Q.(2) What does one mean by exothermic and endothermic reactions ? Give examples.

Q.(3) Why is respiration considered an exothermic reaction ? Explain.

Q.(4) Why are decomposition reactions called opposite of combination reactions ? Write equations for these reactions.

##### Chapter No 01 : The Rise of Nationalism in Europe

Q.(A) Write in brief

(1) Briefly trace the process of German unification.

(2) What changes did Napoleon introduce to make the administrative system more efficient in the territories ruled by him ?

Q.(B) Discuss

(1) Explain what is meant by the 1848 revolution of the liberals. What were the political, social and economic ideas supported by the liberals ?

(2) Choose three examples to show the contribution of culture to the growth of nationalism. in Europe.

(3) Through a focus on any two countries, explain how nations developed over the nineteenth century.

(4) How was the history of nationalism in Britain unlike the rest of Europe ?

(5) Why did nationalist tensions emerge in the Balkans ?

#### English

#### First Flight

##### Chapter No : 01 A Letter to God

Thinking about the text

(1) Who does try to find out who had sent the money ? What is the irony in the situation ?

(2) Are there people like Lencho in the real world ? What kind of a person would you say he is ?

(3) There are two kinds of conflict in the story: between humans and nature and between humans themselves. How are these conflicts illustrated ?

English Grammar

(1) Make ten sentences on direct to indirect speech.

(2) Make ten sentences for modal auxiliary.

(3) Make ten sentences on Active voice to Passive Voice

#### Math

Solve the exercise 2.3 and 2.4 with examples.

# SKYWINGS INTERNATIONAL SCHOOL

## Homework for COVID-19 Holidays (Assignment 3rd)

Class-12th

### Physics

#### Chapter No : 01 : Electric Charges and Fields

- 1.5 When a glass rod is rubbed with a silk cloth, charges appear on both. A similar phenomenon is observed with many other pairs of bodies. Explain how this observation is consistent with the law of conservation of charge.
- 1.6 Four point charges  $q_A = 2 \mu\text{C}$ ,  $q_B = -5 \mu\text{C}$ ,  $q_C = 2 \mu\text{C}$ , and  $q_D = -5 \mu\text{C}$  are located at the corners of a square ABCD of side 10 cm. What is the force on a charge of  $1 \mu\text{C}$  placed at the centre of the square?
- 1.7 (a) An electrostatic field line is a continuous curve. That is, a field line cannot have sudden breaks. Why not?  
(b) Explain why two field lines never cross each other at any point?
- 1.8 Two point charges  $q_A = 3 \mu\text{C}$  and  $q_B = -3 \mu\text{C}$  are located 20 cm apart in vacuum.  
(a) What is the electric field at the midpoint O of the line AB joining the two charges?  
(b) If a negative test charge of magnitude  $1.5 \times 10^{-9} \text{ C}$  is placed at this point, what is the force experienced by the test charge?
- 1.9 A system has two charges  $q_A = 2.5 \times 10^{-7} \text{ C}$  and  $q_B = -2.5 \times 10^{-7} \text{ C}$  located at points A: (0, 0, -15 cm) and B: (0, 0, +15 cm), respectively. What are the total charge and electric dipole moment of the system?
- 1.10 An electric dipole with dipole moment  $4 \times 10^{-30} \text{ C m}$  is aligned at  $30^\circ$  with the direction of a uniform electric field of magnitude  $5 \times 10^4 \text{ NC}^{-1}$ . Calculate the magnitude of the torque acting on the dipole.

### Chemistry

#### Chapter No : 01 : The Solid State

- (1) What is meant by the term 'coordination number'?
- (2) (ii) What is the coordination number of atoms : ?  
(a) in a cubic close-packed structure? (b) in a body-centred cubic structure?
- (3) How can you determine the atomic mass of an unknown metal if you know its density and the dimension of its unit cell? Explain.
- (4) 'Stability of a crystal is reflected in the magnitude of its melting points'. Comment. Collect melting points of solid water, ethyl alcohol, diethyl ether and methane from a data book. What can you say about the intermolecular forces between these molecules?
- (5) How will you distinguish between the following pairs of terms:  
(i) Hexagonal close-packing and cubic close-packing?  
(ii) Crystal lattice and unit cell?  
(iii) Tetrahedral void and octahedral void?

### Math

Q.(A) Misleading exercise of chapter "Inverse of trigonometry function with example."

### Biology

(4)

Page No. \_\_\_\_\_  
Date \_\_\_\_\_

offspring in plants. such as

1. Eyes  $\rightarrow$  potato
2. Rhizome  $\rightarrow$  ginger
3. Bulbil  $\rightarrow$  Agave
4. Leaf buds  $\rightarrow$  Bryophyllum
5. Offset  $\rightarrow$  water hyacinth

$\rightarrow$  FRAGMENTATION:- the body breaks into distinct fragments, each grows into an adult as in Hydra.

$\rightarrow$  'Texas of Bengal'  $\rightarrow$  water hyacinth. Invasive weed that grows in standing water. Drains oxygen from water, leads to death of aquatic life.

Q. State advantages of Asexual reproduction.

Ans: 1. energy requirements for reproduction are minimal.  
2. Allows for species survival.  
3. positive genetic influences passed to next generation.  
4. eliminates need for seeds.

5. Rapid maturity
6. Crop losses can be balanced.
7. Only one organism is required to establish a colony.

Types of Reproduction

$\Rightarrow$  Asexual reproduction:- when offsprings are produced by a single parent with or without the involvement of gamete formation.  
Example:- Budding in yeast, Binary fission in Amoeba.

$\Rightarrow$  Sexual reproduction:- when two parents participate in reproductive process and also involve fusion of male and female gametes.  
Example:- reproduction in plants and human being.
