## WORLD ENVIRONMENT DAY

“There is enough on Earth for everybody’s need, but not enough for every body’s greed.” - **Mahatma Gandhi**

**Dear Parents and Students,**

On 5<sup>th</sup> June world celebrates Environment Day. It is Mother Nature who always spread her arms to fulfill our needs. She has not shown any regret towards whatever menace we are creating in our ecosystem.

As a human, we have power to take care of our nature. We always try to do more things to protect our environment but this much is not sufficient. We all are celebrating this occasion and at present moment this is the time not only to celebrate but to perform our role towards protecting nature more responsibly.

Dear students, your generation are a generation which has seen and may see many environmental tragedies in your upcoming life, so our society, our nation and even our whole earth needs human like you who can really work in conservation of our mother nature.

So come along our purpose to give our society a message that the youth of present era is very conscious about environmental health and together, we can make this environment clean and green.

Enjoy these activities planned for you and spread the awareness to the society.

Regards

June 5<sup>th</sup>

# CLASSES – I to III

**Let's do an activity!**

Dear Children,

On 5<sup>th</sup> June every year we celebrate World Environment Day. It gives us a reminder that we should plant more trees and create less pollution. So, to celebrate it in our way in this corona virus situation we will do an activity. We shall do drawing and coloring.

Dear Children,

You can draw and colour any picture you feel like. It should be related to the theme “World Environment Day”

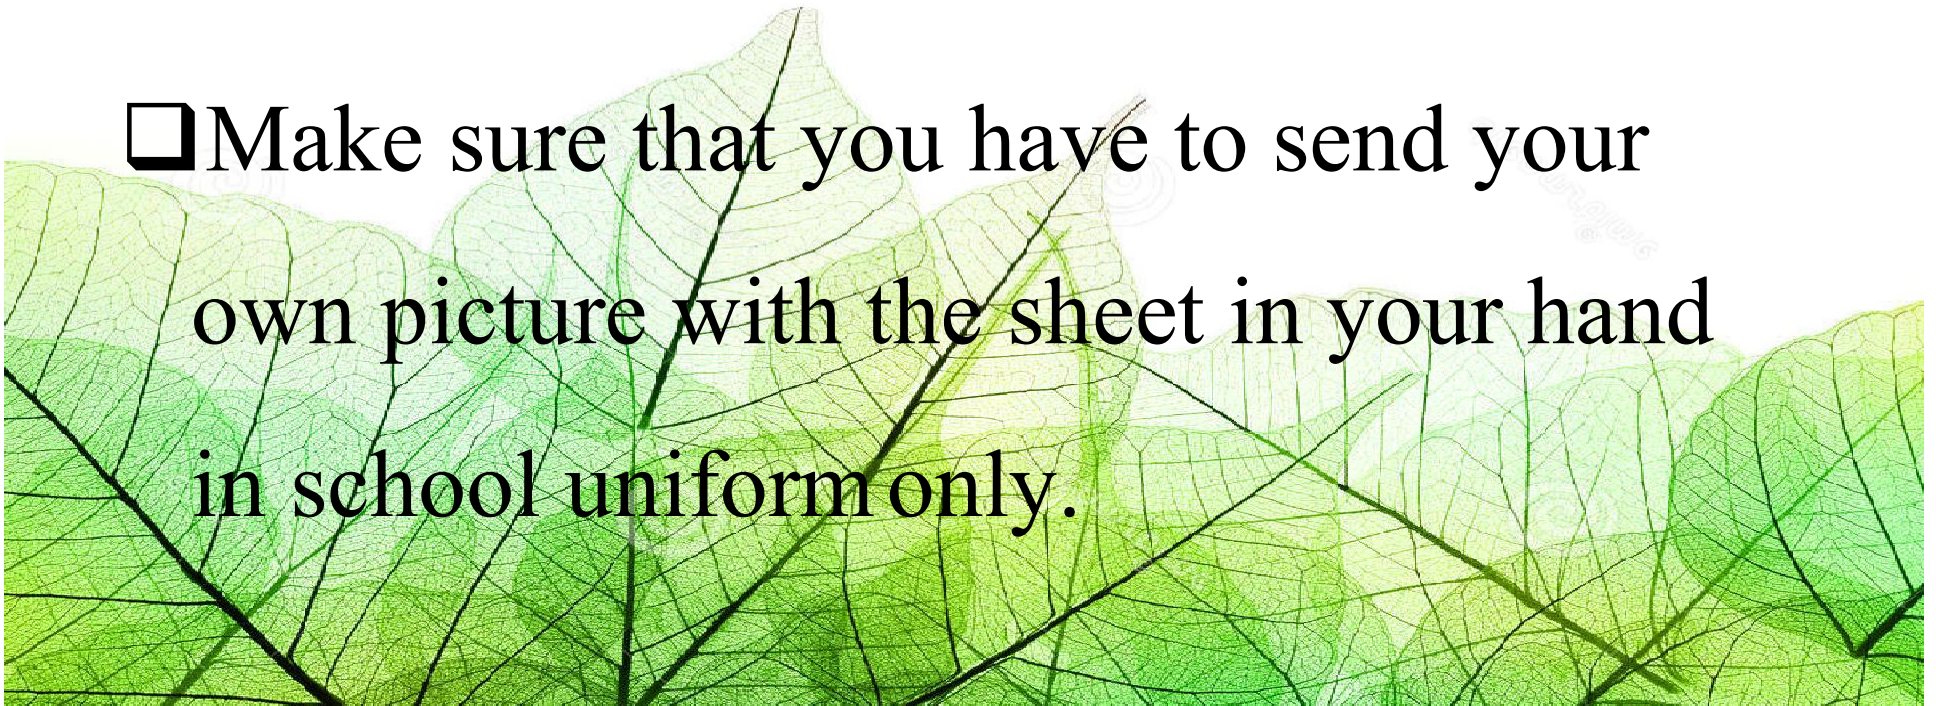

Dear students please note the following instructions:

You must draw and color on A4 sheet only and be creative.

Make sure that you have to send your own picture with the sheet in your hand in school uniform only.

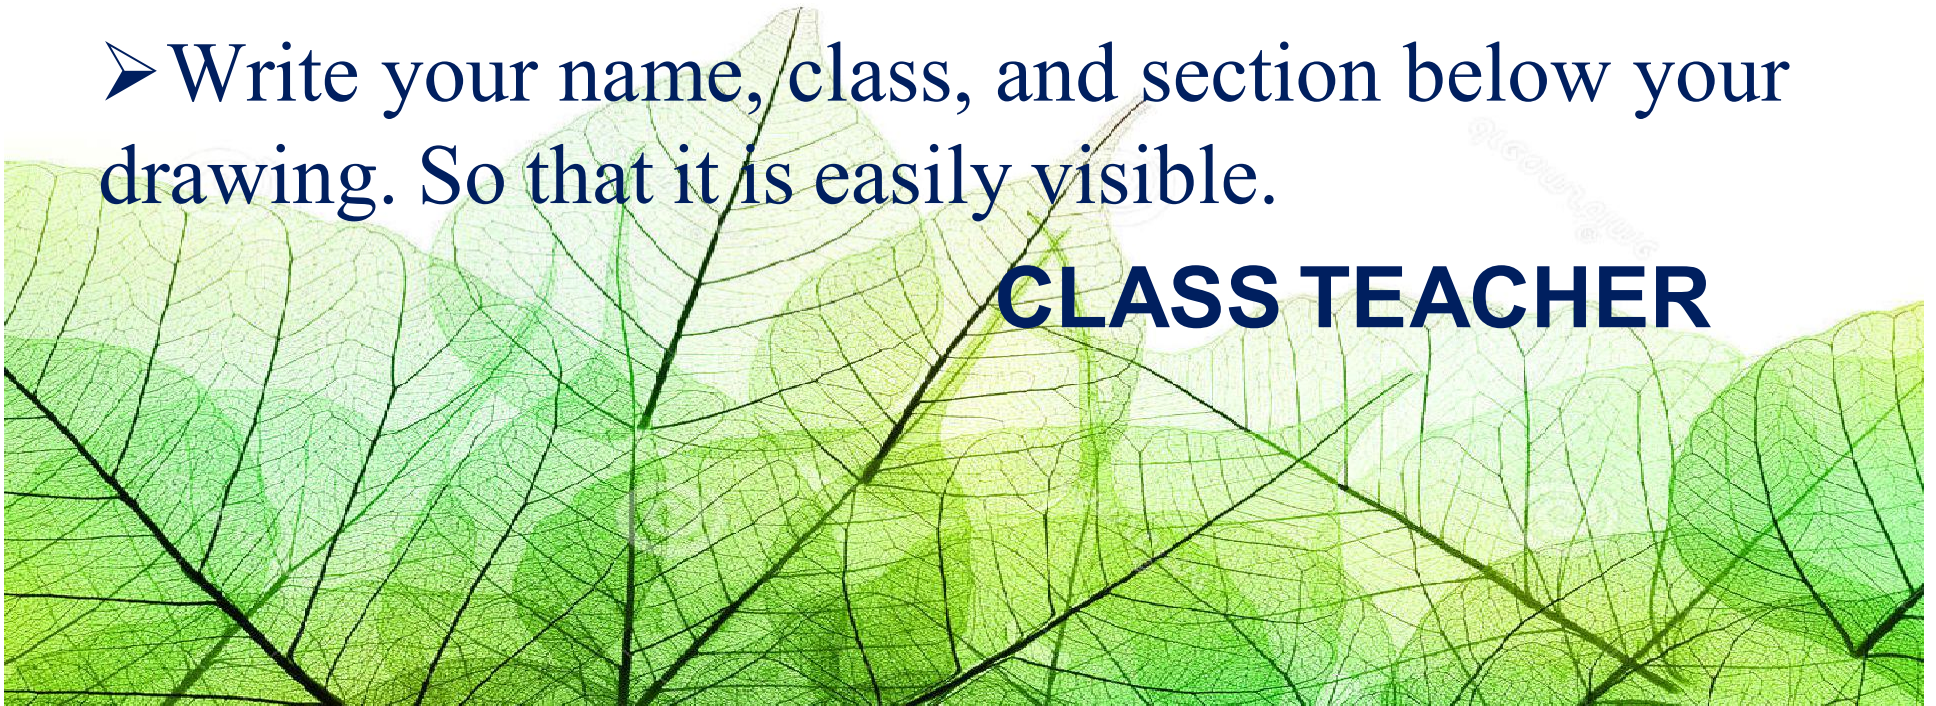

Some guidelines to follow-

- Do drawing and coloring with the material available with you.
- Don't rush to the market.
- Do it on a A4 sheet.
- Write the name of your school at the top.
- Write your name, class, and section below your drawing. So that it is easily visible.

## **WORLD ENVIRONMENT DAY- 5 JUNE**

### **ACTIVITY - GRADE 10**

**Corona virus** – the pandemic is everywhere now. Recent lockdown has compelled humans to stay home and save lives. While we are panicking about **COVID- 19**, mother earth is healing. The pandemic is no doubt deleterious, but it has left humans with a thought that if lockdown of 2- 3 months can bring about surprisingly cleaner environment then why not we accelerate such a **climate- friendly trend** that would make earth a **real human home**.

Prepare a power point presentation on the topic “**WE ARE THE ENVIRONMENT. WHEN WE HEAL THE EARTH, WE HEAL OURSELVES.**”

#### ***Guidelines for activity on world environment day***

Your PPT'S must have the following point:

- How environment became cleaner due to corona virus.
- Do we need a pandemic to clean our environment?
- How aware we were before this pandemic about our environment?
- What must be our strategies about environment maintenance?
- Charity begins from home- its every individual's duty to keep our environment viable to live. What according to you is your duty towards environment?

- What do you plan to do for environment on 5 June?
- Is a single day enough to ponder on our duties towards mother earth?

***NOTE: While preparing your activity keep following points in mind***

- Each student will prepare PPT'S with at least 10 slides.
- Use of animation and audio- video aids will be appreciated.
- Three slides can be used to represent each topic mentioned above.
- Content should have quality and positive language.
- Submission of your activity is to be done before 2 p.m. on 5 June, 2020
- You can submit your PPT'S on the email id- [swisdoc912@gmail.com](mailto:swisdoc912@gmail.com)
- Mention your Name, class, section and event name in the subject of mail.

# **WORLD ENVIRONMENT DAY**

## **ACTIVITY – GRADE XI AND XII**

### **Dear Students,**

Today world is facing a problem of Corona pandemic. Debate is still on about the reason of such types of episodes.

Who is to blame Nature or Human?

Things are becoming adverse and more horrible due to gradual changes in our environment.

Time has come that we all should take a joint step in conservation of our environment. Let's begin with small step in right direction.

Write an article about any one environmental issue on this occasion of World Environment Day.

Let's not only celebrate but spread the awareness among the people.
