Dear Children,

Summer Vacations are synonymous with fun, frolic, getting up late in the morning, playing for longer hours with friends, going for picnics, exploring new places and watching fun filled shows on television. But dear children, there is a lot more you can do to make your vacations more interesting, meaningful and full of fun: along with doing all your heart desires. Here is a "summer vacation Activity Calendar" just for you. It will surely mould you for a better and successful forthcoming year. So get ready for your creative & interesting holidays.

Few guidelines for the holiday homework:-

- ❖ Submit your holiday homework on the first day of the school after vacation.
- ❖ Parents will only help the child to complete the work.
- ❖ Every day parent must read daily HW schedule in front of the child so that the child must also be aware about his/her work.
- ❖ Kindly follow the calendar honestly for the benefit of your child.
- ❖ During these holidays please involve your child along with you in some light household activities.
- ❖ No matter holidays are going on, continue the habit of getting up early in the morning & start up the day with some physical exercise.

Note- Summer vacation will start from 27th May, and school will reopen on 28th June with usual summer timings.
